The Meditation CD

The Definitive Guide to Powerfully Generating Your Abundant Life provides you with incredible direction for increasing your ability to manifest in all areas of abundant living. As you practice your guided meditation every day, you will refresh and renew your spiritual and physical body with the vibrations of joy and an internal purification.

Once your being is set at clarity and ease, you create the mock-ups that will produce vitality, love, financial freedom and all manner of abundance. Everything that lives in the realm of possibility for you is a potential mock-up and manifestation. Speaking out your intentions (mock-ups) with this approach rapidly moves your objectives to reality.

This course provides you with multiple meditations to use once you have mastered the basics. Take your time and when you feel like you have it feel free to shift to one of the bonus meditations.

How to Create and Speak Your Mock-ups

When creating your mock-up, you **speak about your intentions as if they already exist**. It is vital to learn this method of speaking. Leave out descriptive negatives. Your mock-ups should be clear and complete.

Stay away from forming mock-ups for others. The only exception will be when you mock-up a particular type of person you would like to work with or love. Skip the mock-ups that your family members or friends would make for themselves. This is your time to shine.

Important note: If you are doing mock-ups for others you may unconsciously create spiritual entanglements or karma.
