Goodness and Mercy

*Surely goodness and mercy shall follow me all the days of my life
And I shall dwell in the house of the Lord forever and ever amen
All that I am and all I will ever be is expanding from this mystery
Surely goodness and mercy shall follow me all the days of my life
And I shall dwell in the house of the Lord forever and ever amen
All that I want and all I'll ever be is expanding from this loving seed
Surely goodness and mercy shall follow me all the days of my life
And I shall dwell in the house of the Lord forever and ever amen*

Julie Renee Doerng Sept 03

I was not born Catholic. To be Lutheran meant a religious training excluding the Divine feminine. I was raised in a church where Jesus was the sole and entire path to a life in heaven. I will readily acknowledge the Christian Church based on Patriarchal principles had its struggles with exclusion and superiority (supremacy attitudes). The Church majored in political incorrectness.

Regardless of the problems it was a wonderful place to group up. I loved my relationship with Jesus who I often saw with my physical eyes. I loved the music and the passion of worship. I was raised in a church that proudly provided a charismatic minister. Pastor Pete could bring the gospels alive and

light a fire in my spirit. I would blissfully sing and worship in praise of the Divine spending much of my formative years in the church and in service.

I married young and continued on my religious path serving in a small Lutheran church in southern Minnesota as an active choir member, Sunday school teacher, Nursery sitter and various positions in the women's circle. I was at the church often 5 days a week. It was my second home and although I had made a poor match with my husband my spirit and passion for living a Christ like life energized me with love and happiness.

After sometime my bad marriage, became an intolerable marriage. I had vowed to God not to divorce, so I stayed way to long in a marriage gone sour and by the time I left I was critically ill not expected to survive the year.

When I moved to a little duplex in town I was shocked to find my church had no use for me or my willingness to serve. One morning heading off to the choir loft for Sunday morning praise, I was pulled aside and asked not to come back.

At first I couldn't believe what I was hearing, my church, my path, my life was being removed from me. My maid of honor and a dear sister cousin told me during that time God would punish me for this unforgivable sin. Was I a wanton woman now?

I share this part of my story for an important reason. Had this not happened I would have never become the woman I am now. The gifts of miraculous healing and teaching would never have been developed. I would never have travelled to India or the Mystical temples throughout Europe had my life not been blown up.

For the next 3 years I remained in shock. I was 25 with a terminal illness, I had lost custody of my three beautiful children and I was alone in the world without support, health or kindness. I cried everyday. I was afraid God had died. My prayers unanswered, I stopped praying.

Oh course I know now how important these steps where for my full experience and comprehension of human suffering and sacrifice.

As I got through that very challenging time I was supported and watched over by large purple angels who enhance the lives of artists. I did well in college. Since I was extremely poor and was treated for cancer and illness for many, many years, I attended a community college where I maintained a Phi Theta Kappa standing.

I used my passionate nature and excelled in the arts. My vocal chords had been paralyzed in the first cancer surgery, so the logical singing career was out. I could speak, but could not count on a stable singing voice.

I missed Jesus. I missed the actions of worship. I missed the connection and the bliss of prayer mediation and singing in praise of God. I was spiritually lonely.

Slowly I found my way back. I put away my childish understanding of God and began to explore the nature and energy of the Divine. Around age thirty I began a very active exploration of all things of spirit. Over the next fifteen years I studied in India, with the Native Americans, the Gnostics and a New Thought Church. I investigated the Cabbala, the yogic Sutras, the mystical teaching about Christ and his 18 lost years.

I couldn't get enough, the Dead Sea Scrolls and Nag Hamdi library gave me important history as a course in miracles and Jungian analysis encouraged my broken heart to come back to the world of humanity.

God was again alive! This God was larger than life, larger than my imagination and greater than I could have ever imagined with the simple understanding of my young religious experience. I went from being religious to being spiritual.

The experience of God cannot be understood through the mind. Love wisdom and that which is God must be felt through the heart.

When prayer is said with devotion, heaven and earth move. Body, mind spirit and emotions align for love, magic and miracles.

I had my first rosary experience at the Lake Harriet Community Church. I was studying a basic astrology course when I learned of a women's Saturday morning prayer group that appealed to me. I purchased my prayer beads and book. This began my learning and healing through the use of repetitive prayer.

As a young child I had seen the string of beads with the crucifixion cross, hidden under my Grandma Grace's pillow. She was a devoted Catholic, and the traditional Rosary gave her great comfort and connection. It was time for me to also experience more peace.

My prayer beads had a risen lord on the cross, not suffer but free. My prayers would uplift me and renew my faith. I began a new path of connection.

I have written and rewritten the rosary over the last ten years. Illumination is the fourth incarnation of this special, high vibration legacy. Said with devotion and love you will notice the vibratory frequency at 992. On a scale of 1-1000

with 1 being the lowest expression of man and 1000 being Christ consciousness.

Thank-you for joining me in this blissful exploration of love, heart expansion and Divine connection.

I Sing For Those Who Cannot Sing

I sing for those who cannot sing, I cry for those without tears

I ache to sooth the numb, the still, I scream for those without tears

I touch for those who are timid, I stain for those who remain clean

I swim naked in jungle streams for the shy who linger unseen

I laugh for those in deep sorrow, I learn for the simple of mind

Round sacred fires I dance circles, for the empty, forgotten, Divine

I am a sponge in an ocean, the essence of healing sublime

A conduit of energy flows out my body into thine

I sing because I could not sing, I've recovered my frozen voice

I cry because I did not cry, the tears fall freely by my choice

I touch I learn I dance I grow

I swim naked I laugh I'm Divine

Bad time will come good times will good times will go

Right now we stand firm alive

*I love because I was born to love, tenderness and compassion combined
I am rage fury and power awakened I a Christed mind.*

*I could not feel your burning pain if I had not suffered myself In weakness I
found my power In my darkness I merged with the light*

I am you. Feel me now. We are one.

Section One

History of Repetitive Prayer

Create in me a clean heart oh God and renew a right spirit within me

Cast me not away from the presence and take not the Holy Spirit from me

Restore unto me the joy of the salvation and uphold me with thy free spirit

From the Lutheran Church Hymnal

Repetitive Christian prayer likely had its roots with Lord Jesus as he learned the fine art of meditation from the Sadus in India during his studies from perhaps age twenty to age twenty five. Or his Mystic teacher as a young boy may have taught him the value and power of repetitive prayer. We can only guess at this since there are no obvious records on this subject from the historic life of Jesus Christ from Biblical text.

John Cassian documented the first repetitive Christian prayer in the fourth century. The devoted desert followers implemented their prayers using pebbles to keep count and toss the pebbles on the ground. This continued till the prayer repetition was completed and all pebbles were used.

Repetitive prayer progressed to a string with knots and eventually a string with bead separated into decades.

Repetitive prayer by another name is mantra. While living in India I was introduced to many powerful mantras. For thousand and thousands of years humankind has understood the blessing of devotional repetitive prayer.

The fine art of repetitive prayer requires a willingness to come to prayer with an open heart, drop into a gentle cadence and surrender the thinking mind to prayer. All spiritual paths and religions have some version of the rosary.

The four greatest blessings that come from repetitive prayer

1. Removal of negative force
2. Activation of miraculous body and light of cell
3. Expansion of love
4. Connection with the Divine

Removal of unwanted energy

I learned about this all-important first aspect while training in a psychic school. I enrolled in the school to gain control over the spiritual activities and invasions around my spirit and body. Having been born an extreme clairvoyant with know one to teach me how to manage the energies I struggled to maintain my sanity in my young life.

I had gone to a minister, a priest, a Buddhist monk and a yogic Swami, non of which could give me a cure for the unwanted spirits who were shouting in my head. At last resort I found a psychic school that taught people how to be clairvoyant (which I did not need) but they also taught how to keep your energy space clean and clear.

The technique I used to clear unwanted beings intruding in my space were called erasures. Essentially I created the symbol of perfection (a red rose) and then threw a cartoon image of a bomb, blowing up the rose sometime 100 times. I did eventually release myself of the burdens of unwanted visitors.

Mantra and rosary prayers work exactly the same way. When you say repetitively a prayer it will erase unwanted energy. The blessing of a rosary is that is easy to stay in the devotional love heart space. When doing the rose bomb technique I would occasionally lose my neutrality and the clearing would start feeling like a battle. I never have felt that way using mantra or the rosary prayers.

Activation of your miraculous body and light of cells means that you have moved into your god state and are able to regenerate new cells with the stems cells alight. You have turned on your regeneration space and opened to the possibility of miracles.

My Miraculous Healing Apprentices are trained to use prayers and happy feelings to lift their energy high enough to direct quantum energy towards specific cellular body issues. Praying the Illumination Rosary will both turn on the light of your stem cells making a perfect time for directed regeneration, and also a time is you are a healer to be especially effective with your clients and loved ones.

All rosaries have a good effect, some have a super charged aspect to them. This is improved so much by the energy you also add to the prayers.

The traditional Roman Catholic Rosary vibrate at a low 160 with self deprecating words of being a sinner and unworthy. I have made the correction in the actual prayers and words used to elevate the text. The energy of the illumination prayers is close to 1,000. You will find these prayers extremely uplifting and enjoyable.

Said with great love and devotion the Catholic Rosary can rise up to a 1,000 vibration regardless of the weakness of the word choice. Love is the secret shifter with repetitive prayer.

Love Expansion

Troubles seem to magically melt away as the love and devotion builds while praying the rosary. When a spiritual initiate prays the Rosary with love and devotion, it opens the heart to experience greater levels of love and connection. Mother Mary always ready to respond to the pure hearted, will be felt with the energy of kindness, compassion and deep understanding.

Notice your aura and your surrounding filed lighten and elevate as you call the divine mother to you. The original rosary was steep in unworthiness and

the repetition that you could not come to God on your own because you were a sinner.

That age and era have ended. The new era is one for use to rejoice and connect with love and self worth. Our nature is good and right and pure. That which is not us, thoughts of envy, greed or destruction ~ these are not you and can be purified out of your field as you repeat the mantras of love and compassion....The new Illumination Rosary.

Connection with the Divine

We are encouraged to pray ceaselessly. Why? The act of praying and the devotion of the selfless prayers lift your love and connection vibrations. It's really that simple. Prayer can be an ongoing whine~ I want this give me give me, or it can be a celebration of all that you already have and an appreciation that everything you need and imagine can come to you by amplifying what is good right and true.

As you pray the Rosary, you invite the Heavenly legions to join you where you are. The presence of Jesus and Mary are palpable and the angelic guides can often be seen in the state of ecstatic prayer and contemplation. I often plan twice the time I need to pray the rosary, as I want equally time enough once my connection is established to sit in divine reverie and enjoy the fully realized experience of spirit in body as my divine self.

Now you may say, hey I don't have that happen ~ why not? Start where you are and work towards releasing pain and suffering, allowing yourself to step into the quantum pleasure field, the field of love and connection. Just like with exercising a muscle you wouldn't expect to build a body building competition the second week of weight training ~ it takes time to lay the

tracks for your spiritual connection and clear energies that had formally dominated the space between you and God.

You are loved and cherished, a child of God no less than the stars and planets. Allow the practice to melt away the block preventing connection and enjoy the journey. You don't have to be perfect the first day out the gate. Let the love and connection build as you daily or weekly enter into your devotional practice.

Mary's Prayer the Beginning

The Rosary most commonly known and practiced originates from the Roman Catholic Church. The words of the Rosary are attributed to St Dominic.

Throughout history the 'Church' has had times of inaccessibility. What that means is common folks could not live up to the puritan and virtuous standards of the church, nor could they feel happy repeating they were a worthless sinner over and over. It left the common folks disenfranchised and falling away from an impossibly high unreachable standard. There are several times in history where the Pope and administrators of the Church had to do a 'marketing strategy' to counter balance the disconnect.

The first big push like this was when Pope Gregory instituted the Gregorian chant, one voice ~ one melody ~ something the average person could relate to and enjoy. At the same time the church sanctioned 'Magdalene' (prostitutes). This marketing strategy took place in the sixth century.

This second push happened to bring people back to the church around the eleventh century was enhanced by the Rosary developed by St Dominic. The goal was to give people a task to do to atone for their sins and a daily

practice to connect. Up until this time only priest could intercede on behalf of the individual. Now the masses were given a prayer to the mother of Jesus.

Power and Importance of the Rosary

The Rosary came to be a direct access tool. If you prayed with devotion and were sincere in your heart, you would feel the power and presence of the divine. You would experience peace and loving kindness as you said the prayers and would be elevated from lower feelings of struggle and suffering to the feelings of connection and joy.

You might wonder why praying the rosary would bring with it the power of the divine to move heaven and earth? Repeating a plea of compassion from Divine mother Mary, was not known by church officials to be of great significance, Yet Mary who is ever present and works ceaselessly to help those in need, became a pillar of light in an awakening community, and filled the gap in a male patriarchally driven structure that needed the compassion and kindness only the feminine aspect of God could bring.

The church now had adopted a practice known to the Buddhist and Yogis as powerfully clearing and connecting: the practice of mantra yoga, repetitive prayer. The church had finally come of age and needing a way to help the worshiper to clear negative energy and connect with their faith, Mantra, or the Rosary became a viable and beautiful answer.

Rosary Elevation: the Language of Christ Consciousness

What was missing from the original rosary we address in the new rosary, which leads us to the vibration and language of Christ consciousness. David

Hawkins in his book Power Verses Force define for the first time the divisions of human awakening by using a numerical energetic encoding to define the levels. Unconditional love is 500, joy 600, enlightened mastery 700 and Christ consciousness 1000.

Today there are individuals who vibrate above the 1000 mark. By repeating the mantras set at Christ consciousness you are sitting in the Christ field or quantum field at the space of great power for change and transformation. By doing this regularly you begin to vibrate at higher vibrations than you had accomplished.

Today enlightenment isn't just elevating spirit and dissociating from your body, like so many did in the recent past, heading to ashrams to meditate and become part of their spiritual nature. Full enlightenment in the new era has changed and is the awakening and mastery of the full human experience. We live into our incarnation rather than run from it. Owning the body, and physical realm are equally important in the Garden of Eden experience.

Section Two Prayers of the Rosary

Hail Mary

The New Rosary and the Hail Mary have changed for the new age. In the Piscean or patriarchal age the supplicant would implore blessings to override the sins of the flesh so when judgment day came: 'the hour of our death' we could have an advocate who would help us get past the pearly gates. Now in the Age of Aquarius, the age know for androgyny we are now able to have

and experience our 'God' information. The prayers and Hail Mary reflect a new sentiment of 'law of attraction' higher vibe celebration. We now claim as our rite access to the goodies of the heavenly realms and seek to raise our vibrations, in thought word and deed.

Here is the standard version:

Hail Mary, full of grace, the lord is with you.

Blessed are you among women

and blessed is the fruit of your womb Jesus.

Holy Mary, Mother of God,

pray for us sinners now

and at the hour of our death. Amen

In comparison to the new version:

Hail Mary, Mother of Humanity,

all Deities Love Thee,

Blessed are you throughout creation

and blessed are your children on earth.

Holy Mary, Mother of the Highest One,

Nourish us with wisdom

and inspire us through our experience

in and out of body. Amen

I want to acknowledge my great appreciation to Carol Parrish-Hara a Christian Mystic who introduced much of the style of this new rosary in her book the Aquarian Rosary published in 1988.

Love Wisdom Creed Replaces the Nicene Creed

In the flow and structure of the rosary, a creed swearing allegiance was an important entry to the prayers. We have moved from the original Nicene Creed to the Love Wisdom Creed. With the new era swearing allegiance and loyalty to the structures of the church is no longer an entry into divine union. The Love Wisdom Creed invites you to step into the Love Wisdom of the ages.

Love Wisdom Creed

There is one infinite God/ Goddess vibration of love that creates everything seen and unseen. This all prevailing presence is light, love, miraculous creation, and the sacred expression of inclusion. Divine love embraces all humanity, regardless of religious preference or any other human selective difference. Heaven is here on earth.

I am free to live a life of spiritual freedom and full self expression liberated in love, gratitude and mastery in this body here and now. My spirit is limitless. I am responsible for any limits I experience in this body and have complete access to the divine through prayer and contemplation to release myself from

any human bonds I have worn as spiritual clothing that no longer resonate with my essence.

I enjoy direct mystical access and divine union while practicing spiritual rites. These sacred rites belong to all humanity. In the Christian tradition they are known as Baptism, Rebirth, the Communion of Saints, the Sacrament of Communion and the Mystical Bridal Chamber. I follow the sacred path towards Spiritual Awakening, Enlightenment, Transmutation and Ascension in this life.

I experience the presence of the Christed one known to me as Jesus the Christ. Jesus Christ was Avatar, Teacher, Guide and friend. I revere blessed Mother Mary, who is compassion, love, forgiveness and healing. I trust in the existence of Holy Spirit who is essence living in me as life force.

I trust in the reality of the Holy Ones, the Divine Male and Female Deities who have sprung forth from all the great and lesser known spiritual paths to teach and guide us on the path of Love Wisdom.

I am ageless and timeless. My life continues in or out of this human temple I call my body. Whatever I have done willingly or unknowingly to myself or others that does not resonate with pure truth, can be washed from me through the power of forgiveness and the unending limitless power of LOVE.

~

The Lords prayer, the prayer that connects us to father mother God is included in it's new incarnation. As each word is spoken a channel of golden connection forms between the aspirant and the Divine.

The New Lords Prayer

Oh Magnificent Source of everything, breath of life, you who are the realm of sound and light, may I experience your glorious nature in my essence. The veil between heaven and earth becomes transparent in this realm. In my great gratitude and love I ask that your divine will become the guiding truth of this wondrous human domain.

I am profoundly grateful for your guidance, moving my thoughts and actions towards embodied wisdom and understanding. I celebrate your generous assistance in manifesting my daily needs. Detach the fetters of faults that bind me karmically and support me in discovering the deeper blessings of challenge and discordance. Point my focused direction to contribution and depth, free from those actions that take me away from my highest expression of self.

You are the source of pure truth, power, grace and beauty. You are constant throughout the ages of humankind. Sealed in trust, faith and truth.

Amen

~

The Great Innovation

*From the point of Light within the Mind of the Divine
Let Light stream forth into the minds of all sentient beings
Let Light complete the earth.*

*From the point of Love within the Heart of the Divine
Let Love stream forth into the hearts of all sentient beings
May absolute Christ love be realized on earth.*

*From the center where the Will of the Divine is known
Let Divine insight guide the resolve of all sentient beings
The source wisdom the Masters know and serve.*

*From the center which we call the race of humanity
Let the Divine realm of higher consciousness be embodied and fulfilled
Let Love, Light and Power restore human kind to Grace.*

~

Final Prayer oh Clement

Hail Holy Queen, Mother of Mercy, You are Guide, Sweetness and Hope. It is to you Mother Mary we turn our open hearts as awakening children of Eve and to you Beloved Sister we respectfully make our requests for assistance, invoking your love- wisdom.

We implore you to look upon us with your gracious eyes filled with compassion and understanding. In our period of growth support us in expanding our vibrational bodies to the realm of Love-Divinity. Oh clement, Oh loving, Oh sweet Mother Mary!

Pray for us Oh Holy Mother of the Christed one, that we may embody and experience the promises of Christ as was intended for us from the beginning.

Amen.

~

This final prayer lends heart connection, beauty and the sweetness of the divine feminine to the completion of each mystery.

Section Three The Mysteries

In this section I share the scriptural text from whence the Rosary mystery's came. These verses as stand alones are moving and full of rich material for contemplation and meditation.

The Joyous Mystery

One Angel Gabriel's Annunciation to Mary

Luke 1:26-38

In the sixth month the angel Gabriel was sent by God to a town in Galilee called Nazareth, to a virgin engaged to a man whose name was Joseph, of the house of David. The virgin's name was Mary. And he came to her and said, "Greetings favored one! The Lord is with you." But she was much perplexed by his words and pondered what sort of greeting this might be. The angel said to her, "Do not be afraid, Mary, for you have found favor with God. And now you will conceive in your womb, and bear a son, and you will name him Jesus. He will be great, and he will be called the Son of the Most High, and the Lord God will give him the throne of his ancestor David. He will reign over the house of Jacob forever, and of his kingdom there will be no end." Mary said to

the angel, "How can this be, since I am a virgin?" The angel said to her, "The holy spirit will come upon you, and the power of the most high will overshadow you; therefore the child to be born will be holy; he will be called Son of God. And now, your relative Elizabeth in her old age has also conceived a son; and this is the sixth month for her who was said to be barren. For nothing will be impossible with God." Then Mary said, "Here am I, the servant of the Lord; let it be with me according to your word." Then the angel departed from her.

Two Visitation Mary Travels to Support Elizabeth

Luke 1:39-56

In those days Mary set out with haste to a Judean town in the hill country, where she entered the house of Zechariah and greeted Elizabeth. When Elizabeth heard Mary's greeting, the child leaped in her womb. And Elizabeth was filled with the Holy Spirit and exclaimed with a loud cry, "Blessed are you among women, and blessed is the fruit of your womb. And why has this happened to me, that the mother of my Lord comes to me? For as soon as I heard the sound of your greeting, the child in my womb leaped for joy. And blessed is she who believed that there would be a fulfillment of what was spoken to her by the Lord." And Mary said:

"My soul magnifies the Lord, and my spirit rejoices in God my savior, for he has looked with favor on the lowliness of his servant. Surely from now on all generations will call me blessed; for the Mighty One has done great things for me, and holy is his name. His mercy is for those who fear him from generation to generation. He has shown strength with his arm; he has scattered the proud in the thoughts of their hearts. He has brought down the powerful from their thrones and lifted up the lowly; he has filled the hungry with great things, and sent the rich away empty. He has helped his servant Israel in remembrance of his mercy, according to the promise that he made to our ancestors, to Abraham and to his descendants for ever."

And Mary stayed with her about three months and then returned to her home.

Three Nativity the Birth of Jesus - Spiritual Poverty

Matthew 1:18-2:12

Now the birth of Jesus the Messiah took place in this way. When his mother Mary had been engaged to Joseph, but before they lived together, she was found to be with child from the Holy Spirit. Her husband Joseph, being a righteous man and unwilling to expose her to public disgrace, planned to dismiss her quietly. But just when he had resolved to do this, an angel of the Lord appeared to him in a dream and said, "Joseph, son of David, do not be afraid to take

Mary as your wife, for the child conceived in her is from the Holy Spirit. She will bear a son, and you are to name him Jesus, for he will save his people from their sins." All this took place to fulfill what had been spoken by the Lord through the prophet:

"Look, the virgin shall conceive and bear a son, and they shall name him Emmanuel,"

which means, "God is with us." When Joseph awoke from sleep, he did as the angel of the Lord commanded him; he took her as his wife, but had no marital relations with her until she had borne a son; and he named him Jesus.

In the time of King Herod, after Jesus was born in Bethlehem of Judea, wise men from the East came to Jerusalem, asking, "Where is the child who has been born king of the Jews? For we observed his star at its rising, and have come to pay him homage." When King Herod heard this, he was frightened, and all Jerusalem with him; and calling together all the chief priests and scribes of the people, he inquired of them where the Messiah was to be born. They told him, "In Bethlehem, in the land of Judea; for so it has been written by the prophet:

'And you, Bethlehem, in the land of Judah, are by no means least among the rulers of Judah; for from you shall come a ruler who is to shepherd my people Israel.'"

Then Herod secretly called for the wise men and learned from them the exact time the star had appeared. Then he sent them to Bethlehem, saying, "Go and search diligently for the child; and when you have found him, bring me word so that I may also go and pay him homage." When they had heard the king, they set out; and there, ahead of them, went the star that they had seen at its rising, until it stopped over the place where the child was. When they saw that the star had stopped, they were overwhelmed with joy. On entering the house, they saw the child with Mary his mother, and they knelt down and paid him homage. Then, opening their treasure chests, they offered him gifts of gold, frankincense, and myrrh. And having been warned in a dream not to return to Herod, they left for their own country by another road.

Luke 2:1-20

In those days a decree went out from Emperor Augustus that all the world should be registered. This was the first registration and was taken while Quirnius was governor of Syria. All went to their own towns to be registered. Joseph also went from the town of Nazareth in Galilee to Judea, to the city of David called Bethlehem, because he was descended from the house and family of David. He went to be registered with Mary, to whom he was engaged, and who was expecting a child. While they were there, the time came for her to deliver the child. And she gave birth to her firstborn son and wrapped him in bands of cloth, and laid him in a manger, because there was no place for them in the inn.

In that region there were shepherds living in the fields, keeping watch over their flock by night. Then an angel of the Lord stood before them, and the glory of the Lord shone around them, and they were terrified. But the angel said to them, "Do not be afraid; for see – I am bringing you

good news of great joy for all the people: to you is born this day in the city of David a Savior who is the Messiah, the Lord. This will be a sign for you: you will find a child wrapped in bands of cloth and lying in a manger.” And suddenly there was with the angel a multitude of the heavenly host, praising God and saying,

“Glory to God in the highest heaven, and on earth peace among those whom he favors!”

When the angels had left them and gone into heaven, the shepherds said to one another, “Let us go now to Bethlehem and see this thing that has taken place, which the Lord has made known to us.” SO they went with haste and found Mary and Joseph, and the child lying in the manger. When they saw this, they made known what had been told them about this child; and all who heard it were amazed at what the shepherds told them. But Mary treasured all these words and pondered them in her heart. The shepherds returned, glorifying and praising God for all they had heard and seen, as it had been told them.

Four The Dedication in the Temple

Luke 2:22-35

When the time came for their purification according to the law of Moses, they brought him up to Jerusalem to present him to the Lord (as it is written in the law of the Lord, “Every firstborn male shall be designated as holy to the Lord”), and they offered a sacrifice according to what is stated in the law of the Lord, “a pair of turtledoves or two young pigeons.”

Now there was a man in Jerusalem whose name was Simeon; this man was righteous and devout, looking forward to the consolation of Israel, and the Holy Spirit rested on him. It had been revealed to him by the Holy Spirit that he would not see death before he had seen the Lord’s Messiah. Guided by the Spirit, Simeon came into the temple; and when the parents brought in the child Jesus, to do for him what was customary under the law, Simeon took him in his arms and praised God, saying,

“Master, now you are dismissing your servant in peace, according to your word; for my eyes have seen your salvation, which you have prepared in the presence of all peoples, a light for revelation to the Gentiles and for glory to your people Israel.”

And the child’s mother and father were amazed at what was being said about him. Then Simeon blessed them and said to his mother Mary, “This child is destined for the falling and the rising of many in Israel, and to be a sign that will be opposed so that the thoughts of many will be revealed – and a soul will pierce your own soul too.”

Five Soul Purpose Passion of Young Jesus

Luke 2:41-52

Now every year [Jesus'] parents went to Jerusalem for the festival of the Passover. And when he was twelve years old, they went up as usual for the festival. When the festival was ended and they started to return, the boy Jesus stayed behind in Jerusalem, but his parents did not know it. Assuming that he was in the group of travelers, they went a day's journey. Then they started to look for him among their relatives and friends. When they did not find him, they returned to Jerusalem to search for him. After three days they found him in the temple, sitting among the teachers, listening to them and asking them questions. All who heard him were amazed at his understanding and his answers. When his parents saw him they were astonished; and his mother said to him, "Child, why have you treated us like this? Look, your father and I have been searching for you in great anxiety." He said to them, "Why were you searching for me? Did you not know that I must be in my Father's house?" But they did not understand what he had said to them. Then we went down with them and came to Nazareth, and was obedient to them. His mother treasured all these things in her heart.

And Jesus increased in wisdom and in years, and in divine and human favor.

The Challenging Mysteries

Six Agony in the Garden

Mark 14:32-42

They went to a place called Gethsemane; and [Jesus] said to his disciples, "Sit here while I pray." He took with him Peter and James and John, and began to be distressed and agitated. And said to them, "I am deeply grieved, even to death; remain here and keep awake." And going a little farther, he threw himself on the ground, and prayed that, if it were possible, the hour might pass from him. He said, "*Abba*, Father, for you all things are possible, remove this cup from me; yet, not what I want, but what you want." He came and found them sleeping; and he said to Peter, "Simon, are you asleep? Could you not keep awake for one hour? Keep awake and pray that you may not come into the time of trial; the spirit indeed is willing, but the flesh is weak." And again

he went away and prayed, saying the same words. And once more he came and found them sleeping, for their eyes were very heavy; and they did not know what to say to him. He came a third time and said, "Are you still sleeping and taking your rest? Enough! The hour has come; the Son of Man is betrayed into the hands of sinners. Get up, let us be going. See, my betrayer is at hand."

Seven Jesus Misunderstood and Dishonored

Mark 15:6-15

Now the festival [Pilate] used to release a prisoner for them, anyone for whom they asked. Now a man called Barabbas was in prison with the rebels who had committed murder during the insurrection. So the crowd came and began to ask Pilate to do for them according to his custom. Then he answered them, "Do you want me to release for you the king of the Jews?" For he realized it was out of jealousy that the chief priests had handed him over. But the chief priests stirred up the crowd to have him release Barabbas for them instead. Pilate spoke to them again, "Then what do you wish me to do with the man you call the King of the Jews?" They shouted back, "Crucify him!" Pilate asked them, "Why, what evil has he done?" But they shouted all the more, "Crucify him!" So Pilate, wishing to satisfy the crowd, released Barabbas for them; and after flogging Jesus, he handed him over to be crucified.

Eight Jesus Crowned with Thorns

Matthew 27:27-31a

Then the soldiers of the governor took Jesus into the governor's headquarters, and they gathered the whole cohort around him. They stripped him and put a scarlet robe on him, and after twisting some thorns into a crown, they put it on his head. They put a reed in his right hand and knelt before him and mocked him, saying, "Hail, King of the Jews!" They spat on him, and took the reed and struck him on the head. After mocking him, they stripped him of the robe and put his own clothes on him.

Mark 15:16-20a

Then the soldiers led him into the courtyard of the palace (that is, the governor's headquarters); and they called together the whole cohort. And they clothed him in a purple cloak; and after

twisting some thorns into a crown, they put it on him. And they began saluting him, “Hail, King of the Jews!” They struck his head with a reed, spat upon him, and knelt down in homage of him. After mocking him, they stripped him of the purple cloak and put his own clothes on him.

Nine The Weight of the Cross a Heavy Burdon

Mark 15:20b-21

Then they led [Jesus] out to crucify him. They compelled a passerby, who was coming in from the country, to carry his cross; it was Simon of Cyrene, the Father of Alexander and Rufus.

Luke 23-26-32

As they led [Jesus] away, they seized a man, Simon of Cyrene, who was coming from the country, and they laid the cross on him, and made him carry it behind Jesus. A great number of the people followed him, and among them there women who were beating their breasts and wailing for him. But Jesus turned to them and said, “Daughters of Jerusalem, do not weep for me, but weep for yourselves and for your children. For the days are surely coming when they will say, 'Blessed are the barren, and the wombs that never bore, and the breasts that never nursed.' Then they will begin to say to the mountains, 'Fall on us;' and to the hills, 'Cover us.' For if they do this when the wood is green, what will happen when it is dry?”

Two others also, who were criminals, were led away to be put to death with him.

Ten The Crucifixion

Mark 15:22-37

Then they brought Jesus to the place called Golgotha (which means the place of the skull). And they offered him wine mixed with myrrh; but he did not take it. And they crucified him, and divided his clothes among them, casting lots to decide what each should take.

It was nine o'clock in the morning when they crucified him. The inscription of the charge against him read “The King of the Jews”. And with him they crucified two bandits, one on his right and one on his left. Those who passed by derided him, shaking their heads and saying, “Aha! You who would destroy the temple and build it in three days, save yourself, and come

down from the cross!" In the same way the chief priests, along with the scribes, were also mocking him among themselves and saying, "He saved others; he cannot save himself. Let the Messiah, the King of Israel, come down from the cross now, so that we may see and believe." Those who were crucified with him also taunted him.

When it was noon, darkness came over the whole land until three in the afternoon. At three o'clock, Jesus cried out with a loud voice, "*Eloi, Eloi, lema sabachthani?*" which means, "My God, my God, why have you forsaken me?" When some of the bystanders heard it, they said, "Listen, he is calling for Elijah." And someone ran, and filled a sponge with sour wine, put it on a stick, and gave it to him to drink, saying, "Wait, let us see whether Elijah will come to take him down." Then Jesus gave a loud cry and breathed his last.

John 19:18-30

There they crucified him, and with him two others, one on either side, with Jesus between them. Pilate also had an inscription written and put on the cross. It read, "Jesus of Nazareth, the King of the Jews." Many of the Jews read this inscription, because the place where Jesus was crucified was near the city; and it was written in Hebrew, in Latin, and in Greek. Then the chief priests of the Jews said to Pilate, "Do not write, 'The King of the Jews,' but, 'This man said, I am the King of the Jews.'" Pilate answered, "What I have written I have written." When the soldiers had crucified Jesus, they took his clothes and divided them into four parts, one for each soldier. They also took his tunic; now the tunic was seamless, woven in one piece from the top. So they said to one another, "Let us not tear it, but cast lots for it to see who will get it." This was to fulfill what the scripture says,

"They divided my clothes among themselves, and for my clothing they cast lots."

And that is what the soldiers did.

Meanwhile, standing near the cross of Jesus were his mother, and his mother's sister, Mary the wife of Clopas, and Mary Magdalene. When Jesus saw his mother and his disciple whom he loved standing beside her, he said to his mother, "Woman, here is your son." Then he said to the disciple, "Here is your mother." And from that hour the disciple took her into his own home.

After this, Jesus knew that all was now finished, he said (in order to fulfill the scripture), "I am thirsty." A jar full of sour wine was standing there. So they put a sponge full of wine on a branch of hyssop and held it to his mouth. When Jesus had received the wine, he said, "It is finished." Then he bowed his head and gave up his spirit.

The Glorious Mysteries

Eleven The Resurrection

Matthew 28:1-10

After the sabbath, as the first day of the week was dawning, Mary Magdalene and the other Mary went to see the tomb. And suddenly there was a great earthquake; for an angel of the Lord, descending from heaven, came and rolled back the stone and sat on it. His appearance was like lightening, and his clothing white as snow. For fear of him the guards shook and became like dead men. But the angel said to the women, "Do not be afraid; I know that you are looking for Jesus who was crucified. He is not here; for he has been raised, as he said. Come, see the place where he lay. Then go quickly and tell his disciples, 'He has been raised from the dead, and indeed he is going ahead of you to Galilee; there you will see him.' This is my message for you." So they left the tomb quickly with fear and great joy, and ran to tell his disciples. Suddenly, Jesus met them and said, "Greetings!" And they came to him, and took hold of his feet, and worshiped him. Then Jesus said to them, "Do not be afraid; go and tell my brothers to go to Galilee; there they will see me."

Mark 16:1-8

When the sabbath was over, Mary Magdalene, and Mary the mother of James, and Salome brought spices, so that they might go and anoint him. And very early on the first day of the week, when the sun had risen, they went to the tomb. They had been saying to one another, "Who will roll away the stone for us from the entrance to the tomb?" When they looked up, they saw that the stone, which was very large, had already been rolled back. As they entered the tomb, they saw a young man, dressed in a white robe, sitting on the right side; and they were alarmed. But he said to them, "Do not be alarmed, you are looking for Jesus of Nazareth, who was crucified. He has been raised; he is not here. Look, there is the place where they laid him. But go, tell his disciples and Peter that he is going ahead of you to Galilee; there you will see him, just as he told you." So they went out and fled from the tomb, for terror and amazement had seized them; and they said nothing to anyone, for they were afraid.

Luke 24:1-12

But on the first day of the week, at early dawn, they came to the tomb, taking the spices they had prepared. They found the stone rolled away from the tomb, but when they went in, they did not find the body. While they were perplexed about this, suddenly two men in dazzling clothes stood beside them. The women were terrified and bowed their faces to the ground, but the men said to them, "Why do you look for the living among the dead? He is not here, but has risen. Remember how he told you, while he was still in Galilee, that the Son of Man must be handed over to sinners, and be crucified, and on the third day rise again." Then they remembered his words, and returning from the tomb, they told all this to the eleven and to all

the rest. Now it was Mary Magdalene, Joanna, Mary the mother of James, and the other women with them who told this to the apostles. But these words seemed to them an idle tale, and they did not believe them. But Peter got up and ran to the tomb; stooping and looking in, he saw the linen cloths by themselves; then he went home, amazed at what had happened.

John 20:1-18

Early on the first day of the week, while it was still dark, Mary Magdalene came to the tomb and saw that the stone had been removed from the tomb. So she ran and went to Simon Peter and the other disciple, the one whom Jesus loved, and said to them, "They have taken the lord out of the tomb, and we do not know where they have laid him." Then Peter and the other disciple set out and went toward the tomb. The two were running together, but the other disciple outran Peter and reached the tomb first. He bent down to look in and saw the linen wrappings lying there, but he did not go in. Then Simon Peter came, following him, and went into the tomb. He saw the linen wrappings lying there, and the cloth that had been on Jesus' head, not lying with the linen wrappings but rolled up in a place by itself. Then the other disciple, who reached the tomb first, also went in, and he saw and believed; for as yet they did not understand the scripture, that he must rise from the dead. Then the disciples returned to their homes.

But Mary stood weeping outside the tomb. As she wept, she bent over to look into the tomb; and she saw two angels in white, sitting where the body of Jesus had been lying, one at the head and the other at the feet. They said to her, "Woman, why are you weeping? Whom are you looking for?" Supposing him to be the gardener, she said to him, "Sir, if you have carried him away, tell me where you have laid him, and I will take him away." Jesus said to her, "Mary!" She turned and said to him in Hebrew, "*Rabbouni!*" (which means Teacher). Jesus said to her, "Do not hold on to me, because I have not yet ascended to the Father. But go to my brothers and say to them, 'I am ascending to my Father and your Father, to my God and your God.'" Mary Magdalene went and announced to the disciples, "I have seen the Lord;" and she told them that he had said these things to her.

Twelve The Ascension

Mark 16:19-20

So then the Lord Jesus, after he had spoken to them, was taken up into heaven and sat down at the right hand of God. And they went out and proclaimed the good news everywhere, while the Lord worked with them and confirmed the message by the signs that accompanied it.

Luke 24:50-53

Then [Jesus] led [the eleven and their companions] out as far as Bethany, and, lifting up his hands, he blessed them. While he was blessing them, he withdrew from them and was carried up into heaven. And they worshiped him, and returned to Jerusalem with great joy; and they were continually in the temple blessing God.

Acts 1:6-11

So when [the Apostles] had come together, they asked [Jesus], “Lord, is this the time you will restore the kingdom to Israel?” He replied, “It is not for you to know the times or periods that the Father has set by his own authority. But you will receive power when the Holy Spirit has come upon you; and you will be my witnesses in Jerusalem, in all Judea and Samaria, and to the ends of the earth.” When he had said this, as they were watching, he was lifted up, and a cloud took him out of their sight. While he was going and they were gazing up toward heaven suddenly two men in white robes stood by them. They said, “Men of Galilee, why do you stand looking up toward heaven? This Jesus, who has been taken up from you into heaven, will come in the same way as you saw him go into heaven.

Thirteen Pentecost the Outpouring of Spiritual Gifts

Acts 2:1-4

When the day of Pentecost had come, they were all together in one place. And suddenly from heaven there came a sound like the rush of a violent wind, and it filled the entire house where they were sitting. Divided tongues, as of fire, appeared among them, and a tongue rested on each of them. All of them were filled with the Holy Spirit and began to speak in other languages, as the Spirit gave them ability.

Fourteen The Assumption Mary Ascends to Heaven

Revelation 12:1

A great portent appeared in heaven: a woman clothed with the sun, with the moon under her feet, and on her head a crown of twelve stars.

Fifteen Mary’s Coronation of Heaven and Earth

II Timothy 4:8

From now on there is reserved for me the crown of righteousness, which the Lord, the righteous judge, will give me on that day, and not only to me, but also to all who have longed for his appearing.

Love Wisdom Creed (Said together on the cross of the risen Lord)

There is one infinite God/ Goddess vibration of love that creates everything seen and unseen. This all prevailing presence is light, love, miraculous creation, and the sacred expression of inclusion. Divine love embraces all humanity, regardless of religious preference or any other human selective difference. Heaven is here on earth.

I am free to live a life of spiritual freedom and full self expression liberated in love, gratitude and mastery in this body here and now. My spirit is limitless. I

am responsible for any limits I experience in this body and have complete access to the divine through prayer and contemplation to release myself from any human bonds I have worn as spiritual clothing that no longer resonate with my essence.

I enjoy direct mystical access and divine union while practicing spiritual rites. These sacred rites belong to all humanity. In the Christian tradition they are known as Baptism, Rebirth, the Communion of Saints, the Sacrament of Communion and the Mystical Bridal Chamber. I follow the sacred path towards Spiritual Awakening, Enlightenment, Transmutation and Ascension in this life.

I experience the presence of the Christed one known to me as Jesus the Christ. Jesus Christ was Avatar, Teacher, Guide and friend. I revere blessed Mother Mary, who is compassion, love, forgiveness and healing. I trust in the existence of Holy Spirit who is essence living in me as life force.

I trust in the reality of the Holy Ones, the Divine Male and Female Deities who have sprung forth from all the great and lesser known spiritual paths to teach and guide us on the path of Love Wisdom.

I am ageless and timeless. My life continues in or out of this human temple I call my body. Whatever I have done willingly or unknowingly to myself or others that does not resonate with pure truth, can be washed from me through the power of forgiveness and the unending limitless power of LOVE.

We join together in saying The Lord's Prayer (said on the first bead)

Oh Magnificent Source of everything, breath of life, you who are the realm of sound and light, may I experience your glorious nature in my essence. The veil between heaven and earth becomes transparent in this realm. In my great gratitude and love I ask that your divine will become the guiding truth of this wondrous human domain.

I am profoundly grateful for your guidance, moving my thoughts and actions towards embodied wisdom and understanding. I celebrate your generous assistance in manifesting my daily needs. Detach the fetters of faults that bind me karmically and support me in discovering the deeper blessings of challenge and discordance. Point my focused direction to contribution and depth, free from those actions that take me away from my highest expression of self.

You are the source of pure truth, power, grace and beauty. You are constant throughout the ages of humankind. Sealed in trust, faith and truth. Amen

Three Hail Mary's (said on the set of 3 beads as we invoke the Light Love and Spiritual Power of our unfolding essence)

Hail Mary, Mother of Humanity, all Deities Love Thee, Blessed are you throughout creation and blessed are your children on earth.

Holy Mary, Mother of the Highest One, Nourish us with wisdom and inspire us through our experience in and out of body. Amen

One Glory Be (said on the wire before large single bead)

Glory be to the Father/Mother and to the Son and to the Holy Spirit.

As it was in the beginning, is now and ever shall be, world without end.

Amen.

Oh Lord Jesus help us to forgive our own errors and assist us in our divine quest.

Lead all beings to Love, Light and Empowerment, especially those most in need of your compassion. Amen.

The First Joyous Mystery is the Annunciation. (said by the leader on large single bead)

The Angel Gabriel comes to Mary and greets her, "Hail Mary, full of grace the Lord is with thee! Blessed art thou among women."

The Annunciation, declares that Mary is blessed and filled with grace. Sometimes an angel appears in our life at just the perfect moment to remind us of our divine existence.

We join together in saying of the Great Invocation:

From the point of Light within the Mind of the Divine
Let Light stream forth into the minds of all sentient beings
Let Light complete the earth.

From the point of Love within the Heart of the Divine
Let Love stream forth into the hearts of all sentient beings
May absolute Christ love be realized on earth.

From the center where the Will of the Divine is known
Let Divine insight guide the resolve of all sentient beings
The source wisdom the Masters know and serve.

From the center which we call the race of humanity
Let the Divine realm of higher consciousness be embodied and fulfilled
Let Love, Light and Power restore human kind to Grace.

Ten Hail Mary's as we contemplate the concept of validation. Do we need someone outside ourselves to validate our blessedness and our grace filled life, or are we aware and in a state of gratitude for the beautiful life we live? As we align our cells with the joyous experience of the annunciation, feel the ecstasy and jubilation of freedom and fulfillment.

(said on the set of 10 beads)

Hail Mary, Mother of Humanity, all Deities Love Thee, Blessed are you throughout creation and blessed are your children on earth.

As it was in the beginning, is now and ever shall be, world without end.
Amen.

The Third Joyous Mystery is the Nativity. (said on large bead)

The appearance of impoverished conditions for the location of the holy birth metaphorically refers to the concept of spiritual privacy or poverty. Spiritual privacy is the falling away of the outer supports to reveal the nature and connection of the soul with its own Divinity. Consciousness expands as we comprehend in the solitude of our own introspection that regardless of how things may seem to appear on the outside we need never experience poverty if our insides are aligned with the joy and oneness of the universe. Having and partaking in the glories and abundant nature of the physical world are wonderful and right. In those wonderful moments of challenge when we are standing raw and exposed we can continue to live in our bliss and celebrate the very joy of being in our Divine Self.

We join together in saying of the Great Invocation;

From the point of Light within the Mind of the Divine
Let Light stream forth into the minds of all sentient beings
Let Light complete the earth.

From the point of Love within the Heart of the Divine
Let Love stream forth into the hearts of all sentient beings
May absolute Christ love be realized on earth.

From the center where the Will of the Divine is known
Let Divine insight guide the resolve of all sentient beings
The source wisdom the Masters know and serve.

From the center which we call the race of humanity
let the Divine realm of higher consciousness be embodied and fulfilled.
Let Love, Light and Power restore human kind to Grace.

Ten Hail Mary's as we reflect on the importance of the thoughts we dwell on. Our understanding grows as we see the evidence of our consistent thoughts becoming reality. As our awareness broadens we are careful to use our thoughts, words and emotional energy as a blessing on our environment.

(said on the set of 10 beads)

Hail Mary, Mother of Humanity, all Deities Love Thee, Blessed are you throughout creation and blessed are your children on earth.

Holy Mary, Mother of the Highest One, Nourish us with wisdom and inspire us through our experience in and out of body. Amen.

One Glory Be (said on the wire before single bead)

The Fourth Joyous Mystery is the Jesus presented in the Temple (said on large single bead)

Dedication or Baptism is the outer affirmation for a life of Divine guidance representing our souls desire to live well the life in front of us.

We are born with a plan in place to allow us to move forward in our soul growth. Are you dedicated to your soul's progressive growth or is it a perfect moment to rededicate yourself to this unfolding journey.

Conscious intention is always the most effective way to move forward in this venture.

We join together in saying of the Great Invocation;

Let Light stream forth into the minds of all sentient beings
Let Light complete the earth.

From the point of Love within the Heart of the Divine

The source wisdom the Masters know and serve.

From the center which we call the race of humanity
Let the Divine realm of higher consciousness be embodied and fulfilled
Let Love, Light and Power restore human kind to Grace.

Ten Hail Mary's as we reflect on spiritual law and the importance of our intention through our thoughts, words and emotions and our profound impact throughout the world.

(said on the set of 10 beads)

One Glory Be (said on the wire before single bead)

Glory be to the Father/Mother and to the Son and to the Holy Spirit.

As it was in the beginning, is now and ever shall be, world without end.
Amen.

The Fifth Joyous Mystery is discovering the Adolescent Master Jesus in the Temple (said on large single bead)

The young master Jesus sees his concerned parents and reminds us all "The actions I take are aligned with my soul purpose and support my spiritual journey."

Awakening to spiritual nature opens our eyes to choice. In this huge step Jesus stops being a spiritual child and declares his personal power to

listen to his soul voice and purpose becoming accountable for the depth of spiritual connection and growth.

We join together in saying of the Great Invocation;

From the point of Light within the Mind of the Divine
Let Light stream forth into the minds of all sentient beings
Let Light complete the earth.

From the point of Love within the Heart of the Divine

From the center which we call the race of humanity
Let the Divine realm of higher consciousness be embodied and fulfilled
Let Love, Light and Power restore human kind to Grace.

Ten Hail Mary's as we reflect on our soul purpose, and the reasons we entered into this world of form. What did we come to do? Are we in movement or in the quiet resting place on our path towards awakening? Are there steps we could be taking at this time we have let slide? Have we aligned ourselves with the highest expression of truth?

(said on the set of 10 beads)

Hail Mary, Mother of Humanity, all Deities Love Thee, Blessed are you throughout creation and blessed are your children on earth.

Holy Mary, Mother of the Highest One, Nourish us with wisdom and inspire us through our experience in and out of body. Amen.

One Glory Be (said on the wire before single bead)

Glory be to the Father/Mother and to the Son and to the Holy Spirit.

As it was in the beginning, is now and ever shall be, world without end. Amen

Final Prayer (Said on the holy medal)

Hail Holy Queen, Mother of Mercy, You are Guide, Sweetness and Hope. It is to you Mother Mary we turn our open hearts as awakening children of Eve and to you Beloved Sister we respectfully make our requests for assistance, invoking your love- wisdom.

We implore you to look upon us with your gracious eyes filled with compassion and understanding. In our period of growth support us in expanding our vibrational bodies to the realm of Love-Divinity. Oh clement, Oh loving, Oh sweet Mother Mary!

Pray for us Oh Holy Mother of the Christed one, that we may embody and experience the promises of Christ as was intended for us from the beginning. Amen.

I am ageless and timeless. My life continues in or out of this human temple I call my body. Whatever I have done willingly or unknowingly to myself or others that does not resonate with pure truth, can be washed from me through the power of forgiveness and the unending limitless power of LOVE.

We join together in saying The Lord's Prayer (said on the first bead)

Oh Magnificent Source of everything, breath of life, you who are the realm of sound and light, may I experience your glorious nature in my essence. The veil between heaven and earth becomes transparent in this realm. In my great gratitude and love I ask that your divine will become the guiding truth of this wondrous human domain.

I am profoundly grateful for your guidance, moving my thoughts and actions towards embodied wisdom and understanding. I celebrate your generous assistance in manifesting my daily needs. Detach the fetters of faults that bind

me karmically and support me in discovering the deeper blessings of challenge and discordance. Point my focused direction to contribution and depth, free from those actions that take me away from my highest expression of self.

You are the source of pure truth, power, grace and beauty. You are constant throughout the ages of human kind. Sealed in trust, faith and truth. Amen.

Three Hail Mary's (said on the set of 3 beads as we invoke the Light Love and Spiritual Power of our unfolding essence)

Hail Mary, Mother of humanity, all Deities Love Thee, Blessed are you throughout creation and blessed are your children on earth.

Holy Mary, Mother of the Highest One, Nourish us with wisdom and inspire us through our experience in and out of body. Amen.

One Glory Be (said on the wire before large single bead)

Glory be to the Father/Mother and to the Son and to the Holy Spirit.

As it was in the beginning, is now and ever shall be, world without end. Amen.

Oh Lord Jesus help us to forgive our own errors and assist us in our divine quest.

Lead all beings to Love, Light and Empowerment, especially those most in need of your compassion. Amen.

The First Challenging Mystery Is the Agony in the Garden. (said on large single bead)

In this scene of solitary prayer in the garden of Gethsemane we observe sleepy disciples who cannot seem to stay awake and hold the space to support the Master. Jesus is in prayer facing his immediate future and at moments slips into negotiating with Father/Mother God for some other alternative choice. It reminds us of a higher unknown plan. This plan may appear beyond our human conscious understanding. Our wondrous opportunity is to embrace what we have been gifted and what we have set up for ourselves joyfully. We can take comfort in the idea that even the Holy Ones had moments where they were in question of the plan, and know whole heartedly that no matter how things may seem to appear, they are still working perfectly. Nothing happens without cause, there are no mistakes. There is purpose and blessing in everything. As we are lifted out of the human persona and view of the mundane existence we are gifted a foundation of Love–Wisdom and God purpose in our lives.

We join together in saying of the Great Invocation:

From the point of Light within the Mind of the Divine
Let Light stream forth into the minds of all sentient beings
Let Light complete the earth.

From the point of Love within the Heart of the Divine
Let Love stream forth into the hearts of all sentient beings
May absolute Christ love be realized on earth.

From the center where the Will of the Divine is known
Let Divine insight guide the resolve of all sentient beings
The source wisdom the Masters know and serve.

From the center which we call the race of humanity
Let the Divine realm of higher consciousness be embodied and fulfilled
Let Love, Light and Power restore human kind to Grace.

Ten Hail Mary's as we reflect on the Love-Wisdom that sustains us and the unending energy of spirit to propel us with great momentum through our moments of despair, towards restoration. Comfort and trust replaces fear as we surrender our uplifted hearts to a higher plan.

(said on the set of 10 beads)

Hail Mary, Mother of humanity, all Deities Love Thee, Blessed are you throughout creation and blessed are your children on earth.

Holy Mary, Mother of the Highest One, Nourish us with wisdom and inspire us through our experience in and out of body. Amen.

One Glory Be (said on the wire before single bead)

Glory be to the Father/Mother and to the Son and to the Holy Spirit.

As it was in the beginning, is now and ever shall be, world without end.
Amen.

The Second Challenging Mystery Is Master Jesus visibly dishonored in the Temple (said on large single bead)

This event reminds us of the pain and suffering of the human condition. Perhaps the Story would have played out very differently in this new era

of light and love. Our day is so different then 2000 years ago and the populace of Jesus time needed the inspiration of a selfless Martyr to move them on the path of dedication and devotion. Jesus surrendered to the moment and served his era and followers whole heartedly. What was inspiring then from our new perspective may appear puzzling. Against the new back drop of empowerment, accountability, easy access to the divine source we've come a long way.

In every age a devotee following the path of Love and Light will meet with moments of challenge. As we awaken to our spiritual nature we begin to release old harmful patterns and programs. We take our place as wise elders, building our nature and identity with our highest spiritual expression. In this spiritual nature we partake in divine grace. Our expression becomes one with Love-Wisdom and our actions and our interpretations reflect cherishing, honor, love and respect for all.

We join together in saying of the Great Invocation;

From the point of Light within the Mind of the Divine
Let Light stream forth into the minds of all sentient beings
Let Light complete the earth.

From the point of Love within the Heart of the Divine
Let Love stream forth into the hearts of all sentient beings
May absolute Christ love be realized on earth.

From the center where the Will of the Divine is known
Let Divine insight guide the resolve of all sentient beings
The source wisdom the Masters know and serve.

From the center which we call the race of humanity
Let the Divine realm of higher consciousness be embodied and fulfilled
Let Love, Light and Power restore human kind to Grace.

Ten Hail Mary's as we contemplate on the wise elder wisdom needed to see beyond the illusions of an imperfect situation. We release our attachments, addictions and willingness to blame others. Through detachment, neutrality and compassion we emerge from the fog of muddled instability into the light of a higher perspective.

Hail Mary, Mother of Humanity, all Deities Love Thee, Blessed are you throughout creation and blessed are your children on earth.

Holy Mary, Mother of the Highest One, Nourish us with wisdom and inspire us through our experience in and out of body. Amen.

One Glory Be (said on the wire before single bead)

Glory be to the Father/Mother and to the Son and to the Holy Spirit.

As it was in the beginning, is now and ever shall be, world without end.
Amen.

The Third Challenging Mystery Is Master Jesus Crowned with Thorns. (said on large single bead)

This Challenging mystery brings us through an important spiritual step of piercing through the mental body and the ego. Jesus is crowned, around the head with thorns. His non- resistance, and acceptance, allows him to move through to the other side, where spiritual liberation is at hand. By

**embracing each challenge, our personal crown of truth is embodied.
Courage and trust must be present on this journey of initiation.**

We join together in saying of the Great Invocation;

From the point of Light within the Mind of the Divine
Let Light stream forth into the minds of all sentient beings
Let Light complete the earth.

From the point of Love within the Heart of the Divine
Let Love stream forth into the hearts of all sentient beings
May absolute Christ love be realized on earth.

From the center where the Will of the Divine is known
Let Divine insight guide the resolve of all sentient beings
The source wisdom the Masters know and serve.

From the center which we call the race of humanity
Let the Divine realm of higher consciousness be embodied and fulfilled
Let Love, Light and Power restore human kind to Grace.

Ten Hail Mary's as we reflect on manifesting the crown of truth, releasing mind chatter, lost focus and delusions, moving powerfully toward clear thinking, serenity and ease in the mental body. Courage builds faith and trust, it anchors the heart center and emotional body with divine love. This resulting confidence solidifies self-assurance and the knowledge that all is in order regardless of how things may seem to appear. By taking this step you have directly opened your crown to connection with the Supreme Being.

(said on the set of 10 beads)

Hail Mary, Mother of Humanity, all Deities Love Thee, Blessed are you throughout creation and blessed are your children on earth.

Holy Mary, Mother of the Highest One, Nourish us with wisdom and inspire us through our experience in and out of body. Amen.

One Glory Be (said on the wire before single bead)

Glory be to the Father/Mother and to the Son and to the Holy Spirit.

As it was in the beginning, is now and ever shall be, world without end.
Amen.

The Fourth Challenging Mystery Is Master Jesus carrying the weight of the cross. (said on large single bead)

This memory reminds us that we are never alone even in the most difficult moments. When Jesus stumbles from the burden, the Divine sends one to carry the cross for the duration of the journey.

We grow with the challenges of life through our strengths and weaknesses. We quest towards the fulfillment of harmony in spirit and body, emotions and mind. This reminds us of the importance of spiritual practice and consistence in both the mundane repetitions of daily life and the moments of ecstatic union. As we find gratitude for the life we live in all its varied states we are transformed.

We join together in saying of the Great Invocation;

From the point of Light within the Mind of the Divine
Let Light stream forth into the minds of all sentient beings
Let Light complete the earth.

From the point of Love within the Heart of the Divine
Let Love stream forth into the hearts of all sentient beings
May absolute Christ love be realized on earth.

From the center where the Will of the Divine is known
Let Divine insight guide the resolve of all sentient beings
The source wisdom the Masters know and serve.

From the center which we call the race of humanity
Let the Divine realm of higher consciousness be embodied and fulfilled
Let Love, Light and Power restore human kind to Grace.

(said on the set of 10 beads)

Ten Hail Mary's as we consider the wisdom and trust needed on our path of initiation. It is a natural part of life in the varying phases of Joy and Challenge. For the fullest experience of growth we will ride the waves of faith knowing all is well no matter what the logical mind is saying. Inspired we will contribute through loving others. By rising our energy patterns the living cells of all life around us are lifted to higher realms of awareness(said on the set of 10 beads)

Hail Mary, Mother of Humanity, all Deities Love Thee, Blessed are you throughout creation and blessed are your children on earth.

Holy Mary, Mother of the Highest One, Nourish us with wisdom and inspire us through our experience in and out of body. Amen.

One Glory Be (said on the wire before single bead)

Glory be to the Father/Mother and to the Son and to the Holy Spirit.

As it was in the beginning, is now and ever shall be, world without end.
Amen.

The Fifth Challenging Mystery Is the Master Jesus (human), dying on the Cross. (said on large single bead)

Our Christian tradition teaches that we must die to the lesser to be one with the higher. In this 'death' we make our passage by releasing the ego, opening up to the state of unconditional love and oneness with everything and everyone. The movement can be difficult, the results profound. We attain Spiritual freedom. As our lower nature dies off we are welcomed into the company of the mystics and Holy Ones of all traditions.

We join together in saying of the Great Invocation;

From the point of Light within the Mind of the Divine
Let Light stream forth into the minds of all sentient beings
Let Light complete the earth.

From the point of Love within the Heart of the Divine
Let Love stream forth into the hearts of all sentient beings
May absolute Christ love be realized on earth.

From the center where the Will of the Divine is known
Let Divine insight guide the resolve of all sentient beings
The source wisdom the Masters know and serve.

From the center which we call the race of humanity
Let the Divine realm of higher consciousness be embodied and fulfilled
Let Love, Light and Power restore human kind to Grace.

Ten Hail Mary's as we reflect on the difficulties that 'appear' to slow us down on our eternal quest. In these moments of difficulty our resilience and capabilities surface. Fortified with dedication and devotion we meet our challenges with strength inspired and encouraged by the Holy Ones who have travelled the path before us to light our way.

(said on the set of 10 beads)

Hail Mary, Mother of Humanity, all Deities Love Thee, Blessed are you throughout creation and blessed are your children on earth.

Holy Mary, Mother of the Highest One, Nourish us with wisdom and inspire us through our experience in and out of body. Amen.

One Glory Be (said on the wire before single bead)

Glory be to the Father/Mother and to the Son and to the Holy Spirit.

As it was in the beginning, is now and ever shall be, world without end.

Amen.

Final Prayer (Said on the holy medal)

Hail Holy Queen, Mother of Mercy, You are Guide, Sweetness and Hope. It is to you Mother Mary we turn our open hearts as awakening children of Eve; and to you Beloved Sister we respectfully make our requests for assistance, invoking your love-wisdom.

We implore you to look upon us with your gracious eyes filled with compassion and understanding. In our period of growth, support us in expanding our vibrational bodies to the realm of Love-Divinity. Oh clement, Oh loving, Oh sweet Mother Mary!

Pray for us Oh Holy Mother of the Christed one, that we may embody and experience the promises of Christ as was intended for us from the beginning.
Amen.

The Glorious Mysteries

Leader: **let us begin...**(looking at the cross you may choose to kiss the cross or cross yourself) Holding the cross in your hand, Make the sign of the cross by using the fingers of your right hand and touching your forehead saying together;

In the name of the Father/Mother... (then touching your chest and say)
...and of the Son...(then the left shoulder)... and of the Holy.... (right shoulder)
... Spirit Amen.

Love Wisdom Creed (Said together on the cross of the risen Lord)

There is one infinite God/ Goddess vibration of love that creates everything seen and unseen. This all prevailing presence is light, love, miraculous creation, and the sacred expression of inclusion. Divine love embraces all humanity, regardless of religious preference or any other human selective difference. Heaven is here on earth.

I am free to live a life of spiritual freedom and full self expression liberated in love, gratitude and mastery in this body here and now. My spirit is limitless. I am responsible for any limits I experience in this body and have complete access to the divine through prayer and contemplation to release myself from any human bonds I have worn as spiritual clothing that no longer resonate with my essence.

I enjoy direct mystical access and divine union while practicing spiritual rites. These sacred rites belong to all humanity. In the Christian tradition they are known as Baptism, Rebirth, the Communion of Saints, the Sacrament of Communion and the Mystical Bridal Chamber. I follow the sacred path towards Spiritual Awakening, Enlightenment, Transmutation and Ascension in this life.

I experience the presence of the Christed one known to me as Jesus the Christ. Jesus Christ was Avatar, Teacher, Guide and friend. I revere blessed Mother Mary, who is compassion, love, forgiveness and healing. I trust in the existence of Holy Spirit who is essence living in me as life force.

I trust in the reality of the Holy Ones, the Divine Male and Female Deities who have sprung forth from all the great and lesser known spiritual paths to teach and guide us on the path of Love Wisdom.

I am ageless and timeless. My life continues in or out of this human temple I call my body. Whatever I have done willingly or unknowingly to myself or others that does not resonate with pure truth, can be washed from me through the power of forgiveness and the unending limitless power of LOVE.

We join together in saying The Lord's Prayer (said on the first bead)

You are the source of pure truth, power, grace and beauty. You are constant throughout the ages of human kind. Sealed in trust, faith and truth. Amen.

Three Hail Mary's (said on the set of 3 beads as we invoke the Light Love and Spiritual Power of our unfolding essence)

Glory be to the Father/Mother and to the Son and to the Holy Spirit.

As it was in the beginning, is now and ever shall be, world without end. Amen.

Oh Lord Jesus help us to forgive our own errors and assist us in our divine quest.

Lead all beings to Love, Light and Empowerment, especially those most in need of your compassion. Amen.

The First Glorious Mystery is the Resurrection (said on large single bead)

In the story of the resurrection Jesus vanishes from the tomb. Death of the body does not mean death of the spirit. The Angel speaks to Mary of Magdala and later to the Disciples, "He is not here, he has been raised up". In glorious celebration we know and affirm life beyond the physical body. Our spirit lives on!

We join together in saying of the Great Invocation;

From the point of Light within the Mind of the Divine
Let Light stream forth into the minds of all sentient beings
Let Light complete the earth.

From the point of Love within the Heart of the Divine
Let Love stream forth into the hearts of all sentient beings

Let Divine insight guide the resolve of all sentient beings
The source wisdom the Masters know and serve.

From the center which we call the race of humanity
Let the Divine realm of higher consciousness be embodied and fulfilled
Let Love, Light and Power restore human kind to Grace.

Ten Hail Mary's as we absorbed the knowledge of our immortality! Our life continues to evolve as we move between the physical and astral plans. We practice through meditation and sleep to navigate the astral realms. As we shed these mortal bodies for the last time we return to our astral home and life continues. I am more than what is seen in this physical body.

(said on the set of 10 beads)

Hail Mary, Mother of Humanity, all Deities Love Thee, Blessed are you throughout creation and blessed are your children on earth.

Holy Mary, Mother of the Highest One, Nourish us with wisdom and inspire us through our experience in and out of body. Amen.

As it was in the beginning, is now and ever shall be, world without end. Amen

The Second Glorious Mystery is The Ascension (said on large single bead)

In the story of Ascension Jesus speaks to his devoted followers then visibly ascends into the heavens to assume his role in sacred service. Now available to both those in and out of body, through prayer and contemplation he takes on his fulfilled enlightened place among the greater community of Holy Ones.

We join together in saying of the Great Invocation;

From the point of Light within the Mind of the Divine

From the center which we call the race of humanity
Let the Divine realm of higher consciousness be embodied and fulfilled
Let Love, Light and Power restore human kind to Grace.

Ten Hail Mary's as we remember our spirit life in the realm beyond the physical body. Even when we are in the muddle and confusion of the physical, we have glimpses what is often hidden from us. I am eternal, my life continues in the subtle plans.

(said on the set of 10 beads)

Hail Mary, Mother of Humanity, all Deities Love Thee, Blessed are you throughout creation and blessed are your children on earth.

Holy Mary, Mother of the Highest One, Nourish us with wisdom and inspire us through our experience in and out of body. Amen.

Glory be to the Father/Mother and to the Son and to the Holy Spirit.

As it was in the beginning, is now and ever shall be, world without end.

Amen.

The Third Glorious Mystery is Pentecost. (said on large single bead)

Pentecost is the outpouring of spiritual gifts! We are an open vessel flooded with spiritual gifts! Our cup overflows with inspiration, abundance and divine love. Living our lives fully self expressed in the celebration and gratitude for all these incredible blessings, our very essence expresses divinity and blesses all humanity! 'And unto each of us a gift is given' As we awaken to the gifts we are given and own them, we find our way to contribute in the world.

We join together in saying of the Great Invocation;

From the point of Light within the Mind of the Divine

As it was in the beginning, is now and ever shall be, world without end.

The Fourth Glorious Mystery is the Assumption. (said on large single bead)

The Assumption is the mystery of Mother Mary's body transported into the heavens. Across religions and across the globe we find stories of holy ones who take their mortals bodies with them leaving no trace behind. They move freely between the physical and the astral plans. We celebrate ascension, life shared with Christ, Mary, the Masters of Wisdom and the Holy Ones.

We join together in saying of the Great Invocation;

From the point of Light within the Mind of the Divine
