## **Joyous Mysteries**

Leader: **let us begin...**( looking at the cross you may choose to kiss the cross or cross yourself) Holding the cross in your hand, Make the sign of the cross by using the fingers of your right hand and touching your forehead saying together;

**In the name of the Father/Mother...** (then touching your chest and say) ...and of the Son...(then the left shoulder)... and of the Holy.... (right shoulder) ... Spirit Amen.

**Love Wisdom Creed** *(Said together on the cross of the risen Lord)*

*There is one infinite God/ Goddess vibration of love that creates everything seen and unseen. This all prevailing presence is light, love, miraculous creation, and the sacred expression of inclusion. Divine love embraces all humanity, regardless of religious preference or any other human selective difference. Heaven is here on earth.*

*I am free to live a life of spiritual freedom and full self expression liberated in love, gratitude and mastery in this body here and now. My spirit is limitless. I am responsible for any limits I experience in this body and have complete access to the divine through*

*prayer and contemplation to release myself from any human bonds I have worn as spiritual clothing that no longer resonate with my essence.*

*I enjoy direct mystical access and divine union while practicing spiritual rites. These sacred rites belong to all humanity. In the Christian tradition they are known as Baptism, Rebirth, the Communion of Saints, the Sacrament of Communion and the Mystical Bridal Chamber. I follow the sacred path towards Spiritual Awakening, Enlightenment, Transmutation and Ascension in this life.*

*I experience the presence of the Christed one known to me as Jesus the Christ. Jesus Christ was Avatar, Teacher, Guide and friend. I revere blessed Mother Mary, who is compassion, love, forgiveness and healing. I trust in the existence of Holy Spirit who is essence living in me as life force.*

*I trust in the reality of the Holy Ones, the Divine Male and Female Deities who have sprung forth from all the great and lesser known spiritual paths to teach and guide us on the path of Love Wisdom.*

*I am ageless and timeless. My life continues in or out of this human temple I call my body. Whatever I have done willingly or unknowingly to myself or others that does not*

*resonate with pure truth, can be washed from me through the power of forgiveness and the unending limitless power of LOVE.*

**We join together in saying The Lord's Prayer** (said on the first bead)

Oh Magnificent Source of everything, breath of life, you who are the realm of sound and light, may I experience your glorious nature in my essence. The veil between heaven and earth becomes transparent in this realm. In my great gratitude and love I ask that your divine will become the guiding truth of this wondrous human domain.

I am profoundly grateful for your guidance, moving my thoughts and actions towards embodied wisdom and understanding. I celebrate your generous assistance in manifesting my daily needs. Detach the fetters of faults that bind me karmically and support me in discovering the deeper blessings of challenge and discordance. Point my focused direction to contribution and depth, free from those actions that take me away from my highest expression of self.

You are the source of pure truth, power, grace and beauty. You are constant throughout the ages of humankind. Sealed in trust, faith and truth. Amen

**Three Hail Mary's** (*said on the set of 3 beads as we invoke the Light Love and Spiritual Power of our unfolding essence*)

**Hail Mary, Mother of Humanity, all Deities Love Thee, Blessed are you throughout creation and blessed are your children on earth.**

*Holy Mary, Mother of the Highest One, Nourish us with wisdom and inspire us through our experience in and out of body. Amen*

**One Glory Be** (*said on the wire before large single bead*)

**Glory be to the Father/Mother and to the Son and to the Holy Spirit.**

*As it was in the beginning, is now and ever shall be, world without end. Amen.*

**Oh Lord Jesus help us to forgive our own errors and assist us in our divine quest.**

*Lead all beings to Love, Light and Empowerment, especially those most in need of your compassion. Amen.*

**The First Joyous Mystery is the Annunciation.** *(said by the leader on large single bead)*

***The Angel Gabriel comes to Mary and greets her, “Hail Mary, full of grace the Lord is with thee! Blessed art thou among women.”***

**The Annunciation, declares that Mary is blessed and filled with grace. Sometimes an angel appears in our life at just the perfect moment to remind us of our divine existence.**

**We join together in saying of the Great Invocation:**

*From the point of Light within the Mind of the Divine  
Let Light stream forth into the minds of all sentient beings  
Let Light complete the earth.*

*From the point of Love within the Heart of the Divine  
Let Love stream forth into the hearts of all sentient beings  
May absolute Christ love be realized on earth.*

*From the center where the Will of the Divine is known  
Let Divine insight guide the resolve of all sentient beings  
The source wisdom the Masters know and serve.*

*From the center which we call the race of humanity  
Let the Divine realm of higher consciousness be embodied and fulfilled  
Let Love, Light and Power restore human kind to Grace.*

**Ten Hail Mary's as we contemplate the concept of validation. Do we need someone outside ourselves to validate our blessedness and our grace filled life, or are we aware and in a state of gratitude for the beautiful life we live? As we align our cells with the joyous experience of the annunciation, feel the ecstasy and jubilation of freedom and fulfillment.**

*(said on the set of 10 beads)*

**Hail Mary, Mother of Humanity, all Deities Love Thee, Blessed are you throughout creation and blessed are your children on earth.**

**Glory be to the Father/Mother and to the Son and to the Holy Spirit.**

*As it was in the beginning, is now and ever shall be, world without end. Amen.*

**The Third Joyous Mystery is the Nativity.** (*said on large bead*)

**The appearance of impoverished conditions for the location of the holy birth metaphorically refers to the concept of spiritual privacy or poverty. Spiritual privacy is the falling away of the outer supports to reveal the nature and connection of the soul with its own Divinity. Consciousness expands as we comprehend in the solitude of our own introspection that regardless of how things may seem to appear on the outside we need never experience poverty if our insides are aligned with the joy and oneness of the universe. Having and partaking in the glories and abundant nature of the physical world are wonderful and right. In those wonderful moments of challenge**

**when we are standing raw and exposed we can continue to live in our bliss and celebrate the very joy of being in our Divine Self.**

**We join together in saying of the Great Invocation;**

*From the point of Light within the Mind of the Divine  
Let Light stream forth into the minds of all sentient beings  
Let Light complete the earth.*

*From the point of Love within the Heart of the Divine

May absolute Christ love be realized on earth.*

*From the center where the Will of the Divine is known  
Let Divine insight guide the resolve of all sentient beings  
The source wisdom the Masters know and serve.*

*From the center which we call the race of humanity  
let the Divine realm of higher consciousness be embodied and fulfilled.  
Let Love, Light and Power restore human kind to Grace.*

**Ten Hail Mary's as we reflect on the importance of the thoughts we dwell on. Our understanding grows as we see the evidence of our consistent thoughts becoming reality. As our awareness broadens we are careful to use our thoughts, words and emotional energy as a blessing on our environment.**

**Dedication or Baptism is the outer affirmation for a life of Divine guidance representing our souls desire to live well the life in front of us.**

**We are born with a plan in place to allow us to move forward in our soul growth. Are you dedicated to your soul's progressive growth or is it a perfect moment to rededicate yourself to this unfolding journey. Conscious intention is always the most effective way to move forward in this venture.**

Let Light complete the earth.*

**Ten Hail Mary's as we reflect on our soul purpose, and the reasons we entered into this world of form. What did we come to do? Are we in movement or in the quiet resting place on our path towards awakening? Are there steps we could be taking at this time we have let slide? Have we aligned ourselves with the highest expression of truth?**

*(said on the set of 10 beads )*

**Hail Mary, Mother of Humanity, all Deities Love Thee, Blessed are you throughout creation and blessed are your children on earth.**

*Lead all beings to Love, Light and Empowerment, especially those most in need of your compassion. Amen.*

**The First Challenging Mystery Is the Agony in the Garden.** *(said on large single bead)*

In this scene of solitary prayer in the garden of Gethsemane we observe sleepy disciples who cannot seem to stay awake and hold the space to support the Master. Jesus is in prayer facing his immediate future and at moments slips into negotiating with Father/Mother God for some other alternative choice. It reminds us of a higher unknown plan. This plan may appear beyond our human conscious understanding. Our wondrous opportunity is to embrace what we have been gifted and what we have set up for ourselves joyfully. We can take comfort in the idea that even the Holy Ones had moments where they were in question of the plan, and know whole heartedly that no matter how things may seem to appear, they are still working perfectly. Nothing happens without cause, there are no mistakes. There is purpose and blessing in everything. As we are lifted out of the human persona and view of the mundane existence we are gifted a foundation of Love–Wisdom and God purpose in our lives.

**We join together in saying of the Great Invocation:**

*From the point of Light within the Mind of the Divine  
Let Light stream forth into the minds of all sentient beings  
Let Light complete the earth.*

*From the point of Love within the Heart of the Divine  
Let Love stream forth into the hearts of all sentient beings

*From the center where the Will of the Divine is known

The source wisdom the Masters know and serve.*

*From the center which we call the race of humanity  
Let the Divine realm of higher consciousness be embodied and fulfilled  
Let Love, Light and Power restore human kind to Grace.*

**Ten Hail Mary's as we reflect on the Love-Wisdom that sustains us and the unending  
energy of spirit to propel us with great momentum through our moments of despair,**

**towards restoration. Comfort and trust replaces fear as we surrender our uplifted hearts to a higher plan.**

*(said on the set of 10 beads )*

**Hail Mary, Mother of humanity, all Deities Love Thee, Blessed are you throughout creation and blessed are your children on earth.**

*Holy Mary, Mother of the Highest One, Nourish us with wisdom and inspire us through our experience in and out of body. Amen.*

**One Glory Be** *(said on the wire before single bead)*

**Glory be to the Father/Mother and to the Son and to the Holy Spirit.**

*As it was in the beginning, is now and ever shall be, world without end. Amen.*

**The Second Challenging Mystery Is Master Jesus visibly dishonored in the Temple** *(said on large single bead)*

**This event reminds us of the pain and suffering of the human condition. Perhaps the Story would have played out very differently in this new era of light and love. Our day is so different then 2000 years ago and the populace of Jesus time needed the inspiration of a selfless Martyr to move them on the path of dedication and devotion. Jesus surrendered to the moment and served his era and followers whole heartedly. What was inspiring then from our new perspective may appear puzzling. Against the new back drop of empowerment, accountability, easy access to the divine source we've come a long way.**

**In every age a devotee following the path of Love and Light will meet with moments of challenge. As we awaken to our spiritual nature we begin to release old harmful patterns and programs. We take our place as wise elders, building our nature and identity with our highest spiritual expression. In this spiritual nature we partake in divine grace. Our expression becomes one with Love-Wisdom and our actions and our interpretations reflect cherishing, honor, love and respect for all.**

**We join together in saying of the Great Invocation;**

*From the point of Light within the Mind of the Divine  
Let Light stream forth into the minds of all sentient beings  
Let Light complete the earth.*

*From the point of Love within the Heart of the Divine  
Let Love stream forth into the hearts of all sentient beings  
May absolute Christ love be realized on earth.*

*From the center where the Will of the Divine is known  
Let Divine insight guide the resolve of all sentient beings  
The source wisdom the Masters know and serve.*

*From the center which we call the race of humanity  
Let the Divine realm of higher consciousness be embodied and fulfilled  
Let Love, Light and Power restore human kind to Grace.*

**Ten Hail Mary's as we contemplate on the wise elder wisdom needed to see beyond the illusions of an imperfect situation. We release our attachments, addictions and willingness to blame others. Through detachment, neutrality and compassion we emerge from the fog of muddled instability into the light of a higher perspective.**

**Hail Mary, Mother of Humanity, all Deities Love Thee, Blessed are you throughout creation and blessed are your children on earth.**

*Holy Mary, Mother of the Highest One, Nourish us with wisdom and inspire us through our experience in and out of body. Amen.*

**One Glory Be** *(said on the wire before single bead)*

**Glory be to the Father/Mother and to the Son and to the Holy Spirit.**

*As it was in the beginning, is now and ever shall be, world without end. Amen.*

**The Third Challenging Mystery Is Master Jesus Crowned with Thorns.** *(said on large single bead)*

**This Challenging mystery brings us through an important spiritual step of piercing through the mental body and the ego. Jesus is crowned, around the head with thorns. His non- resistance, and acceptance, allows him to move through to the other side, where spiritual liberation is at hand. By embracing each challenge, our personal crown of truth is embodied. Courage and trust must be present on this journey of initiation.**

**We join together in saying of the Great Invocation;**

*From the point of Light within the Mind of the Divine  
Let Light stream forth into the minds of all sentient beings  
Let Light complete the earth.*

*From the point of Love within the Heart of the Divine  
Let Love stream forth into the hearts of all sentient beings  
May absolute Christ love be realized on earth.*

*From the center where the Will of the Divine is known  
Let Divine insight guide the resolve of all sentient beings  
The source wisdom the Masters know and serve.*

*From the center which we call the race of humanity  
Let the Divine realm of higher consciousness be embodied and fulfilled  
Let Love, Light and Power restore human kind to Grace.*

**Ten Hail Mary's as we reflect on manifesting the crown of truth, releasing mind chatter, lost focus and delusions, moving powerfully toward clear thinking, serenity**

**and ease in the mental body. Courage builds faith and trust, it anchors the heart center and emotional body with divine love. This resulting confidence solidifies self-assurance and the knowledge that all is in order regardless of how things may seem to appear. By taking this step you have directly opened your crown to connection with the Supreme Being.**

*(said on the set of 10 beads )*

**Hail Mary, Mother of Humanity, all Deities Love Thee, Blessed are you throughout creation and blessed are your children on earth.**

*Holy Mary, Mother of the Highest One, Nourish us with wisdom and inspire us through our experience in and out of body. Amen.*

**One Glory Be** *(said on the wire before single bead)*

**Glory be to the Father/Mother and to the Son and to the Holy Spirit.**

*As it was in the beginning, is now and ever shall be, world without end. Amen.*

**The Fourth Challenging Mystery Is Master Jesus carrying the weight of the cross. (*said on large single bead*)**

**This memory reminds us that we are never alone even in the most difficult moments. When Jesus stumbles from the burden, the Divine sends one to carry the cross for the duration of the journey.**

**We grow with the challenges of life through our strengths and weaknesses. We quest towards the fulfillment of harmony in spirit and body, emotions and mind. This reminds us of the importance of spiritual practice and consistence in both the mundane repetitions of daily life and the moments of ecstatic union. As we find gratitude for the life we live in all its varied states we are transformed.**

**We join together in saying of the Great Invocation;**

*From the point of Light within the Mind of the Divine  
Let Light stream forth into the minds of all sentient beings  
Let Light complete the earth.*

*As it was in the beginning, is now and ever shall be, world without end. Amen.*

**The Fifth Challenging Mystery Is the Master Jesus (human), dying on the Cross.** *(said on large single bead)*

**Our Christian tradition teaches that we must die to the lesser to be one with the higher. In this 'death' we make our passage by releasing the ego, opening up to the state of unconditional love and oneness with everything and everyone. The movement can be difficult, the results profound. We attain Spiritual freedom. As our lower nature dies off we are welcomed into the company of the mystics and Holy Ones of all traditions.**

**We join together in saying of the Great Invocation;**

*From the point of Light within the Mind of the Divine  
Let Light stream forth into the minds of all sentient beings  
Let Light complete the earth.*

*From the center which we call the race of humanity  
Let the Divine realm of higher consciousness be embodied and fulfilled  
Let Love, Light and Power restore human kind to Grace.*

**Ten Hail Mary's as we reflect on the difficulties that 'appear' to slow us down on our eternal quest. In these moments of difficulty our resilience and capabilities surface. Fortified with dedication and devotion we meet our challenges with strength inspired and encouraged by the Holy Ones who have travelled the path before us to light our way.**

*(said on the set of 10 beads )*

**Hail Mary, Mother of Humanity, all Deities Love Thee, Blessed are you throughout creation and blessed are your children on earth.**

I am profoundly grateful for your guidance, moving my thoughts and actions towards embodied wisdom and understanding. I celebrate your generous assistance in manifesting my daily needs. Detach the fetters of faults that bind me karmically and support me in discovering the deeper blessings of challenge and discordance. Point my focused direction to contribution and depth, free from those actions that take me away from my highest expression of self.

You are the source of pure truth, power, grace and beauty. You are constant throughout the ages of human kind. Sealed in trust, faith and truth. Amen.

**Three Hail Mary's** (*said on the set of 3 beads as we invoke the Light Love and Spiritual Power of our unfolding essence*)

**Hail Mary, Mother of Humanity, all Deities Love Thee, Blessed are you throughout creation and blessed are your children on earth.**

*Holy Mary, Mother of the Highest One, Nourish us with wisdom and inspire us through our experience in and out of body. Amen.*

**One Glory Be** (*said on the wire before large single bead*)

**Glory be to the Father/Mother and to the Son and to the Holy Spirit.**

*As it was in the beginning, is now and ever shall be, world without end. Amen.*

**Oh Lord Jesus help us to forgive our own errors and assist us in our divine quest.**

*Lead all beings to Love, Light and Empowerment, especially those most in need of your compassion. Amen.*

**The First Glorious Mystery is the Resurrection** *(said on large single bead)*

**In the story of the resurrection Jesus vanishes from the tomb. Death of the body does not mean death of the spirit. The Angel speaks to Mary of Magdala and later to the Disciples, “He is not here, he has been raised up”. In glorious celebration we know and affirm life beyond the physical body. Our spirit lives on!**

**We join together in saying of the Great Invocation;**

*From the point of Light within the Mind of the Divine  
Let Light stream forth into the minds of all sentient beings  
Let Light complete the earth.*

*From the point of Love within the Heart of the Divine  
Let Love stream forth into the hearts of all sentient beings  
May absolute Christ love be realized on earth.*

*From the center where the Will of the Divine is known  
Let Divine insight guide the resolve of all sentient beings  
The source wisdom the Masters know and serve.*

*From the center which we call the race of humanity  
Let the Divine realm of higher consciousness be embodied and fulfilled  
Let Love, Light and Power restore human kind to Grace.*

**Ten Hail Mary's as we absorbed the knowledge of our immortality! Our life continues to evolve as we move between the physical and astral plans. We practice through meditation and sleep to navigate the astral realms. As we shed these mortal bodies for the last time we return to our astral home and life continues. I am more than what is seen in this physical body.**

**Hail Mary, Mother of Humanity, all Deities Love Thee, Blessed are you throughout creation and blessed are your children on earth.**

Now available to both those in and out of body, through prayer and contemplation he takes on his fulfilled enlightened place among the greater community of Holy Ones.**

Even when we are in the muddle and confusion of the physical, we have glimpses  
what is often hidden from us. I am eternal, my life continues in the subtle plans.**

**The Third Glorious Mystery is Pentecost.** *(said on large single bead)*

**Pentecost is the outpouring of spiritual gifts! We are an open vessel flooded with spiritual gifts! Our cup overflows with inspiration, abundance and divine love. Living our lives fully self expressed in the celebration and gratitude for all these incredible blessings, our very essence expresses divinity and blesses all humanity! ‘And unto each of us a gift is given’ As we awaken to the gifts we are given and own them, we find our way to contribute in the world.**

Across religions and across the globe we find stories of holy ones who take their mortals bodies with them leaving no trace behind. They move freely between the physical and the astral plans. We celebrate ascension, life shared with Christ, Mary, the Masters of Wisdom and the Holy Ones.**
