

Freedom from Spiritual Parasites

Good morning everyone and welcome to Freedom from Spiritual Parasites and Pests. I'm Julie Renee and I am going to help you have an amazing day of clearings and transformation. Please sign in. Let us know where you're calling in from and we had a really nice response to this very first of its kind class. So super excited to have you all here.

Let's see. Trevor. Yay. Trevor's here. Berlin. "Hot over here but love it." Yay. Enell. Hi, Enell. Greetings from Estonia. Hey, I think you've been on some of the other classes, haven't you? I recognized that. Elizabeth from Norway. Good Morning from Michelle in Arizona. Fantastic. We'll wait a minute or two before we really get into the content. We've got maybe a few more people gonna be signing on. Fathima. Oh my goodness. How fantastic. And from Fairfanks and-- Let's see. Is that Aeta? Elta? Elta. That's it. Hello from New York, and Paula from Israel. Limmy from Estoria. "Small country where Skype was orginiated." Very cool. Cristel, "Hello folks. So delighted to be here. Much love from--" Cristel. Yes. And then John, "Yay. Lovely to see you from the mid-west." Yay. And Gala. And Janice. You say no sound, do you wanna refresh your browser and double check that your speed is fast enough on your internet. We sent you out a test. If not though, we have a dial in number that you also got. So you can hear the sound on your phone if your internet speed isn't fast enough. If you're seeing the video, you can call into the phone line to hear the training. It won't be perfectly in sync but it'll be good enough. Okay.

Maria from Germany here. "No camera." "Good morning from London.", Neslene. Nice. Elizabeth from Ireland. Hi. Vania from Chicago. "Yes from Sweden.", Cristel. And Dorian from Seattle. Nice. Okay. Well-- and more coming. Rendon from Montana. I think that is. Okay. So I love you guys and I'm so proud of you for taking the step. We are going to transform your life today. And this is probably the single most important day of any of my bigger trainings. Is the day that we clean up and get clear from spiritual parasites and really know how to keep our self clear and clean.

Now understand that we're gonna get to zero but one of the things that you wanna know is spiritual parasites are part of the game on the planet. So you're gonna need to know how to clear them. So tomorrow you might have a couple of them and you're gonna need to know how to clear them. So this class is very comprehensive. Obviously, we're gonna be together for 7 hours and I want you to know that it's all recorded and we'll have that available to you and you'll have it indefinitely. So it's a 7 hour-- it'll be too long to upload, so we'll put it on a special page just for the students of this class and it'll be yours forever. So you can go through it. We'll have it transcribed and you'll also get the PowerPoint for this class. Okay.

I was thinking that there was probably some things, when we start doing the clearings, that spiritual parasites are attracted to or attached to. And so one of the things, I think we could do in the beginning, is clear some of those things. But before we do that, let me go to the PowerPoint and we'll go through a couple important points and then we'll work on that issue and you'll get it when we get there. Okay.

So here's Freedom from Spiritual Parasite class and the first thing we're gonna do is learn the quantum pump technique. And I see names on here that I recognize. So I know a lot of you have, at the very least, seen how it's done but we're gonna go through it right now. So it won't be confusing to you. We're gonna start right away with this is how you do the quantum pump for clearing. And then as we progress through the day, there's different hand techniques for the different spiritual parasites. So you'll be learning some different hand techniques in addition to this one but let's do the basic hand technique now which is quantum pump.

So you're hand out-in. Out. In. Out. In. Out. And pretty soon it's not effort. I do this all day long. I do clearings all day long and it does not take any effort from me. So a lot of times I'll say, "Use both hands." and that looks like this. So or like this. And this would be if you're regenerating, and this would be if you're removing spiritual parasites. So it's one and the other for spiritual parasites. This speeds it up a little bit. It's kind of-- we call it a chopping technique. It's kinda like if you imagine that you're chopping, chopping, chopping.

And then lastly, just to let you know, some of my students were goofing around at the last diamond retreat in San Francisco. Some couple of girls from India and they were using their feet and I tested and they were 70 percent effective with their feet. So if you wanna pump with your hands and your feet, you might get a little more action. Not necessary but just a fun little aside. Okay.

So did everybody kind of understand that this is the pump. That's how it looks. That's how it looks. And then the other things I'm gonna teach you, although we're not gonna really use it too much, you're gonna need it in the future when you're looking at what's bothering me is muscle testing. And I think that this is a really important aspect of this training and of all the trainings to do because people say, "Well I'm not a clairvoyant. I don't really see things. How can I tell what's going on?" and muscle testing, kinesiology, is a really good way to get a handle on what's happening. And you're taking your right hand and your ring finger and you're making that ring finger stiff like really firm stiff, and you're using your pointer finger on your left hand and pushing down between the first and second knuckle. And you're pushing down and you're saying, "I am Trevor Lee." and my finger just says, "No. I'm not.", and I am Julie Renee, and then my finger's holding really strong. So you wanna-- one of the things that people with muscle testing have difficulty with is they keep their finger loose thinking that and that's not the case.

You wanna keep your finger really firm. As firm as you can possibly make it because it becomes weak when the answer is no.

Okay. I see a lot of messages so let me just quickly check in the chat box and see if I missed anything important. Okay. Let see. Heather. Nice. Nadia. Nice. Hi, Nadia. "F5 helped." Good. I guess that's tech. Latifa from Bermingham. Nice. Hi, Latifa. Elizabeth from Norway. Yay. So we've got-- it looks like we have 2 or 3 Elizabeths on the call. Suzanne, "Good morning. Excited to be here." Fantastic. Nice to see you, Suzanne. Tanya, "Can you clear anuka-- anunaki-- programming in our DNA for obedience slave?" Okay, so. Maybe. Let's not do that specifically but maybe. Maybe so, Tanya. Let's actually go with the curriculum with is gonna be really fantastic and then if you have something very specific you wanna clear, then you can add to this first clearing that we're doing. So I'm gonna go back to screen share. I'm really happy to have you all here and it looks the gang is all here. Let me just double check and see if we got everybody signed in now. Oh. Yeah. We do. Everybody is here. Fantastic. We'll go back to chat. 29. There's 29 of us. Yay.

Okay. Alright. Good. So we've gone through the quantum pump and our next step-- and I'm actually just gonna add a slide here because I got this this morning when I woke up. Is we're gonna clear some of the problems that show up from spiritual parasites. So migraines-- and restless leg. We can clear sleep issues, and slave issues, if that seems to be something that you're struggling with. Digestion, constipation, nerve issues. Let see. What else to-- spiritual parasites. Vision. Vision is another one that they jump into. Obsessive compulsive. That could be very stimulated by spiritual parasites. Addictions. Skin problems. Yeah that could be. It could be. Let's put it down there and see what shows up. Okay.

So let's-- these are-- I wanna just work on some of these issues as we go through the clearings. Procrastination, disorganization. Could be. Could be that they cause chaos. Okay.

Gary from Saudi. Nice. "Toxins and memory issues." Yup. That would be good too. We can add that. Okay, my dears. What we're gonna do next-- hang on here-- is I'm-- we're gonna go through all of the clearings starting, and these are clearings before we clear the spiritual parasites. So understand this is our list and then if you have anything personal that you want to type in the chat box, that's okay. I had a young woman who, 22, and she was, you know, she was really kind of like had a really strong masturbation issue and that would be spiritual parasites getting in your way. So if there's something that you don't wanna type, just clear it now. So we are not going to actually, specifically, now that is our list. We're gonna clear amplification and we're gonna go down through the list: amplification, perception, emotions, and DNA, so blood line. So we're gonna just

start with this list but we're clearing everything that allows spiritual parasites in your space and we start with amplification.

And the field of amplification is part of the human blueprint. So you don't wanna get things too confusing for you but understanding that the blueprint is perception which is thought forms; essence which is your spirit, soul, life force; matter which is all things physical; and energy, and that would be the chakras, the aura, the golden rings, the halo, your spirit access portal, human spirit access portal, your nadis, your meridians. So everything that makes you up energetically. And then we have the fields or realms that escort you.

We have the realm of genesis, new life. So how we can actually become a person that, you know, with one sperm and an egg. But genesis we also do with cell regeneration. So new cells can spontaneously happen. Embodiment, the ability to live in the body, spirit embody, and by the way, you're pumping 'cause we're clearing at this point. And then the next realm is quantum, and that's what we're using today, the quantum field, and that is saying that we are all particles vibrating in a particular way. And by doing this quantum pump, we're reorganizing the way the particles are vibrating, and particles will vibrate because they're being influenced by a variety of different things and that's what we're clearing. And then the last field that supports the human blueprint is amplification. And we're looking at the negative aspects as we clear but amplification, if you think about it, is like the law of attraction. So anything that you consist and think about, you draw to you, so, and by the way, spiritual parasites, all of them, are under the field of amplification. So that would be where we would find them and clear them.

And by the way, all of you can-- I see a bunch of additional things-- I'm not gonna go back to the list but you can add all of your own things to your own personal list and we will clear everything. So confusion and decision, heart, shoulder, itchy shoulders, mid-back-- I don't know. Maybe so. Itchy seems like and shoulder pain could be 'cause it's burdens and responsibilities. Stutter stammer could be. Could be. It's something that being affected in the brain. Procrastination definitely could be. Immune system issues, maybe, although I would look to the function of some of the major players in the immune system but it could be. Okay.

So we're clearing now is we're clearing Lucifer stops, soul contracts, demonic, evil, spirit, and satanic curses, timelines, and karma, and cycles. So we're using the pump and just clearing for everyone. So you're clearing for yourself, you're clearing for the group, and I'm clearing for all of you. And we're clearing any reason that spiritual parasites and pest can get in your space, and I say spiritual parasites and pest because technically aliens are pests, not parasites, where some of the others are actually parasites, so they feed off you. Where aliens are pests. They don't feed off you but they are troublemakers in your space.

Okay. So continuing. We're gonna do this for awhile. We might be doing this for half an hour, so. Let's see here. I'm gonna come back to you. You're gonna get my friendly face. So anything that you suspect-- let's just go ahead and put on the list clearing, and yeah. It's a beautiful summer day here in Carmel Valley. The sun is shining. It's early morning. It's 8:20 in the morning here. The air is fresh and crisp. It's like 65 degrees. I'm at the top of the mountain. Took some pictures. I think I posted a picture on Facebook this morning with the pinks. Pink at the dawn. The sky was pink over the ocean, and the ocean's about 13 miles that way but I'm at the top of a mountain so you can actually see in the very far distance. You can see through the mountain ranges the ocean. So it's really paradise. And I'm one the Monterey Peninsula in California if you're curious. In a beautiful village area. I'm actually just above a mile above a little village. It does have kind of a sweet European feel. There's vineyards and ranches and that's primarily-- I'm living among the vitners and the rangers.

So just gonna continue to pump and clear and we're including all of that. I woke up this morning hearing you guys this request. So thank you. You guys started talking to me at like my time for the morning, so. And one of them that came through that was so loud and clear which was like, "Why do I eat more food than I need to eat?" and habits, "Why do I have habits I don't want to have and I've really worked on them?" "What's in the way of me being more successful with business?", and definitely the spiritual parasites have a big impacts of all of these stuff. So I got the message and we're adding this to the beginning of the class which I think is great. And then we'll be going through one by one and we'll be clearing the spiritual parasites which is great too. So we clear amplification, perception, emotion, DNA, and bloodline, and then we go in and we start in the second hour we'll start with the spiritual parasites and pest. So we have a whole list.

There is a question. "How is related to karma?" I'm assuming Gala that you're asking a technical question 'cause I don't know what that is. How would it be related to karma. In the field of amplification, you could've created karma about bringing aliens in or whatever. You could've thought that that was fun at some point. Done that with a group. Created an obligation of some kind that needs to be released. So you think about actions in former lives or you've been in this life. If you're fascinated with that kind of stuff and then got involved with a group that were like, "Oh. Let's bring all the grace in." or whatever. And you started like creating an obligation somehow what you were gonna do that for them. And we just clear that out, so. I think that that's probably the main way.

Yeah. If you setup some kind of a system to harm others or to bring things in another life, maybe. You know, not everybody is a saint in any life. Let's say that none of us are saints in any life. That we have our good stuff and our bad stuff. And a lot of times we're influenced like the behaviors we do that we, "Why did I do that?", are influenced by parasites and pests. So let's just say that we're humans evolving and we can just clear

whatever we learned from the past that we don't wanna repeat and don't want it in our space anymore.

Okay. Elizabeth. "There is previous healer that still likes to get in my face and in my way." That actually we cover. Good news. I included that and believe it or not, that is under the ghost section. So that would be people who have a body but who occupy either your body or your field and/or-- so they do come in as spiritual parasites and that is included in the class.

Oh that's nice, Brenda. Happy to hear that. It's beautiful here. It's so beautiful here. You're gonna love. California's like a country. It's huge. It's the equivalent of like 3 states or something. I think it has 10% of the population of the United States lives in California but I'm in a particularly rural area. Feeling really blessed here. So beautiful.

Okay. Well I see that some of you are having some challenges with the video. We did ask for this long class. We need you to have a high speed internet or to use the phone also as a backup. So I'm sorry if you're being challenged and I did actually do a blessing and clear the technologies. So I'm hoping before the class, I'm hoping that in grace and ease that we get through this seven hours. Really just effortlessly. So hopefully-- hopefully, so. But please we do have the phone line, so that is our backup so that you don't struggle. So if your internet isn't quite fast enough or the speed drops off for a while, you can refresh the screen and you can use the phone line. And I followed your request and got a phone line network internationally. So you know you're-- we did everything we can to make this work really well for you. So I'm hoping that you get a really, really positive experience and you don't struggle too much for technology.

Awesome from Elizabeth. Fathima, "Will this help preventing psychic attacks from others?" Likely yes. And Alda, Thanks. Okay. Are you guys-- I'm not seeing but I have my producer on this call with us, are you getting messages from her? She's suppose to be helping you. I can't see it. I don't know why I can't see it. Funniest thing. But she says that she does respond to you, so I'm sure she is. I just can't see when she responds to you, isn't that crazy?

Okay. Let's where we are. Oh good. We're about 80 percent through. So we'll get through this way before the first hour. So all we're doing right now is clearing perception-- No. We're clearing amplification. Oh we're at a hundred percent through. Let me switch screens here and we'll go back to the next clearing. Keep pumping though. Don't stop. And here we go and okay. So we cleared Lucifer stops, soul contracts, demonic, evil, spirit, satanic, curses, timelines-- nope. Karma, yes. Cycles, no. Okay. So we need to still do timelines and cycles. I'm going to teach you a different way to do that so that you're more effective.

Timelines and cycles, this side hand movement. That's how it looks. That's gonna really good for timelines and cycles. Okay. So it goes like. You're just kind of-- yeah. there we go. So that's the next hand movement. That's hand movement number 2, timelines and cycles. You'll also be using this in DNA. It's a slightly different movement for a different kind of program.

Timelines, if you could imagine, that there's a timeline out in front of you and a timeline behind you, and sometimes there are things wired into the timelines that aren't part of your experience that you hit that stage, you know, "Oh. I'm 52 years old." and boom. Something blasts off. And so we're clearing the timelines from the heart and from the body and from the mind, you know, all the timelines that we have. We're clearing those so that there's no time bomb that goes off in the future that says, "Hey. Let's bring in some more spiritual parasites." And also cycles. And I can think of one cycle that I was really involved with. I must have done moon worship in past lives because full moons for me were always so difficult 'cause I couldn't see through a full moon and I was wide awake like somebody turned the lights on in my head. That's a cycle and by clearing that cycle, I typically sleep very well through full moons unless there's something else really going on that. Some other cycle that's allowing it to kind of show up.

My favorite big mug. Earl grey tea in my peacock mug. Love peacocks. Yay.

Oh Elizabeth. I am so glad and I'm really glad that you saw it. You did promote it a lot. This is the first time through. So you guys are my guinea pigs. I have taught similar training in the diamond class but we've never ever tried a 7 hour live stream and it's exciting and it's like, "Okay. What's gonna happen?" and I'm thrilled to be doing it. I'd love to have a thousand people on a call eventually. It's wonderful that I can see each one of your messages. So to keep the class at like 30 students is so perfect. It's really, really, really ideal.

Okay. Let's see. Did we get the cycles now? We got cycles and timelines are cleared. Okay. Good. So we go on to the next slide. Here we go. And the next slide is perception. And you go back to the regular pump now and we're clearing group mind, group mind virus, curses, black magic, things that you say about yourself, "Oh I have a headache." , and then the spiritual parasite becomes you because you said, "I have a headache." and it is a spiritual parasite. Atheist thought forms meaning "I don't believe I can clear this. I don't believe I can do it." That kind of thing. That's an atheist thought form. And then again, timelines, so at the end, there are timelines that have known in perception. Timelines are found-- you know, you can muscle test and see but in this case we're working on spiritual parasites, I did find timelines in this area too. And everybody really has the deeper understanding of perception. We call this field-- this is part of your blueprint. Part of how you are. Part of your make up.

In the beginning was the word and the word was God and the word was with God. Before spirit, before your essence, before your physical body, before anything, there were thought forms. There was this moving active awareness. This awareness, in the English language the closest word we come to this is perception. Typically when you read about perception in the dictionary, you're gonna see that it's how you perceive things in other words, through your ego or through your mind, how you're perceiving things. But in this case, perception is the thought forms that are influencing how everything unfolds through you and how you are aware of everything. So if you were multi-millionaire and you had a lot of group mind around that validation, you would see or experience things very differently than a homeless person. And your-- they thought forms that would be in your space might be, you know, like thought forms of a ruler or a king or, you know, a philanthropist, or a capitalist. Very different thought forms maybe group mind. Very different maybe than someone who, you know, has a little business and makes 50 thousand a year.

So to kind of help you understand a little more, perception are all the influencers that affect what you process and how process. I hope that make sense. And so group mind would be like maybe you're part of a religion like being a Lutheran and all Lutheran's think a particular way or Latter day saints or Jewish or Islamic or Sufi or Yogi. There's a group mind and it doesn't necessarily mean there are positives in group mind. Group mind can really uplift but also group mind can really influence sometimes negative or keep you locked in to a nega.

Group mind virus would be a negative. So if you think about-- I mean the worst of group mind virus, what Hitler influenced so many people to believe something that was just not real or true. So that would be virus. Not something healthy.

Curses are really just things that your-- someone has said to you that are negative. Like you have a fight with somebody and they say, "I curse you." or "I-- you know-- wish you ill." I don't wanna say anything bad. I spent life keeping my words clean. But if you know, if you had a fight with somebody-- A good example of this, one of my students from the Cacao Islands, her husband cheated on her and everyday for 2 years she yelled at him and said mean things to him. And we were cleaning her up and she said, "Why do I have so many curses in my space?" and I said, "Well. You have curses in your space because you believe in it. It's a system you believe in." and she goes, "What?", I said, "Well. You know what, I wonder if we looked at how you're husband is doing. You've had fights, right?" and she said, "Yeah. Every day I yell at him.", I said, "Well let me just see how many curses you put on him since he, you know, apologized for cheating on you.", and she had put on 16 thousand curses in 2 years. 16 thousand curses in two years. So we cleaned him off of her curses. Understand that it's a system and if you don't believe in it and you removed the curses you put on other people, you're must less susceptible to having curses in your space.

Black magic is really things that you say to influence yourself that don't help you. "I can't heal. I can't get better. My head hurts." You know, other things-- these are things that I hear pretty regularly and I coach people, "Please be careful about what you say. Please be careful with your words." So black magic is things we say about our self that create a thought form and a pattern in our field that doesn't allow us to get well or overcome a problem.

Atheist thought form, we talked about that a little bit about not believing. I don't believe it. I don't believe I can do better. I don't believe I can clear these spiritual parasites. I think that this is the way it's always gonna be. I'm not strong enough. I'm not worthy. Whatever that is. The thought forms of disbelief.

And the timelines in perception, timelines-- these would be things related to the future. So we would just be clearing out things related to the future and perhaps tapping into the things that we've just listed. Group mind, group mind virus, curses, black magic, and atheist energy. So clearing out your movement towards those in the future.

Okay and we're just doing the quantum pump. I see a request. I don't know when it came in for a demonstration of-- let me just check where we are with perception. We're about 60 percent through with perception so just keep pumping. And I'm just gonna show again the example for the quantum pump which is this and that's what we're doing in perception and we're 60 percent through on perception. Yeah. It seems like we'll be able to get through the clearings in the first hour on preparing for removing all the spiritual parasites and then we'll go into one by one in the next hour, we'll start with the parasites and pests. Yay.

I'm doing something different you keep pumping. I'm gonna speed this up and I can do something with my hand. I'm doing kind of this thing. It's a little bit like the sweep thing with the DNA. We do it this way. As a teacher and I can just help amplify things much faster if I do this. So you do this. This is what you do. You're not the teacher. So just this, this, this. And I'm just gonna speed it up so you may feel a little woosh going on. We got a lot to clear in 7 hours.

And by the way, how the class is gonna work, we're gonna take a break at the end of each hour and it'll be 5 or 6 minutes. Get up. Get a drink of water. Stretch. Go to the bathroom. We will take a meal break and that will be in like 3 hours. So we'll take like a 25 minute break. A little more than half way through and I'd really like you to just move around and, you know, get some food. I release we're all in different time zones. I can't teach for 7 hours without eating, so I'm gonna need to fuel my body and I'd love for you to do the same but each hour and we'll put a PowerPoint screen that says that we're on a break. And typically the breaks are 5 or 6 minutes. I shoot for 5 minutes but, you know, sometimes are 6. And then we'll have a longer break like a 25 minute/30 minute

break in 3 hours and that would be a time to maybe go outside and breath some fresh air, you know. Do whatever really helps you feel grounded in your body and then we'll come back and we'll do even harder stuff. So you'll have super powers by then.

Oh. That's great, Elizabeth. That's really, really happy to hear that. We're not using the side hand movement right now, Brenda. So I will do the side movement again when we're doing the side movement which we will get to again in a little bit. I don't wanna confuse the rest of the class. So you're just doing the pump right now and then when we get down to DNA, we'll again show the side movement. Yeah. You're gonna learn a bunch of hand movements today and I wanna do when it's the appropriate time and I know you understand.

I'm so happy you guys are all here. Yay. The gang's all here. Oh my goodness. Now we have 33. Who knew. Did we have some more people sign up? We must've. That's fantastic. Okay. We're 83 percent through on perception.

Oh. I wanted to check, are any of you going to be in the online training next week? The diamond level training. If you are, say so in the chat box. I'd like to get a sense of who's joining me for the 7-day training. Okay.

Okay and we just need to clear timelines. And do the chopping movement, two handed movement, for this timeline. So the double-fisted alternating hands. Like this. For this particular timeline in perception, we're doing this.

Okay, Suzanne. Fantastic. There we go. So we're just clearing the timelines here. Yeah. *Golden Age* is this Friday exactly. So if few of you are in *Golden Age* maybe. Okay. Good. Perception is cleared. So we go back to the PowerPoint again and we did get the timeline and perception cleared and so now we're going onto emotions.

And in the area of spiritual parasites where emotions are affected and where programs are running that would allow spiritual parasites to affect us are in the emotional body, the emotional brain, cords-- interesting. And that's to typically cords to our children. So their spiritual parasites can come in and out of those cords. Interesting. And timelines, and timelines related to-- and timelines related to future so in other words, you know, re-establishing this stuff after we've cleared it. So now we clear timelines so that we don't re-establish this stuff.

I'm just continuing to do the quantum-- the pump.

Oh, Crystel. That's a good question. Do we use this one time or do we use them as needed. You're gonna use them as needed. The-- as I explained, the game on the planet is spiritual parasites and pests. So unless you were living in the Himalayas on top of a mountain in a cave by yourself, you're gonna be exposed to other people's spiritual

parasites and building spiritual parasites and whatever. And so what I'm doing is we're gonna clean you to zero. I'm gonna teach you how to clear your house, how to clear your car, your property during the day today and then you'll have this skill and you'll never have so many as you have, you know, when we started this morning. And you'll want to clean yourself out. Maybe once a week or once a month or whatever it is, you'll have-- you'll have the ability to immediately, when something comes in, you'll feel the difference and you'll be able to clear it out for yourself.

Right. Leilani. Yeah. That is certainly an issue where you feel like some things under your skin or on top of your skin or even can make your stomach move from side to side, those are spiritual parasites.

Okay and we've gotten through emotions and we're moving next to DNA and bloodline. And in DNA we'll be working on clearing DNA and DNA resets. So if there's something that's locked in, that will set you back to the old program. Tomorrow we're clearing that. Telomere expansion meaning compression if your telomeres have been compressed by spiritual parasites or, you know, other conditions related to spiritual parasite we'll clear that. And then bloodline and clan, so we'll be clearing that.

So now we're gonna go to that side to side movement. I'm gonna come back on the screen and show it to you again. And so this is this movement. When I teach it in the diamond class for DNA, we do this. All the way across or you can do this. It's a slide. It's a slide movement. Slide across. You can kind of imagine sliding across the DNA that has 22 of fathers, 22 of mothers, and 2 original god DNA. You're just clearing off that DNA strand by sliding across.

No. You won't be clearing people in places before you go. I'll be teaching you how to pull your aura in so you don't pick up a lot of stuff that-- if you imagine each person might take 7 to 9 hours to clear. You don't necessarily wanna be responsible for just spending your entire life clearing. You wanna have a happy fun life. One of the things that happens, and we really teach this in the diamond class, is how to pull your aura in to 9 inches around your body or 18 inches around your body. If you can take it really close.

When I'm out in public, I actually keep my aura like, you know, an inch in, you know, right up against me which allows me not to pick up so much stuff. And I'm saying it's so much easier to be out of groups. I went to the unstoppable gala and you have to understand how extremely sensitive I am and how it's like for me if I go into a group and speak on stage but being in groups is really exhausting for me because everybody's aura is so extended.

And I discovered that if I pulled my aura in, I can do pretty well by not participating in extending my aura out over everybody else. So that I wasn't picking up all their spiritual

parasites and all the fuzzy stuff in their aura. And so that's what I recommend for you also is to ground and clear yourself and then pull your aura really tight in, so you're not wanting to get lots of information about people's field when you're out in the big group. And you can test-- I mean I generally don't pick up stuff but I know better like if you feel like "Oh that feels really funky."

The student were here. They wanted to go to like-- I don't know some-- maybe some local restaurant bar kind of lounge thing. And we walked in there and like I just like "Ew". I said, "Guys. I got the creeps in here. Let's go. It's full of spiritual parasites." And we just took off and left. And we went to a lovely Mexican white table cloth restaurant and it was lovely and it was easy to sit there. So you'll know the clean places to go to eat or the clean places to listen to music or whatever. You'll know because you'll be sensitive to that as you become more aware and more attuned to your environment. You'll know.

Oh. Good. Alright. Good. Very much so, Janice. Responsible to anxiety and panic. Very much so. And so if you say, "This is not me. I don't panic. I don't have anxiety. I feel wonderful, grounded, and I love my life." And you say that for about 5 minutes, all that disappears because they don't get a foothold. If you say, "I'm feeling really panicky." Now you've claimed that they are you. That that's stimulating the nervous system and making you have that heart palpitations or whatever that's you. Oh by the way, heart palpitations, irregular heartbeat is spiritual parasites.

Trevor's toes are burning. That's spiritual parasites. I'm sure. "Would like to see you not the slides." Right, Brenda. I actually am aware of that. So we're going back and forth between slides because some of my students asks for slides. So I get it. I do get it. So just gotta make everybody happy. Let's see if I missed anything down here.

There we go. Didn't miss anything. Very good. Okay. So there was a time. A long, long time ago in the ye old days. Oh and 3 aliens got in my head and were screaming in my head and it was like they had attracted bees and they winging around and rewiring me and it was so upsetting and it took a long time to figure out how to get them out of me. And I went to the Buddhist, and a Hindu, and a Catholic priest, and I went to spiritual people who I thought could help me. And when I discovered is no one could help me. They all just were very compassionate. I said, "There's somebody's screaming in my head and there's 3 of them and I don't know what happened." and I gone to actually a friend. [Inaudible 00:59:32] her psychic reader and this is a long, long time ago. And he actually has portal for aliens jumping at all his clients. So he sent up this apology letter to all of us that we was so sorry but he realized that he was duped and he just, you know, brought hundreds of aliens and dropped them into people's bodies. Oh my God.

So it took me 3 years to finally get them out and, you know, what I did in the mean time was I prayed and I did not agree that they were me and I went to the Berkeley Psychic

Institute and learned how to get them out. They do something called an erasure and that was somewhat helpful. I think one of the things that I've discovered is that you need to really keep your life balanced and stay happy and really live fully expressed. You can't just be focused on clearing, clearing, clearing. You've gotta have a life that you love because when you do, you're really enjoying the experience of being embodied. And when not, when you're struggling and you're always like trying to find some magic prayer and some other thing to do, you're very much involved with the struggles and the hardship and suffering.

And honestly, we decide in our head how our life is gonna play out and the more you affirm that you're, you know, like a child of God, so loved and so cared for, and believe, you know, wholeheartedly that you deserve a beautiful pristine life of light and love and beautiful intimacy with the people you cherish. People around you fully support it. And then take the steps to have a fully on life and balance. That's when you're truly living. And few entities or whatever here and there, you can clean them out once a week but not to be just, you know, like my life is dedicated to clearing out being a ghost buster.

I see some things came in here. Okay let's see. "High blood pressure. Diabetes. Spiritual parasites." High blood pressure, definitely. Diabetes, maybe. But diabetes is also a program and it is in the DNA and in the body. And then you wanna look at the pancreas and then you look at love issues too. So diabetes has a whole bunch of stuff. High blood pressure has a whole bunch of too but more likely stimulated. Doctors kind of puzzle about how high blood pressure work sometimes. Sometimes it looks really medical. People who have anger issues with anger is spiritual parasites. Stimulated by spiritual parasites. I even think that, you know, spiritual parasites once they get in they can push the chemistry even more out of wack. So too much testosterone in men making them rage-aholics. The 'aholic' or the addictive behavior is spiritual parasite stimulated.

Okay. "Psychic attack and back 220 lives." "I have a irregular heart causing clots to form in my body. Full of fungi. Would these be parasites?" The irregular heartbeat, I thinks so. I don't know about the fungus stuff. Although we clear the fungus the same where we clear spiritual parasites, the chopping. So you can dedicate hours to clearing the fungus. So let's see here. Let's see. I think we should do psychic attack.

"In your experience. Is the hugging saintology bringing through parasites unto her followers?" Maybe a little bit but I can't-- You know when I test, I get 8 percent. She's lovely. I've met her. But I've also seen her really upset and I don't wanna say anything unkind about her 'cause she's just so dedicated to being loving and to helping people. She was overcome by spiritual parasites. They took over her body and threw her on the ground and she was like a wild woman and then they picked her up and they loved her and they nurtured her and she has some really beautiful saints, spiritual saints around

her, and she's very motivated and directed to help humanity. It's an interesting question 'cause I never looked at that but you have to think, if she's hugging that many people; yeah there's gonna be quite a few parasites that she's dealing with, so. It was only 8 percent that she's kind of moving around. That's not so bad. Yeah. Be good if it were zero.

A lot of the saints from India, the guru that I was associated with, Keshavadas, was overcome by Pandarenga, the god of white light, and as a child he was taken-- his body was taken over and he was running on the tops of the temples and things. And in India that's revered because it's of spirit but, you know, we know better now. We think, "Well. I'd rather be in charge of my body and bring divine information through in this era." You know in this era, we can. We are in the age of awakening and enlightenment and really having being able to have our own god information. So anyway, it's wonderful.

Hey. I see we've gotten 6 minutes after the hour and I promised you that we would take a break every hour. I know we're just up and running here. We'll come back and we'll finish up bloodlines. Have we finished bloodlines? Nope. So we'll come back and we'll finish up bloodlines. We'll take a like a five minute break and I'll keep answering questions. I see there's a question there but I will answer that when I come back. So a five minute break. Use the bathroom, stretch, move around, breathe deeply. I love you. I'll see you in a few minutes.

[Break time start at 01:07:18 and ends at 01:12:31]

Hey. Welcome back everyone. Alright. Segment two. And we'll just gonna double check did we get the bloodlines cleared and bloodlines are cleared. So in the second hour now. We are actually gonna start with the spiritual parasites them self and let's just get the list up so we can see where we're starting and then we'll start with the clearing on the first of the spiritual parasites. Okay. And we slide down here. Okay.

So the first thing we're gonna be clearing is satanic or dark energies from your body and that would be done with the quantum pump and we're just gonna do that for a few minutes. Satanic or dark energies. Okay. So we're starting there and you might wanna do the chopping or you can do the quantum pump. Either one. What I discovered is that most humans-- if you think about when you meditate, you go into your body and it's dark but in actuality, we're beings of light. Beings of light and love. 96 percent of the human body as I've looked at it. 93 percent/ 96 percent/ 92 percent for different people have dark energy in it and that is actually satanic energy that was affected by the blueprint being altered. And so what we're doing now is we're correcting that. I did make the

correction in the blueprint but we actually have to correct it one by one in individuals. Once we get to 5 million people corrected then the bodies will go their light body. So we're in that era and working hard at getting that change into effect.

Anybody from Ireland on the call? I don't think so. I got my waterfered crystal and what I discovered is that the water has a very bright flavor if you let the water sit in the waterfered crystal for a few hours. It becomes a very energized and charged. I also, on my water filter, I have a Seychelle water filter. I put love and unconditional happiness and pleasure and bliss and awakening and I've written it with a permanent magic marker. And so those words also energize my water.

It's funny when I have students into my house and we're doing all the clearings. The water begins-- and it has often tastes like rose water. It has this sweet flowery flavor to it. So this quantum activations can make things quite lovely and lovely in your body.

Okay. Now I do see some questions have come in. Cholesterol. I don't think that is spiritual parasites. I think that is chemical imbalances is what I think but you can test. I get, when I look at it Leilani, I get maybe 2 percent influence by spiritual parasites but it feels to me like a physical issue.

Eda. "I've been hacked and stalked by a crazy depressed person who couldn't take no for an answer. It's mainly taking place in the cyberspace." Yeah. We'll be working about it. It is coming up, so. You're talking about person in a body who's really showing up like a parasite with you. I think the one thing also to do is when you have something like that like I have my Google account set so I can see when somebody's hacking, I'll get an alarm that somebody in Kuala Lumpur-- I got that yesterday-- and it'll come on my smart phone and it'll say, "Someone's attempting to use your account." and I'll immediately go in and change the password and I don't let any time go by.

Facebook. I had some too many, you know, I'm an attractive woman in Facebook giving loving messages. Kind loving messages and I was having a lot of stalky kind of men, you know, send inappropriate messages and I immediately just shut them down. I've filed reports against them. And so I think that one thing that you wanna do is we tend to, you know, let it go by and you have to be a-- know really clear in the universe and know not willing to have this stalk energy. This unpleasant dark energy coming at me. So you have to also say that you have to take the outer actions too. So today is gonna be really helpful when we get into ghost and people in bodies who are, you know, stalking you or harmful to you but also you wanna do whatever action you can to stop.

We had some people when I got on the first shows with Darius last year and Reham Saheed. Some people stole the program and put it up for free. My quantum healing secrets for free. They were selling my program and marketing it as it was me and thank goodness a couple of my followers, new followers, sent me messages saying, "Hey I

saw this and I can't believe it's you." and we were able to file a complaint and have them immediately taken down. So understand that there are steps that you can take to protect yourself in the outer world and you wanna just say, "No. I'm not participating that energy." That's very much part of it is owning your outer space as well as your inner space. Your interior and exterior space. So just, you know, be very clear. No I'm not messing that. It's-- I don't believe in it. I'm not participating it and it's a very loud no. It's not a battle no, it's a 'nope that's not gonna be part of my day'. I don't believe in drama. I don't believe in this. I'm not participating this.

Yay to Cristel. Yay. Elizabeth. "Here from Ireland." Elizabeth's from-- okay. One of the Elizabeth's is here from Ireland. And a little known fact Elizabeth my great grandmother on my mother's mother side was Catheryn Kennedy from Ireland. So I've been to Ireland 3 or 4 times and I love it there. It's a little bit chilly for me but the people are so warm and loving and it's so much fun. I had a blast every time I've gone. Okay.

Paula, "Can we arrive in this lifetime with spirit--" Yes. Definitely. Yeah. Well that's what we're doing today. We're clearing them all out. And Leilani, "Stiff finger or joints?" That probably is chemistry. Very unlikely that it would be spiritual parasites. Leilani, you know, when I think about that I wonder about food allergies. That pops up in my head when I think stiff fingers and joints. I, you know, it might be definitely influenced by food allergies. So you might check into that. Okay.

Yeah. I think, Elizabeth. I look like my grandmother. Also my mother's father side. I guess I am the carbon copy of a grandmother who died of cancer. So she was my grandfather's mother and she was French-Portuguese. So obviously I look French-Portuguese. So you can't tell my father's german-russian. Yeah and then let's see. My-- there's one other polish also. It's way back in there somewhere. But I got the French-Portuguese look, so. Could I pass for an Irish girl? I don't think so. Maybe. I know I pass for Indian.

When I go to India, they just think I'm enlighten one. And I think that's because the Portuguese in the 1600 when over to Goa and to, you know, and the other one, Agra. They were all over the craftsmen to add their beauty in like building the temple some things and so they integrated it into the culture in India. So I think that's why I look a little Indian. Or could be all that dark long hair or whatever.

Okay. So we are clearing the dark satanic energy from the body. We're about 70 percent through. How are you guys feeling? Is anybody feeling some shifting happening? It's early. You may. Trevor are your toes calm down? Oh thank you. My warm personality. Yeah. And also I play the Celtic harp. I have several harps upstairs.

Yeah. One of the times I went to Ireland, I did a like a king Arthur legends tour in England and then I went on to Ireland and went to Newett and Dewitt and Newgrange

and all the kind of, you know, sacred sites and stone undergrounds, stone temples, and all kinds of things. It's really fun.

One I was fiddling around in, you know, field and, you know, with this little daisies. I did a daisy chain and put it on my head and then later it was still on my head and I had one of those long velvet green like a grass kind of a light green-- I don't know-- like a lime green skirt and sweater. And I went to one of the pubs to have-- I don't drink alcohol-- but my girl friend was with me and she was doing pub tour while I was doing the sacred site tour so I kept her company. And I sat in with the band and sang with them and they were doing songs like, "Are you going to San Francisco." and things like that. Just lots and lots of fun. I think that's one of the things about Ireland that's so sweet as you can just like go right into the culture and people are so loving and just wanna, you know, welcome you and are curious about you and, you know, wanna really engage with you. Were some of the cultures, it's a different experience. Ireland is 'Welcome home, hunny. We can't wait to know more about you'.

Okay. John, "Feeling shifts since last night." Good. Yeah. You've definitely been engaged. I started working with you guys last night to get you all set and ready when doing some blessings on you, blessings on the technology. So we are actually having a good experience given we're doing a very long session and I know some of you at the beginning were having some challenges with the video or the chat box but I think it's pretty calm down already. I think we're doing good.

And Suzanne, "Julie Renee, I was travelling last night and I'm so tired. Will miss out if I take a short nap." You know, do what you need to do. Tired can be hitting the wall of unconsciousness. Drink water and-- Yeah. If you need to sleep for a few minutes, I guess go for it.. Not necessarily recommended on the spiritual parasite clearing, but Suzanne you've done this, right? Even in the diamond class and you were viewing this. So I think, you know, do it. Take care of yourself and I get a no that you're not gonna lose too much, so.

Elizabeth. "I have dark feet and now they're tingling." Okay. "And feeling lighter after the last clearing. Love. Love. Love." Fantastic. Trevor, "My toes went from hot to painful and very red. Now like hot pins and needles. They are slowly leaving." Okay. And understand that we haven't started moving the spiritual parasites yet but understand that those are beings that don't wanna leave you that are doing their last hoorah is what I say. And so just keep pumping and-- okay good. And then we can move on to the next slide and we move on to the next... the next one. Okay and this is what everybody's been asking for. So removal of ghost either dead or in a body but occupying you, so. Probably no further explanation needed on that.

Okay and, "Finding it difficult to forgive deep hurts. Though I would love to." Okay. And Vania, "My belly is still bloated." Okay. Alright. Well we're not gonna really pay too much attention to bloating up, bloating. This is only hour 2 of seven hours. If you've felt that it was spiritual parasites responsible for your bloating then you would look towards the last hour for change not just like an hour and a half in.

So we are now clearing ghosts. You can just do the chopping movement, the quantum pump chopping movement for clearing ghosts. And then I will test for the whole group to see how many ghosts, actual ghosts, that aren't in body, that don't have a body that are in your body or in your auric field. So we're gonna do both; in body and in the auric field. And let's see here. Wow. Wow. It's really surprising to me. I get 3 thousand and 11. Okay. We got to work it out first and then ghosts that have a body, so people that are stalking you or let's see. 693.

Okay. So for you guys you're gonna do the chopping movement, I'm gonna do a different movement. I'm gonna do it here like this for you guys on the ghosts and if you were with me in the diamond class, I would be teaching you how to also lift out of the body but in this case let's just do the chopping. That'll be effective and this is gonna take a little bit of time because they've been occupying your body, sharing it with you. We've cleared reasons so if we're having any difficulty at all, we'll also clear any agreements to share the body with like family members, like people who've died and you had an agreement and you felt sad or you didn't want them to go and so they moved into your body. So we'll also clear those if we need to. Looks like I need to shift. The sun is definitely coming up now. Let's see here. Is that better. Just gonna get a little sparkle and shine on my-- Oh well.

Usually I can move this. Just a little bit more. There we go. Can't believe I've been in my new house for 5 months already. Planning on getting the curtains in the fall. I moved in to a house that was completely renovated. It had no tile racks. No curtains. Many things that were missing that I'm doing one by one but the painting was a big project and all done. Yay. So the colors in the house are so beautiful. The living room and dining room's chocolate and the bedroom is this fuchsia with pink ceilings and the some other rooms are sage green and salmon peach. So I did really rich colors for the whole house. But I'm not gonna be able to see the chat box. It's just that I don't see here. So just remember you're doing this.

Oh yeah. Definitely parasites can stimulate disharmony. I think the one thing that I really wanna keep focusing on is full body ownership and if your choice is to have harmony with your brothers and sisters then that's your choice and you can continue to be loved and if there's something that they are doing that like hits a nerve, it's like you hear a nerve, that's a spiritual parasites. If it's like a 'urr' like that. That's probably not you. When you have that extreme reaction, that's probably not you. So you could say, "Hey I

gotta unplug from this conversation. I care about you. I'll talk to you in a few minutes." and you can go clear that spiritual parasite and say, "This is not me." and come back to that conversation. So yeah. Good awareness. Okay.

And Heather's saying, "My belly and heart feel lighter and warmth is coming in." Wonderful. Let's see. Nelly. Anelly. Anelly. Oh but it said somehow. One sec. Anelly? Emily. "How to recognize that someone occupies your body? Thanks." and then yeah. I understood that you mean ghost. How-- Emily, I bet it is. Let's see. You've got 7 ghosts that are occupying your body. So you could muscle test. This is how you can tell. I have zero but under-- I went through some big cycle couple of weeks ago and, you know, sometimes you have these emotional cycles that like, well, divorce, anniversary, or the whatever anniversary. A salt anniversary. Something came up. And it's like what the heck is going on with me, I'm crying and I don't feel like myself. And sure enough, 3 ghosts had made their way into my body and I cleared them but it was like I could tell because the behaviors that I was having were normal responses to things. You know like I was just more wrong and it didn't feel like me. It didn't feel like present time. Calm, balanced, goddess incarnate. It felt like something very old-- old and unfamiliar.

So you see if this isn't really my personality or I'm choosing to have a life that isn't full of drama and unhappy tears or whatever it is. You can test and-- I mean it-- to me it's very clear. I know who I am and then when I'm being something different than I am, that would be "How did that happen?" and then you can see "Oh. Two weeks ago I was somebody whose family member's died." whatever. You can see that doesn't happen so much to-- it helps you. Like if your family member died, it would happen to you. I'm a big teacher and I'm helping lots of people and so people see me as light including the people who have died see me as light and sometimes they mistakenly jumped in my body and I'll have that feeling like "well this isn't me" and be able to clear it. So I hope that that's helpful.

I think if you noticed that you're-- I think one of the things to start knowing who you are and who you are not. The daily meditations using the meditations that I do, where you go into the quantum field and you do the clearing inside and out, those are incredibly helpful to really-- we have a basis. So you come out of meditation and this is me. I'm fresh. I'm clean. I've done a spiritual shower on the inside-out. I've cleaned out my aura. Feeling pretty darn good. Then if something shifts in you, we can look is that me or not me.

And on some level, we must've at some point agreed to some part of this in the field of amplification. And then it comes in a kinda of a cookie way in that if you say, "I have a migraine. I have a migraine. I have a migraine." The migraine's typically are spiritual parasites but you go into great explanation about how your head hurts and where it hurts and its stabbing and you're talking about you. You're saying, "I have. I have. I

have." and that allows the spiritual parasite to become part of you and then there's a point-- I had migraines. I used to have migraines. I used to entertain them and 'ughh' I have to lay in the dark and oh my goodness. And migraine medication didn't really work very well for me. And then I discovered that I could stop the migraine if I said this is not me for 5 or 10 minute. I don't believe this and this is not me as it was coming on. So the eyes were flickering and the brain was feeling like 'oh here it comes'. I would say this is not me and it would go away. Literally wouldn't have a migraine and if you don't agree to it. If you don't agree to pain.

An extreme example of this is I was exercising and not example for spiritual parasites but an example of what the mind believes it will achieve. I was exercising and I was like doing this p90 axe and I was throwing the weights, you know, up in the air. I was doing this thing with weights and I heard my shoulder clicked and a sharp pain go 'shh' and it was like I-- I don't know if it tore something or something serious-- and I said, "This is not me. This is not me. My shoulder feels good all the time. My should feels good all the time." and my shoulder repaired itself right there on the spot. Like I didn't go through any ache or pain. You know, did a gentle rest of the work out but didn't have a problem in my shoulder. So I think the one thing we have to really understand is we are so powerful and what our mind or our thoughts are believing. What we're putting out, what we're saying about our self, what we're talking about, and consistently talking about is what we're gonna create. And with a very strong belief that you don't buy into pain or you don't buy into drama or whatever that is. That very strong belief. You'll be able to identify and recognize when something is you or not you. And that's, you know, that's a process, right? Full body ownership is a process.

I see a bunch of things came in. "Had a lot of people attacking me this, sabotaging, spiritual parasites that I am carrying or are they?" I don't really understand that, Elizabeth. Spiritual parasites. Sabotaging spiritual parasites. That, yes. Spiritual parasites can sabotage you but if you don't agree to them sabotaging you for example you might have some spiritual parasites that every time that you go to work on your book, you feel really tired. You can say, "This is not me and I have energy." and you can work on your book. Even if you feel a little tired and notice that 5 minutes later, the energy is cleared and you feel great and you're working on your book. So understand that sometimes it's just a decision to no matter what I'm doing this and notice that the energy dissipates. I hope that's helpful. I'm not quite sure if I understood that.

Michelle, "Can you please tell me how many ghosts I have?" Michelle and I have been working in VIP program together. So she's really been very dedicating and she has a lot of this. 73. So we'll just keep clearing. We'll gonna get them all cleared. And then Leilani, "Can spiritual hindrance from feeling energy through the body?" It could. Yeah. It could, Leilani. Eida, "Would it be possible for you to tell me how many hoax I have?" I think that must be ghosts. 113. And Dorian, "How many ghosts do I have?" 5. So just

keep clearing everyone. This is-- it's a big deal. We get the ghosts out of the body. It's gonna be really, really better in there. And understand that the-- remember I was telling you about the 4 fields that support the body. One of them is embodiment, right? Well the field of embodiment allows the spirit, our spirit, to occupy your body but it also-- there isn't a mechanism that stops anything else from occupying our body so we have a mechanism where we can share embodiment for women who have had children, you know, that's a whole different experience if you have twins, you've got 3 spirits occupying the body. So there's not a limiter on how many spirits can occupy the body and that in some level works against us with all the spiritual parasites and ghosts and everything like that.

I think the other thing I noticed is sometimes people from particular backgrounds tend to have more occupation than others. So I noticed that people from East India and the Middle East and the far east because they honor their ancestors and worship or do ceremony to their ancestors and remember their ancestors, a lot of times they tend to have more ghosts in them. They tend to. And then the other thing I noticed in the first diamond class in November last year, I was blown away at how many widows were in the class. Women who are in their 40s and 50s and 60s. All the women who were widows and there were like 7 of them had all their ex-husbands in their body. So that was kind of a surprise to me and then the east Indian gals they had their uncle and their aunt and people who are trying to, you know, influence them, who weren't in a body anymore, whether they thought they were a bad girl or, you know, they really were doing things right 'cause they didn't have a husband at the wrong, you know, right time or whatever.

So there were some dominating spirits that would jump in. So if you're in a culture where there is a lot of attention given to ancestors, you wanna make sure that you don't have an agreement to honor them with sharing your body. You know that is sometimes-- you know where there is inappropriate boundaries or you're not allowed to have boundaries or you're not allowed to be an individuated spirit, that's where we see a lot of problems. Okay. And then also in Michelle's case, you could actually move in to a house that has a bunch of portals where spirits come in and out of, you know, the underworld into this world and unfortunately she walked in kind of a explosive space and had many, many things just kind of jump into her. So we're in a process of getting her clean and clear as we are with everyone of you on the call. I love you all. I'm so glad you're here. Things are gonna be much, much better.

The gums process is a little bit grueling and the alien and demon process will be a little grueling. I want you to stay happy and relaxed and, you know, know that everybody is in divine order and whatever brought you into this point is in divine also. You may have had lifetimes and lifetimes of being dominated or controlled or influenced by a spiritual parasites and pests, and this is the life time that you get in charge of it and that you

have power over it. That you can share with your children, this is how we deal with this. And you can change the legacy of you forever. You know, step in to so much more power and certainty and just so, so happy that you're here.

Okay. Whole bunch of questions are coming in. I see them. So let me just check here. I think they. Okay. Suzanne, "Ghosts 3." Understand that we're getting them cleared out. So you may have had more. Sherry, "My computer keeps spontaneously shutting off during the class. S.O.S." So Sherry, right now, use the phone line also and does seem like spiritual parasites. Once we get through the ghosts, we might do 15 minutes on how to clear technology. So I can add a slide under there and we'll do a technology teaching after the ghosts are cleared. Okay. And then, "How about me. How many ghosts do I have?" and that's Leilani. 3. Vania, 12. Elizabeth, "How much do I have ghosts and demons?" We're not doing demons right now. Ghosts, 8, Elizabeth. Let's see.

"When other people attack me verbally does this mean it's spiritual parasites? I have this happen a lot." Yeah. Could be. And you wanna clean your field which we are doing, so could be. And then you wanna look at that yourself like what was involved in this attack rather than making them all go, "Oh." You know, understand that there's something here and then clear it 'cause if you're the thing that's always happening and other people aren't attacked then it's something coming from your field. So yes, it could be. "Oh wow. 150 ghosts. Thank you." Yup. And it'll be less now 'cause we're still clearing. So understand we're gonna go down to zero for everybody. "And how many do I have?", 31. And Nadia, 4. And Limmie, "I have a very strong attachment to my granddaughter, Techii. Is it only cords that I should keep pulling out of her? Is there something else I should free to let her walk her own way?" Yeah. That would be the karma clearing class and we teach you how to like stay out of her space so you can be excited when you're with her and interacting with her. Cords, contracts, agreements, energy in the body, karma. Okay. But then it is really taught very, very well in the karma class.

Elizabeth, "Could you check my ex-husband in my body? Also my twin sister?" Ex-husband, twin sister. Twin sister is there. Ex-husband, no. You're welcome, Cristel. "Thanks for explaining that with the ancestors, Julie. Deriving from culture practices explains why I have other issues with him [Inaudible 01:48:43]. Will work on clearing them." Perfect. Yeah, you know, I have to say I was born into German Lutherans but they came from a very, very impoverished background and I really wasn't given permission. I wasn't given permission to be myself. To have my own thoughts. I was brilliant so I had to kinda hide it and, you know, it's a process of clearing and giving yourself permission to be visible and to be loved and cherished. I was told daily that I wasn't lovable and, you know, I think about maybe some of you have the same thing that you were told, you know, when your parents wanted to kill you every day and that you weren't-- you were unlovable. Like you just-- no one dating you. I think about

clearing those programs to get to be who I really am and that's what I'm all about for everyone.

So I think that the reason that we are here today. In the place that we are in and that everything has happened as a blessing to us. And for me I hope that I am a beacon of love and light for the world. For everyone who need us. And a teacher, how do you clear this programs because, you know, maybe you were born in a the 40s, 50s, 60s , or even 70s, and your parents didn't know how to love you. Maybe you were born in the 80s and your parents didn't know how to love you and told you things that put programs in your space that really, you know, if you heard them every day, they were a big program. They were really amplified. And so we're gonna get all those programs out, so. Okay.

Okay. And Sherry wants to clear technology. And how many ghosts for Naselene? 42 still. Now understand, you probably-- all of you had larger numbers 'cause we're getting down there so we're clearing. Fathima, "Could you please tell me how many ghosts I have?" 11. And then Dorian, "Was one of my ghosts my brother Jeffrey who died?" It was. Yes. It was. Brenda, "Thank you." You're welcome. And Latifa, "Can you please tell me how many ghosts I have?" 9. And Elizabeth, "I want to express my heartfelt gratitude to you, Julie. You're a beautiful spirit and presence. Youth authentic nature. Love, Elizabeth." I heard. You're welcome. It's really-- I feel like the reason I went through when I went through in my life was to be where I am today and here we go. You know there's something good that comes out of everything bad and if we just continue to stay in grace and keep our hearts open, you know, you can change the world. You can be such a voice for good.

Last week, gosh it was like 6 days ago. I got an email from a different Jack Canfield and I met him a year ago and Jack was slowing down. He's 70 and we was like, "I gotta slow down. I can't keep this pace up anymore." and I said, "Jack. I know I can help you." So we did the VIP program, the brain regeneration and 12 weeks of sessions. And I got this love letter from Jack 6 days ago and it was really a love letter. It was really, "Julie Renee. I was just on the upper life class and I have yet again expanded my reach and influence in the world and I have you to thank for that and I am so grateful." and then he listed like 12 more things that had gotten better in his life in the last year since we've been working together and how much we loved and appreciated and cherished me. And I mean it was the sweetest-- it made me cry. I mean it was like here I am-- I am now helping the biggest leaders to get their message out in the world and really be clear vessels to, you know, love and support our human family and it's a great honor. It's a great honor to work with each one of you.

Okay. So here we go. Fathima, "I so agree with Elizabeth. Thank you Julie for being a gem. I feel so much lighter and I'm feeling many blessings, many things leaving me."

And it will continue within 7 hours. So yay. "What is a Lucifer stop?" Good question, Simone. It's something that was put in the blueprint to-- you could do all the clearings and not get the result because there was a stop. And so Lucifer was a spirit that was an angel who was helping the Supreme Being or the spirit that oversees humans on planet Earth, God. And had a fall from grace and did some things that weren't so good. Went to the dark side. And so there's some stuff in the blueprint that I've been working on. Changing. Still we have to actually one by one change it in the people who are alive so that they don't have that program running anymore. So about, I don't know, 8 percent of people who will go through the activations if we don't clear the Lucifer stop, they won't experience it, the big shifts, that other people get. So we'll just clear that too for everyone. Even though it won't apply to every single person when I do a group class. We always do it for everyone.

Thank you, Leilani. Thank you so much. I really appreciate your prayers. That really helps. And, "My daughter died. Is she in my body?", Maria. She was in your body but she's not anymore. Okay let's see where we are with the ghosts. We're about 70 percent clear with the ghosts. You guys have gotta be feeling a lot lighter at this point, right? I bet you are.

I'm doing a bunch of new classes in the fall. So you wanna keep an eye out and they are really, really well. The tuition's low so you can all jump in to all of them. One is on full self expression, so-- excuse me. Full body ownership which means full self expression. Really being able to own your body completely. Another one I'm doing one on the energy body which I've never done. So we'll be restoring the entire energy body and that's gonna be spectacular.

I'm doing one in October because it's nation breast health month. There will be a class on breast health. Let's see. There's a lot of classes. There's like 12 new classes on the schedule. So by the way, we are revamping the website. So there'll actually be a calendar that you can do in to our website and see-- click on-- Oh. What's that class about? And click on the title of it and it'll take you into the page where it talks about what the class has. So we're doing Tuesdays and Thursday mornings on Fall with all different kinds of courses. We do have the Wealth course coming and the Weight loss course about later in the fall. So both of those will be going on too. So a lot of good juicy stuff coming up. And like I said this is kind of a test run for day long classes on the internet. What I love is that we have such an international audience and it really allows for the shifts to have the globally rather than you having to come in for a day which just would be very difficult for most of you. So I don't see anybody in my-- Is anybody calling in from California? I don't see any Californians. We definitely have a global movement going on here.

Okay. Bunch of questions. Let's see. "Do I have a Lucifer stop in my blueprint?" Elizabeth, Lucifer stop is something that we will clear related to one particular thing and right now if you have a Lucifer stop to clearing spiritual parasites, no. Do you have other Lucifer stops? Yes. So that would be related to a specific topic. Yeah. And I don't get that we could clear all of the way the Lucifer stops are happening but each time you do a clearing on yourself, each you'd come into the class with me, you'll be clear the next stop. So I get a no we can't clear all of the Lucifer stops. In one city. That is another thing, we're gonna be doing a 4 part of 5 part class on really, you know, where we cleared at the beginning, the amplification, perception, emotions, DNA, and bloodline. We'll do a whole class on that. So a 4 part class on that too.

Okay. Farewell, guys. Yeah. Trevor. You know you can send them off with love and send them to like the healing temple into the heaven. They're ready to go. They don't need to stay any longer. So we're just sending them lots of love and appreciation and knowing that they're going to their next.

And Simone, "Mother, past, and--" Yeah. She's not in you anymore. She was at the beginning but she's gone. "Do I have a Lucifer stop?" No one has a Lucifer stop in them for this because we've cleared it to zero. So Lucifer stops like we check is there a Lucifer stop for transforming things or healing that and then you would clear that per instance for whatever you're working on.

Yeah. Understand, Trevor. For Limmy, No. You did not have your mother in you from age 8. That's a no. I tested, no. So that's good. That's a no. I think one of the things that would be beautiful culturally is to actually see in the memorial service or the funeral or whatever, actually help assist the spirit in going up to a heavenly temple. That is just not done in any culture. There's a prayer and there's, you know-- but there's-- it's a lot about remembering the person and celebrating the person not so much seeing them in heaven in, you know, wherever in the next realm. Be happy and established. And it can't really happen for about 6 weeks and I think funerals tend to be 3 days/7 days really quickly after a person passes. So I think that they'll be really excellent. A really excellent procedure to prevent ghosts, unwanted ghosts, presence of ghosts in bodies, in human bodies.

Demons, I don't know. They're not humans so. The demons are from the angelic realm. They're from the different realms so I don't know. I mean we don't-- we move their information we don't kill anything. We remove their information so they can't continue to harm us or others.

Problems with metabolism. Oh. I get a yes for you. It's a yes. Metabolism is controlled from the thyroid and the liver and like maybe from the brain. So yes. I didn't see that before for other people but I see that for you. You're welcome, Brenda. Yeah. Cristel, I'll

see-- I don't know that we have a page up yet for the full embodiment but I know we have the dates on the calendar already. So at one of the breaks I'll send a message to my tech girl and see if she's got the date. So you know the date and the title at least. Yeah we worked on that. That was like a weeklong of wrapping out.

Oh. I may have it right there. Hang on. Where's my calendar. Let's see, so. And keep pumping. We're still pumping, guys. Okay. So September, we have the 100 percent you. Ah. Full body ownership. It starts away in September 1st. Oh. No. Sorry. That's 100-- Oh no no. Okay. That's a hundred percent you program. That's the apprentice program. 25th/27th/1st. So the hundred percent full body ownership is September 8th, 15th, 22nd, 29th. Yup. And then the energy body is September 10th, 17th, 24th. And then Wealth starts on October 1st. And then the complete guide to quantum clearings. The complete guide to removal of all the soul contracts and everything that we had talked about so it's a whole guide to remove everything and that's the 6th, 13th, 20th, and 27th. Breast health is the 21st, and 28th. Those are October. And the wealth class goes through every Thursday in-- ever Thursday in October. And then we're doing a free Halloween, freedom from ghosts class. So that's on Halloween itself, the 31st of October. We're doing the sound of truth, a special, the mantra class that's November 3rd and 5th. And beautiful weight loss is December, all the Tuesdays in December. The 1st, 8th, 15th, 22nd, 29th, and then it goes into January. And illumination we're gonna do that during the Christmas Holiday and that's the rosary and connecting with the divine. Understanding the Christian mysteries. So that's on Thursdays starting on the 3rd of December going through the 17th that's 3 Thursdays. And then we have the diamond immersion class in [Inaudible 02:06:25]. And we have the diamond immersion class actually coming up next week online. I think it might start a week from today. I don't have that put that in front of me. Let's see. Yup. It starts Tuesday. Yay. And then we have Golden Age Year of Miracles is this Friday.

And by the way for those of you who maybe wanted to go into the VIP program but just at this time the finances didn't quite make sense for that bigger program, you might really love to come in to the Golden Age Year of Miracles. It's a yearlong program. So you're signing up for all 36 hours of regeneration but this particular month is brain regeneration and it's only 17 hundred for the year and the brain regeneration, the VIP program which is the full self expression, a 3-month program, is the tuition is 65 hundred. So I love the VIP program because I get to work one to one with you and that's pretty spectacular because we're working just on what you really need but if that doesn't fit right now, coming in to the group class at 17 hundred for the whole year is spectacular.

Okay. "I've experienced having a portal in my body where dead travel through." We're gonna be actually clearing portals we get to that. "What about that all the lines--" Well,

John. We do have-- we're gonna be working on portals, mechanisms, and seeds a little bit later. So let-- should we save that until it's actually part of our class. Yay. So we're gonna get rid of them. Okay. And Naslene, "Julie, you are able to tell me about what influence ghosts are having on me, my body, my money, my thoughts?" Well I'm not a clairvoyant reader. I mean I can read things. I can see are they having influence on your money, yes. Are they having influence on your thoughts? Do they influence your thoughts? Yes. Do they influence your body? Do they influence the health of your body? Yes. So that's what I can tell you in this group experience.

Okay. "Sound fabulous thank you. Plus for all the info." You're welcome. And, "Where do ghosts move after they're remove from the body?" Well we can move them out of the body. When I work with one of the people, I move them to healing temples and I think that that's what we should intend is just-- Oh my gosh. It's [Inaudible 02:09:33]. Just 3 of you have ghosts left. Let's-- it's past the hour again. I can't believe it. But we've been-- this is so compelling and dynamic. We'll take a 5 minute break and then we'll go-- we'll finish up with the ghost and we'll put them into a healing temple so they have no temptation to come back and then we'll get to the next... the next clearing. So hang in there with me. Take your 5 minute break. Get up. Walk around. There we go. 5 minutes. And we'll be back in 5 minutes.

[Break time starts from 02:10:14 and ends at 02:17:09]

Welcome back everyone and let's see where we're at. 4 ghosts left. We're just about done. Just looks like 4 ghosts left. Michelle, you only have 1 ghost left, so. Let's see. Are the ghost that are left [Inaudible 02:17:34]. I get only 2 more minutes. This process of clearing goes. So we're almost there. Yay. Got some questions coming along. What's going on? So understand there are only 3 ghost left, so. Most of you will be cleared already.

Your sister is not in your body, Elizabeth. You're welcome. Nelly, "Is it possible that a ghost can occupy different persons? Let's say, one day living in one person and another day in another person?" Definitely and the interesting thing is you're gonna have 10 percent of the person in one body and 10 percent in another body. They will spread out, so.

"How can macular degeneration be cleared up and what area of this program could concentrate on?" Brenda, that is not what we cover in this class. That is a physical problem with vision and the eyes. So you would do that in one of the programs that deal with the body, Golden Age and VIP programs are good also the diamond level class 'cause we do a whole day of regeneration that might be good too.

You're welcome, Michelle. I'm keeping an eye on you the whole class. We wanna really get this better. Better, better, better. Please let me know how after your little 20-minute

VIP session yesterday. How that-- did it maintain? Were you able to sustain some of that ease that we got in the 20 minutes we have? And Elizabeth, "I've been struggling with dark feet. Why is that?" 30 percent of it is influenced by spiritual parasites. Looks like body chemistry is the other part of it. So let's see what clears as the day progresses.

You guys have great questions. You're keeping me really multitasking. I'm happy and understand I'm wanting to look at the ones that are struggling with any relationship with ghost so that as we clear this now, once and for all, that you guys are all free today. That's what I'm-- my goal is. And so keep the good questions coming and I'll keep working-- keeping an eye on all of you. Okay, so.

One-eighth of the ghost left in somebody and then we are clear on the ghost. Let's just make sure. Yup. Everything is good. You're welcome.

Okay. We're at zero ghost for everybody. So what to do next is we can just-- Just hold your hands like this and see all of the spirits that were loving you or occupying you or, you know, participating somehow in your body, not necessarily with any permission at all, let's see them now going into a healing temple and usually like to call in Jesus and Mary but if you're a Buddhist or Hindu or Islamic or whatever your faith is or what their faith is, you wanna just call the spirit guides. And so I'm gonna call everybody in that I work with, so all of those. Rama Krishna watch me. Jesus, Mary, Buddha, Quan Yen, you know, the Supreme Being. And we're just gonna ask for help and seeing some of the healing angels and helping them progress into the healing temples. Wow. It's definitely getting lighter in the group. That feels good. Jesus said thank you for returning these lost souls. So thank you guys. I wanna thank you. You made it possible to bring all of these spirits back to them self. So they aren't lost souls any longer. So that's fantastic. Yay. Okay.

Beautiful, Michelle. I'm so happy and today is gonna be the big change for you. Okay. Let's go on to-- I know you guys wanted to do a few minutes on clearing technology. So why don't we make a slide for that in here. Just get down. Put it right here and this little addition to the class. Clearing technology. Okay. So step one, you wanna ground the technology. So if it's your phone or your computer. You wanna send a grounding cord down and set it on release and clear it and then we're gonna do that chopping hand movement. And you can also-- you can muscle test if you're good at it and you can see. Is it aliens. It's usually aliens. That's the ones who have the fun it in technology. So you might test if there are 10 aliens, 20/30/40/50/100/200/300, you know, coincidentally, I'm testing and it looks like 300 aliens are affecting the group technology. So we can test on what it is. There's a technique that I'm gonna teach you later. I'll just put it in here. Lasso technique. So you'll get this PowerPoint too. Just so we remember that we're doing this. Okay. Woohoo! There we go.

Okay, so. We're gonna ground the technology so it's kinda the same thing that you're gonna do then you ground your body. Just send a grounding cord down from your computer, your laptop, your ipad, your telephone, whatever it is that's being affected. You wanna ground it. You can hook it up to the Supreme Being. So sending a grounding cord up to the Supreme Being. And then you can do the chopping hand movement. You could also muscle test and like we did we have 300 aliens affecting the technology, so. You can imagine throwing a lasso like a cowboy. Throwing a lasso around all of the aliens in your computer and then you wanna do the chopping hand movement. So let's just change this order. So we'll change this to-- oops. Just put this. There we go. Yeah.

You could test for all of the different things. It typically is aliens so that's why I put it here. It could be demons also I get. So let's put demons on there. And from demons also, from that same realm, trans-mortals, and then entities. And then entities are small critters. Let's see. Woops. That happens sometimes. Okay there we go. So we tested 30 aliens-- excuse me. 300 aliens; demons, 40; trans-mortals, 30; and entities, 800; but entities are like bugs. So they're not particularly but, you know, enough of them can cause problems. So just imagine throwing the lasso around all of these critters and you're gonna do the chopping hand movement, if you haven't already started.

Okay. Let's see. "What about these in the body? Where did they go?" Okay. There's a whole bunch of things. I guess I did. Okay. Fatima, shoulder pain could be a spiritual parasite that doesn't wanna leave. Understand, we have a lot more parasites to get through so just say this is not me and rather say I have shoulder pain, say "I'm experiencing discomfort in my shoulder that doesn't feel like me. What is it?" and that would be a better way 'cause then you're not using the black magic on yourself. Okay. Eida, "Thank you." You're welcome. "What about these in the body? Where did they go?" Back to their body, of course, and/or they float around but, you know, not to your own temple. Obviously if what we return to-- let's see. I get that right now, the ones that we cleared that had bodies, are just kind of floating around. And we don't-- we're not gonna take any more time to send one by one back to their bodies but you could. You could imagine them going back to their bodies.

"I'm so grateful for you, Julie. Thank you. Feel finally get my life back." Yes. Yes, Elizabeth. Thank you. What is a trans-mortal? We'll be going into that in a few minutes. And you're welcome, Fathima.

So understand-- I know you guys wanna jump ahead and I'm giving you stuff before we actually get to it but we're gonna-- we actually have a slide that says trans-mortals and we have a slide that says wormholes and we have-- so. So we'll do them-- we'll actually deal with the relatively soon but a trans-mortal is kind of like a mean teenage boys, 9 feet tall. They come through from the angelic realm. Angelic-demonic realm. And

through wormholes, they put wormholes in your body and into your house but usually they're in a person-- in a physical person's body is where they usually are. And we have to clear the wormholes and we have to clear the trans-mortals and this specific order we'll-- I'll show you how to do that. And then they're like mean teenage boys so they're just not nice. They plug into your body, they're not good. And like I said, they're from the demonic realm. Okay.

You're welcome. Wax on, wax off. Exactly. I love it. Where are the ghouls? I don't know what ghouls are, so. I guess that's a Halloween one. It could be, you know, 'cause we did ghost. I don't actually know what ghouls are, you guys. So they could be aliens for all I know. Are they aliens? Ghouls? Are ghouls real? Do ghouls exist? No. I get ghouls don't exist so. Oh okay. Okay.

Okay. I'm ready that the technology is clear. So we will go on to the next slide. And these are the next slide we're gonna be clearing the next things is evil spirits without bodies. Now this is very interesting so you can just start clearing by doing the quantum pump and this is kind of interesting because it is really relating to all the spirits who don't get bodies. For every person who gets a body there are at least 100 spirits that don't get a body. And so there's a lot of spirits without bodies and they will wanna occupy part of your body to get the experience of being in a body. And it can be really unpleasant to have a bunch of them in your body. We call them-- they can be spirits. Sometimes people call them spirit guides but these are malevolent spirits. And we'll go back to my face now. Okay.

So you can do-- you can lasso these spirits. One thing you can do with the spirits and evil spirits, so. Spirit guides and evil spirits is evil spirits will always show up as black. And so you can count how many evil spirits you have in your body by muscle testing. I have zero in mine. I got zero. So you wanna check on that and then you can also check on how many spirits you have in your body 'cause you don't really want people sharing your body but you might have made an agreement with them and so this would be a good time to undo the agreement and say, "No more sharing the body with spirits who don't have bodies that you've been friends with in other lives." and how many of those do I have? I have zero. So you might wanna check too. They would show up spirits that are sharing your body would show up as colors and they would only be like maybe in a part of a lung or part of the digestion or in ear or in eyeball or something like that. They wouldn't be all over the body and they're not a ghost because they didn't go through a process of a physical body. So they've been out of the body long enough that they're just a spirit.

The malevolent ones are actually ones that are messing around with you and causing your harm. There's not a lot of them but they're definitely some people are troubled by evil spirits. And again, I see it more culturally so the evil spirits in particular cultures that

believe in evil spirits have more of it. I work with a woman from Singapore and another from China and Tibet, it's interesting, they have-- they all these spirit traditions and so the little baby could see spirits moving around the room. She would go, "He's looking at something." and sure enough there'll be a malevolent spirit there. Okay.

Michelle is asking about evil spirits. Only 3, Michelle. And I think we've cleared out so much. Anelly, probably missed, "What is the hand movement? Thank you." You can do chopping or pump for the evil spirit. Chopping or single pump. "How many we all have?" That's a good one, Eida. For the whole group, evil spirits-- wow. So many have a lot of them. 4 thousand and 3 is what I get for the whole group. So, okay. We have some work cut out for us. And it makes sense why you're in the call. So happy you're in this class.

"I read that I have 100 evil spirits attached to me. Is this right?" Yeah. You have a lot. You have like over 700. And Cristel, "Please test me if you like it." About a hundred and 80, Cristel. Suzanne, "How many spirits do I have?" 2 for Suzanne. Dorian, 12. Eida, "Thank you." You're welcome. "I got between 50 and 60 is that right?", Vania. About a hundred and 20. And Michelle, "Are there birds chirping in your place?" Yes. There are birds chirping at my place. I don't know if you can see. Just one of the few things and I'll show you the view I'm looking at. Yeah. I'm sitting on the top of a mountain. My property is 3 acres and hundreds of oak trees and the person who owned it before me loved palm trees so there are like 15 palm trees out in the front. Not really blocking the view just adding loveliness. Okay and let's see.

Okay. So Naslene, hundred and 20. Brenda, hundred and eleven. Fathima, 400. Elizabeth is pumping with her feet and paddling too. Good. Good. "How many do I have? Julie, please.", Elizabeth. 400. Vania, "Oh so many. So much for muscle testing. How do I get that right?" Just practice. Understand that when you're first trying muscle test spirits, they'll mess with it until you've done it enough times and then you really nail it. So don't worry. Just do it. I wanna say when I'm teaching like the diamond level. This is a six week, five times a day process. You're gonna have it really down after 6 weeks and especially you guys down this clearing of spiritual parasites first, it's very, very wonderful. So just keep practicing. "It's an incredible view." Thank you. Yeah. I'm gonna check and show you. I've got views from every direction of my house. You can see from this angle. Can't really see it from the-- 'cause the light is too bright but you can see the ocean. It's about 30 miles that direction through the mountains. It's so pretty and that direction is mountains. The gorgeous and skies. And this direction is a whole mountain range and valley and it's so pretty. I'm really at the top. Okay.

It is paradise. Okay. Thank you, Fathima. How many, Gala. 40. Nadia, Oh 300 plus, Nadia. We're gonna keep working on. "What about my [02:41:56] Julie. How many?" hundred and twelve. And Trevor, "Okay. I'm curious. How many do I have?" Around 50,

Trevor. And Latifa, oh over 700, Latifa. And I see that sometimes by the way-- also with clans like Irish or African or Peruvian. Sometimes clans will have more spirits, evil spirits, that kind of things too. So if that's part of your heritage then that might be part of the reason that they have a bunch. So everybody pumping. There's some of you with big, big numbers. So let's get it cleaned up.

Yeah. Maybe sometimes I can take you on a walk-in tour. Take my little computer and walk everybody through the house. The colors are really rich. When I moved in to this house and you'll understand this the ceilings were kind of a white grey. The walls were white grey and I had marble floors for the whole house and it's almost 3 thousand square feet of white grey. And it was just-- it wasn't grounded. It didn't feel yummy. It felt really light and very bright. Overwhelmingly bright and I felt like the house is ungrounded. So it was one of the first priorities was to get painters in to really make the walls very rich and luscious. And so every room has really deep colors. I went to the deep colors on the pink pallet. And they're very grounded and fortifying and they feel very luscious and rich and kind of opulent but in a kind of a earthy kind of a way. So with this colors you'd see in nature. Let's see.

Well, you know, that's a good question but everybody on the planet has a whole heck of a lot, Vania. And you do kind of when you're clear it's like, "Wow. How did I ever life with all that stuff in me?" So, I agree. And Cristel's paddling too. Gary and we should be more than half way clear on this, Gary. About 30 at this point.

One of my favorite mid-morning teas is toasted rice and green tea. It's so good. I don't know if you guys have ever tried it. It's really wonderful. Feels 'mmmm'. I'm not a coffee drinker. Okay.

Simone, "Wow. Sharp pain in my liver." Yeah. That's evil spirits. So just keep clearing. I would say-- Yeah. Just keep clearing. You can do that lasso technique around the sharp pain and then just, you know, pump like this. You'll see. It'll be gone in a few minutes. Don't fight it. Just neutral. Lasso it and pump.

Oh good, Heather. That's fantastic. So the static from the landline is cleared from the technology. I love that. You're welcome, Heather. I know. Nobody teaches this stuff and we gotta do it. So in the same way that you clear technology, you can clear your bed. You can clear your house. You can clear your property. And one of the things I discovered was more than 70 percent of the Earth has dark or satanic energy in it and so it's gonna be struggling and then there's a lot of thought forms out right now. That we're in a drought or, you know, global warming or whatever is it. We're using our thoughts not to help the Earth. And so when I moved on to this property-- first of all, I had seen that there was demonic energy in the house and I was like, "Oh. That's no problem. I can clear that." and did but then it was really interesting to who owns the

house. Did the [Inaudible 02:46:54] own the house or the dark energies own the house or whatever. So when painting the walls and adding carpets and clearings really help because you're just really owning the house but the land.

I was so shocked that the land had this satanic energy or this black, demonic, satanic energy in it. So I cleared my property and it's really one of the things I'd like to do on Earth day is get a thousand people on line like this and let's clear planet Earth. So everybody representing every country and we go through a process of clearing the countries, the counties, the cities, clear the Earth and really elevate the Earth. So that is my intention. I had that already marked in the calendar for the next Earth day which isn't till next year but it's the week of my birthday. But I really love to like in a whole global community involved and I think, you know, on a day that is set up that everybody has got it in their head that this is Earth day. We can do it that day.

I saw bunch of stuff come in, you guys. I am paying attention. Let's see. So many things here. Okay. Not so many things. Okay so, Heather. Okay so. Fairly not pretty much. Oh really. Good. Okay. We're about 50 percent clear. So we got a ways to go on these.

We're not working on that right now. Are you asking me about yesterday? And yesterday I did and I'm gonna actually-- during this class, I'm gonna teach you how to clear your house. So that is part of this class and the answer is yes. Yesterday in our 20 minutes. I did.

Oh good, Fathima. I'm happy. Yeah. When we did, it was such a delight and a surprise to me. On Valentine's day, I did a free class like this for an hour and we had 17 hundred people sign up. That was so fantastic and everybody wants the love clearing like we all want love, right? We did a class on-- it was just very similar. A spiritual freedom class on 4th of July and we have over 600 people sign up and 332 I think made it to the call. Those people were so dedicated because we did have technology drop on that day. It was really funny. There was so much energy and a lot of new people coming on the line but 30 minutes into it, we were able to like get the broadcast going and everyone hung in there. Everyone just stayed. So I was thrilled so it's really interesting to watch who'd comes to what and what's important to people.

You can use this to help clear other's technology. Yeah. Definitely. Fantastic. Okay. I'm a heroine. Yay. I like to think of myself a superhero. It's funny I used to say, "I'm Xena Princess warrior of the astral." They don't know. Look out. Here I come. And Leilani, we're about 50 percent through so this would be, you know, from half cleared. About 60 now, Leilani. And sure can we use-- Sure. Yes. The answer is yes. You can use these tools to help others. I would say become a master yourself so, you know, really use this, practice it for 3 or 4 months before you start being the ghost buster and be really careful. I think you don't really wanna promote yourself as the one who is the ghost

buster because you'll leave yourself open for more stuff coming into you. And I was hesitant when Darius and Sonya put me up as the one, you know, the no more ghost spiritual parasite expert and they really promoted the heck out of that 'cause I really fell under a lot of attack from spiritual parasites for a few months and I got it under control and it's fine now. I'm fine. I really-- but understand that-- I don't know what else to say it. Because I got like put up as the one. A whole bunch of stuff came at me for awhile. So you wanna be kinda careful about it. You wanna subtly do it.

I clear spiritual parasites for my VIP people and rarely do they hear about it and I just remove it and they feel better and a little bit of ignorance is bliss. I can get in there and do it. You're in this class so you're learning step by step. Everything to do and have a wonderful surprise for you. I should tell you now. Yeah. I get to tell you now. If you decide that maybe you can make the diamond class happen next week, the diamond immersion online class, we'll take the 497 dollars you paid for this class and we'll credit it towards the diamond immersion class. So you pay-- if you want the full class, the full with all the bonuses, it would be 4500. If you want the basic class which doesn't have all the bonuses, it would be 2000 dollars. So we're gonna give you the credit of this class and put you right into the diamond online class that starts next week. I thought that might be a fun surprise for you so if you can make it work somehow. The monthly payments on the basic level we had it at 250 a month. 250 US dollars a month. So that might be something you can manage and then we'll credit off of the end of your payments. The 500 that you've paid for this. So that's kinda nice. If it helps someone to get into the class, I would love that.

Okay. Elizabeth, "Do I have any left?" It looks like 1, Elizabeth. But you're almost there. And Fathima, "Love the class on the 4th of July." Yay. Yay. Thank you, Heather. And Vania, "My mother in law practices some kind of witch craft. Called me on 4th July. Call and interrupted the connection for me. For the rest of the call she never called me in 10 years." Wow. So that's fascinating. Yeah. There was some kind of energy around getting people into a level of spiritual freedom and there was a lot of controls.

So what I would in that case is I'd probably that lets her know that she's run kind of hidden-- Is there a cord? There's 2 cords that she's got kind of hidden in you and I would remove those cords. We teach that really clearly in the karma clearing class. I might've had-- I don't think I've got that on the schedule until February of next year. Gonna might be willing to do a class for you guys on karma clearing after this. So that you really get to go through in step by step. I think we do sell the program that was thought a year and a half ago online in under our program. So it would be a live class but that one is up on the website. And understand, when people have access to your information or what you're doing, they're usually corded into you or they have their energy in your body. So-- but typically you look for cords and I do see of them, so. That would be the trick; unplug those cords.

Paula, "Thank you for the surprise. Definitely help me get into the diamond class." Fantastic. Okay. Alright. We'll be sending-- we'll be putting the link up in the last hour and you could sign up and then what you do is you send your receipt to me and I'll have me techgal remove the last payments if that's-- if you're gonna do the 250 payments. So you wanna just sign up and then either of that and/or we credit you 500 dollars. So that you get it back. What do I wanna say? But you don't make the payment. So it's just less. Yeah. Yay. You know what I'm talking about.

I thought about-- I thought-- You know what? We're gonna do a day on spiritual parasites in the diamond class and you guys will really be way ahead, light years ahead of the other students and it's a great review. I always recommend you do the spiritual parasite day 2 or 3 times because each time your-- you've gain in sophistication and if you're practicing on your own it would take 6 months to do what you can do in a day. You know, where you-- you're learning and really in an intensive way and your questions are more sophisticated as you come into the second level. It's a whole another deal when you do it the second time through. So I really like to see people do it 2 or 3 times. A full day of 2 or 3 times. So it's perfect timing. It's really perfect timing.

The Facebook group and community. Yeah. I'll think about that. I do have a Facebook community for all of the immersion students. Let me give it some thought because we could potentially for people who've gone through some of the trainings maybe we can put England with the immersion students. Let me give it a little bit of thought. Okay. And then, "In a workshop, I did-- a lady put me unconscious for 6 hours and I was a total mess. Infected by satanic, demonic [Inaudible 02:58:43]. I don't know about satanic/demonic 'cause we cleared that at the beginning 'cause it's not in you anymore. Oh. Satanic, Yes. But evil spirits, definitely. So don't ever let anybody do that to you again. Don't go into a trance for 6 hours and you can muscle test the energy vibration.

You'll find that I have this little secret that you all know, I'm sure. My energy vibration at 17 hundred. So in *Power Vs Force* Stephen Hawking explains that Christ consciousness is at thousand but in our era, we can actually go to 2 thousand. So the others, a bunch of avatars on the planet will have very high energy and I say that all of us are enlightened avatars. It's just that we haven't peeled away that which is not true. So I would love to help you. In the yearlong program, people typically go up 200 to 250 points. So if you're at-- say you're at 350 when you come to train with me, and 500 is unconditional love, and enlighten mastery is 750, 600 is pure joy, and a thousand is Christ consciousness and then beyond that. Typically, if you come it at like 350 which most people are much higher than 350, who come to meet me, typically are somewhere between-- I don't know-- 395 and 500, and then go up 200 points in a year as you train with me. So you know, one of the benefits of hanging out.

I was talking about this in an interview I did week or so ago and I was saying, "You know, there was a blessing and--" My last boyfriend were I hang out for about a year was a fellow who used to be the CEO of Priceline. He's worth 55 billion dollars and considered one of the top 25 most influential men in the world. Works with the pentagon. The president chats with him. I mean up and around and president's called him. And it was so interesting for me to be around that level of wealth and power and for him he was so excited about the kind of spiritual power that I have which he was so intrigued by. It's like seeing a woman with so much power and for me it was really amazing to look at his field and really be able to expand my field and understand what it is to hold a greater level of wealth. And in the same way, when you come into someone who has a really high level of spiritual awakening that blessing, you know when you hear about sitting with the teacher who's enlightened and you'd pick up on that enlightenment and your energy rays, that's what happens. However, in our classes, you're going to be filled with wise, elder, love wisdom and the tools that you need to really live a powerful life and inspire those around you or help or heal those around you.

"Does my husband participate consciously with her?" I don't know what that question is. That was from Vania. Elizabeth, "Julie, in a workshop--" Okay. That one we did. "Clearing the planet in huge group would be awesome." I agree, Heather. Thank you. Simone, "Thank you so much for those clearings. Nobody else in the world does this." Thank you. You're welcome and it's really wonderful. Trevor, "I have done several of your courses now. What level am I at now? Surely I must be getting there by now." There's-- You know, it's really interesting 'cause there's a different commitment level when you sign up for the yearlong training where I'm kind of with you. You know because you've said, "I am your apprentice and I'm staying with you for a minimal of a year." I'm with you in a different way than if you pop in to this class or that class but I'm sure that your energy is raised, Trevor. You're like 440 which is good. "Could you tell me what level of vibration I am at the moment?", Elizabeth. 382 which is good. It's really good. Understand that I typically-- people can't even come to train with me unless their over 336. 400 is a beautiful and a very highly elevated place to be as a human. 500, you're really getting kind of saintly. That's unconditional love, and 600, joy. So you know, I know that all of you are over 336 and probably most of you are around that 390 place. That's probably where most of you are. I can test for the whole group. Yeah. We're on 380 averaging for the group.

And then you can set an intention too. If you're working with me, I'm looking at the dynamics of online trainings and it's not really fair that I know that you wanna maybe do the yearlong program but you're in another part of the world and maybe it's more than you could swing and so I'm looking an online academy where we can do all the trainings online and this is the first day of the experiment of 7 hours of training.

Okay. So there's a whole bunch of stuff come in. Let's see. Okay. Now all of you want the level. I actually think we should take a break right now. Let's take a 5 minute break and then we'll come back and we'll carry on what we're doing. And on the evil spirit clearings, we're about 95 percent clear. So we're almost there. So then I'll come back and answer more of your questions. Love you. Okay. Take a break. Get some water. This is again, this is a 5 minute break and we'll continue in just a few minutes. Use the bathroom. Whatever you need to do but get up and stretch.

[Break time starts at 03:05:34 and ends at 03:11:24]

And we're back. Yay. Okay. You guys, I bet there's a flood of can you read me and tell me why energy vibration and I get an average of 380 from the whole group and this one-- it's a little bit like people start getting competitive and I little bit resist it, so. You're wonderful. I love you. You're amazing. If there's like 10 request for me to read numbers, I'm a little hesitant because I don't want you to feel competitive with. But Trevor's score whatever and Julie Renee's is and whatever. I want you all to know how amazing you are. How much I love you and that by doing these things that you're doing, your energy vibration is going up and that I see you as an enlighten master and that this is part of the journey. You can muscle test yourself and see-- let me just see if there are like 10 requests.

Yup. Okay. So everybody-- Oh, Vania. Is your husband participating in the witch craft his mother is doing. Zero. No. Elizabeth. Okay. So I-- in this one case, I don't think I'm gonna-- I apologize I'm not gonna go through all the numbers just because I'm concerned that it's a little bit off track from what we're doing.

So let's look at the evil spirits, are they all gone? 3. So 3 left. So continue. You can do the chopping or the quantum pump and I know you guys wanna know. I know. I know. Is there anybody over 500 in the group? Is there anybody under 300 in the group. There's 2 people under 300 in the group. Okay. So this is gonna lift you. And understand that you can be very influenced by, you know, the spiritual parasites and then the like the soul contracts and things and that can bring you down quite a bit too. So by clearing the ghosts out of your body and the evil out of your body and all of that stuff, it's gonna make a world, a world of difference in how your-- ultimately, we're not really about the numbers are we? We're about full self expression because that's true enlightenment. To me, full self expression is true enlightenment. Thank you, Elizabeth. Thank you.

Okay. Is the 3 gone. 2 are gone. We have one more to clear and we'll move on the the next slide. We got a lot to do in the next few hours. Yay.

Yeah. Sure. If you're living with people and they have spiritual parasites, that is why I wanna teach you how to clear yourself and then obviously you wanna keep your aura really pulled in when you're around folks so that you can't pick it up. It's not like you're a

magnet. I wouldn't be particularly worried. I just, you know, just like you live your life and you take a shower everyday and some of the days you'll be like 'whoa where did that dirt come from?' and you clear it off. It's like that. It's more like that than being overly concerned at somebody's gonna contaminate you with their evil spirits or whatever. I'm watching to just be kind of relax. If you focus on it and worry about it, you can probably magnetize it you a little more. Remember what the mind is focusing on is what it's drawing into you.

Exactly, Elizabeth. By the way, I have some special bonuses for you guys. I am planning on getting on you all the dynamism training which is really lovely. You're gonna learn about the power centers of the body but it's the one that my students always tell me is the one that helps them maintain the clearing from spiritual parasites. So you'll be getting that later in the day today. We'll be sending that out to you. The dynamism, both the training and the hour long meditation, it's a one hour meditation. So you might wanna put that into your schedule once a week to do the dynamism and some of you probably were in the dynamism class emailed or you have it but that is another thing I'd like for you to have. You'll have these hours, you'll have the video so you'll be able to review and we'll be having the video transcribed too. So if you want the transcription, that'll also be available. Takes about a week or maybe 2 weeks with longer video to get it transcribe but we'll have that for you too.

Yes. I have that cases where parasites don't wanna leave, Fathima. But we're the owners of the body so that's okay if they don't wanna leave. Obviously, none wanna leave. You just start consistent and you just keep doing what you know to do and don't give up. So I think when you get that you're powerful beyond measure and that nothing defeat you, they might get to stay an extra day or two if it takes you a few days. The lassoing, grounding them to the center of the Earth and hooking them up to the Supreme Being really helps with clearing them. So if they're moving around, you can just throw a rope around them, tie them down to the center of the Earth, and then hook them up to the Supreme Being, and they can't move anywhere. They're just trapped.

I think one of the things you're gonna discover is spiritual parasites aren't used to any resistance at all. And so you can really surprise them that you know so much and that you can move them out. And essentially what we're doing is we're taking away with an evil spirit. We're taking away all their information, so they're just basically a floating blob with no intelligence once we've cleared them out of you. So not destroying anything. They may have an opportunity to be a loving spirit at some point but they'll have no intelligence. It'll take them hundreds of years because they've been harming you. You know and understand that they don't get to harm human beings that we choose not to participate in that drama. So we're really just setting them at neutral ignorance basically.

Wonderful. Okay so evil spirits are-- 1 evil spirit left. Okay. So everybody just a little bit more pumping. We're helping Michelle who has gnarly nasty evil spirit, so. Everybody just send some love energy her way and let's just clear this one out for her too. So just one hanging on her and we're gonna get rid of it.

Okay good job. It's reading is clear. So we'll go on to the next slide and the next process. Hang on one sec. Let me just make sure that's the next one. Yup. So the next on we're doing is demons. I wanna put my face back on the screen there. Okay. Demons.

So I have a story to tell you. The way to clear demons is the pump and you can do double or you can do single. So double. Paddle. Single. Good. There are less demons. I can read the demons for the group. There tend to be less demons but they tend to have more impact. If you-- during the class had a clawing feeling. Maybe that sharp pain on your shoulder, your spine, like around the bones typically but sharp pain, that would typically be a demon. It feels a little bit like a talon like the claws of the bird digging into you. That's demons. And when I look at people they might have 2 or 3 demons if they have a pain condition. Typically people who have pain conditions have demons. So overall for our group-- Let me see how many people we right now have. We have 32 live. So we have 34. Let's see. For this group, how many demons do we have? We have 82. So it's a different number. That some of these bigger numbers that we've been getting and we're gonna clear them out and one of the ways that you can clear them is with the lasso technique. You can do the lasso technique.

The-- When you first starting clearing them, it's a very interesting thing. I had 3 bouquets of flowers in the room. That was in my little condo six years ago. Working with my a woman who had lost all her feeling in-- from the legs, from the knees down. She had extreme neuropathy in her legs and it was a family thing. That happened to everyone in the family. Grandmothers, and aunts, and uncles have had their legs amputated and they spent the end of their life in wheelchairs and she was very afraid. And I had tested her life force, it was at 2 percent. I figured she had a day or 2 to live. She was really, really sick. And we removed a whole lot of stuff from here. Lots and lots of stuff. It took us weeks and months to remove everything from her and to restore her health.

And as we did that, one day I was clearing 3 demons from her belly and she was talking about the sharp pain and she actually would felt that she heard sounds from her belly. And I was clearing and the water in the vases, the 3 vases of flowers, started putrefying and bubbling and stinking in the room. And the demons were trying to scare me. This was years ago. And I thought, "Oh. That's interesting. So they're putting on a show for me." You know, and I knew that I was powerful beyond measure and that I would win. Like I would be the winner of this but it did take about a half an hour. Took about 30 minutes to clear those 3 demons and then I-- when I hung up the phone with her I took

the bouquets or the-- yeah-- the flowers. Dumped all the putrid green bubbly water down the drain. Washed the stems and put them in fresh water and they lived for a long time after that. I mean nothing died or was tormented by the water. It was just some kind of entertainment aspect that the demons have. So understand that demons may have a little ability to do something in the physical plane. They certainly do in the body.

What gives demons, trans-mortals, and aliens some ability do things in your body is your telekinetic channels which are like your sinuses and up at the back of your head, in your chest, in your legs on the IT band. They're essentially plugging in to the whoofers and tweeters in your body. The resonators in your body. So places where, you know, like an opera singer would sing from the chest in the back of the head. You know, you would-- that place where you're resonating. That's where they can plug in and access some of your power.

And so on another day, I had-- this is like 20 years ago. I had demons plug into my IT band where I, obviously, the telepass or, you know, telekinetic channels were, and they actually cut off, like a glass cutter, cut off the top of the glass perfectly. Cut a half of an inch off of the glass and it popped off. It went 'ping' and then it popped off. And I had this sharp pain in my leg while they were doing it and then I brought it to Berkeley Psychic Institute and a: they got it that it was this demonic thing and b: kept saying, "You're not trying to spook us, are you?" and like, "Why would I try to spook you? It was like sharp pain in my leg and then couple of minutes later there was a bing, you know, the top of the glass cut off." So you wanna-- way before something gets in your body and kinda takes over and lives there and gets to move physical things around, you wanna get them out of your body. Okay more things coming in.

Okay. I'm just gonna see what would be the important to answer. Okay. And yes, Michelle. Really happy to get you all the help. Let's see. Did everyone-- we started-- did everyone have one demon? One or more demons? Two people in the class did not have demons. That was-- one was me. And another person didn't have a demon. So I would say that the rest of you, you did. We're about 60 percent clear on the demons stuff. So we're doing great. Really making headway with this one.

No ,Simone. That would be the other part of clearing energy which is amplification, perception, emotions, DNA, and bloodline. So they may have a little bit of impact on your financial life but it's more in those like family curses, and trauma from past lives, and that kind of stuff. And definitely doing that class relatively soon also but you've gotten a good introduction to it and you'll have PowerPoints for what we cleared for spiritual parasites. There are more things in amplification. There are more in perception, bloodline, and DNA, and emotions. There are more things added to that which I teach in that 4 hour class on clearing the soul contract, and Lucifer stops, and all of that. So you

learn a little more in depth about that. So there'll be patterns and cycles maybe even timelines stuff but probably cycles and you wanna clear all of that. Yeah

Okay. "Can we be programmed to feel on believe we are powerful beyond measure knowing only with the mind does--." Yeah. I think I say that to myself all the time. So you can say it like an affirmation, "I'm powerful beyond measure." You can clear all the things in amplification, perception, emotions, and DNA. That would prevent you from experiencing it on a physical level and then put the affirmations in. Looking at yourself in the mirror going, "I'm powerful beyond measure. I'm powerful beyond measure. I'm powerful beyond measure. " and then you tell people, "Hey. You know, I'm powerful beyond measure. I know I can do this." and you can be an inspiration to people and become part of you but you can remove that things that block you from experiencing that power by clearing those fields that we talked about. Okay.

And then Fathima, "I had claw marks on my right chest several times. I'm sure they were demons. That's happened when I slept. I have not had that as of late, thankfully." and just affirm that, you know, you're now in a new protective space and it's all about ownership. So if you feel like when you sleep that's when the trouble happens, really clear anything in your field that you think allows that to shift. Maybe you're watching, you know, action movies or, you know, some kind of a serious on TV that is, you know, about blood and guts and bones or something and you set-- you put yourself into a place where maybe that happens and maybe not. Maybe it's a cycle. So you wanna clear this cycles too. But yeah. I validate that. I've seen that before. It's really not nice and I'm all about getting you safe and happy and living fully expressed.

Elizabeth, with the throat infection that would be satanic energy dominating the throat and you would also wanna check on the throat chakra to see that the energy is very likely way down like the throat chakra performance. It's like at 40 percent in front and like 10 percent at back. So instead of a hundred percent you're not getting enough energy there. It's a bunch of things but it's physical thing. It's not necessarily spiritual parasites. I don't see the parasites there. Very likely they are entities 'cause entities will show up when there's a consistent problem. Okay.

"How not to let spiritual parasites while sleeping. I've noticed that I do clearings in the daytime. Might wake up with some. " If you wake up with some, clear them. And then, like I said, you wanna look at are you participating; are there cycles, like maybe it's the night cycle and you can clear that from amplification, perception, emotions, and DNA, timeline. That kind of stuff. So you can clear that too. But also just, you know, what you really wanna do is eventually be doing lucid dreaming so that you're in charge. You can knock them out in your sleep space. You can know them out in wakeful state. So if you're lucid dreaming, that means that you're present as a spirit and that you can say-- I know when you turn around and go, "Nope. You're not chasing me. I'm not racing you.

I'm getting rid of you. I'm quantum pumping you. I'm, you know, good bye." in your dreams. That's when you start really owning your space and there are things that you can do like grounding your bed and clearing your room and grounding yourself and doing like a dynamism meditation before you sleep. So those are all things you can do. Dynamism meditation helps you own your body. So that's really wonderful.

"My sciatic nerve on the left legs suddenly started hurting when we talked about demons. Do you think I have one here?" Yeah. You do and then just keep pumping to clear it. You can lasso it if you want to and you can say this is not me. All of those, you know, help. The 'this is not me' for 5 minutes on a sharp pain will make the pain go away. So I mean we're clearing and complete out but that's a good response.

Simone, "What is the name of the class that you were talking about?" The class I'm talking about. I kinda threw all of them but let me just quickly-- We're gonna see if I can just pull this one. It's the quantum clearings and it's the complete guide to removing of soul contracts and more and whatever, and it starts on the 6th of September and goes for 4 weeks. So quantum clearings. We're gonna cover all the basics. So you're really, really getting a good foundation. Okay.

Elizabeth, "Just-- Julie I have some very heavy energy around my heart and lungs." Yes. Any heavy energy or sharp energy right now 'cause we're clearing demons is they don't wanna leave but they're leaving. They're gonna leave.

Fathima, "Do you have a class that teaches dream interpretation?" I haven't been teaching one. So the answer at the moment is no. I could but we're not as much looking at the interpretation of things as we are the ownership of your sleep space, the ownership with your body, full self-expression, and direction. I think dreams are amazing and they can help you understand what's happening in your life. What I like to do is teach people how to direct their life. How to be-- the owner produce or director of their life and so what shows up is under their guidance and direction rather than in dream space, which is wonderful, you have the opportunity to resolve issues during the day and your subconscious mind. I haven't dreamed for years. I work with all of you guys on the astral at night. So I don't have dreams. I had a really odd experience of having a few dreams when I moved in to this house and I realized, "Gosh. I haven't had dreams in-- I don't know-- 8 years or something." So it was kind of interesting to actually have a few dreams after of not having dreams. Dreams are good. It's a mechanism to help you resolve things. So they're good. I'm not saying don't want to-- don't wish for having dreams.

Michelle, on the 4 part classes are always 197 so that's our standard price so it's not gonna be and it'll be a no brainer if that's the one you wanna jump into. It'll be easy. And Elizabeth, "I was like a demo in one of you classes some days ago. Julie was waiting at

my heart chakra and said, "Yes. As you can see there are lots of --. " " That's so funny. She was dreaming about me. I tell you guys. You got me all of your dream space. So I'm working with everybody. I'm a busy, busy girl at night. I'm definitely out working with everybody. So that's cute. That's-- that was lucid dreaming, Elizabeth. Very good.

You know what I will do a follow up within a week on all of the classes I've mentioned. I'll just send you a list and a link. We've got a-- I've gotta write a little bit of copy on some of them so. So you guys, I'll follow-up within 7 days and you'll get each class that I've mentioned, the little description, and a link if you wanna sign up. So you don't have to wait until we're doing a promo. You can just jump in there and get yourself into what you wanna be part of. And for those of you who wanna come in to the diamond level next week, the 500 dollar discount is good for today. So if you can sign up and then just send me your receipt, I'll get you set up so you get the discount. Whether you do the basic level which was 25 hundred, will be 2 thousand for you, or the bonus level which is 5 thousand basically for 997 which will be 45 hundred for you and you'll get all those bonuses and the discount. Yay. Okay.

Fathima. You're welcome. Exactly. You are taking back your power and ownership is amazing. Yup. Yes, Eida. You still have 2. We're still clearing. And Elizabeth, "Yes. I have lucid dreaming like every night. Love. Love." How wonderful. Yes. So we're still clearing. I'm feeling really a lot of lightness in the class. There's some significant shifting happening. Yeah. Really good.

Okay we're about 80 percent clear on the demonic stuff. So demons.

Glow Cream. No I don't know any glow cream. Thank you. You know what I think is happening is the light is changing and yet there are art in curtains on my windows. So we just get the natural light which are there's a lot of natural light, so. I think I've tried to adjust to get out of that glow. There. A little light down here. I can get out of the glow. All the time. Everything's happening. It's a priority in my living room and my office should have the curtains first. That's what I think. You're welcome.

Yeah. Neslene, that's why we do the breaks. You really wanna get up and drink water. Understand that when you have difficulty focusing, it might be spiritual parasites attempting to stop you from really clearing. You don't have to be so focused. You can be just like 'I'm part of the class and I'm clearing' and just keep your hand clearing and we're get to all of them. And like I said, when I started working with demons those seem to be demons and trans-mortals and aliens can take a little bit more time. They don't have to. But some of them have been really dug in and entrenched in more than one place and so it sometimes takes a little more time and so just keep pounding away.

We're getting clear. We're in the 90s percent. 90 something percent clear. There's 2 of you who have really nasty ones that are kind of super charged so I'm gonna put my

attention on those two individuals that have kind of a meaner ones but everybody just keep pumping. Chopping would be good and if you feel like you're cleared, you can certainly help with these gnarly ones. We're gonna help. Two people have really kind of the meanest ones. The bad boys.

Limmy and-- Let's see. Is it spiritual parasites? You know, you activated the light body without believing the dark energy in the body. So that's a pretty tough scenario. Did you notice that we, at the beginning, we removed the dark energy from the body. I've removed it from the blueprint last year and now I removed it-- we removed it from your body. So now you could activate the light without any difficulty but if you don't remove the darkness in the physical body, that's where your spirit body inhabits it. It wouldn't be a match anymore for your spirit body if you activated the light in your spirit body and you still have the demonic or satanic energy in your body. So that's what happened and it's cleared 'cause we did it at the beginning of the class. And then I've saw some other things come in. Let's see.

"Does my husband have demons? He now has a sharp pain in the stomach area." I don't see one but it could be a trans-mortal. There's-- I don't see it. "I feel really free of demons from the beginning. Was that correct?", Suzanne. Yes. That was Maria on the husband answer. So I didn't see demons but it could be a trans-mortal or alien. "Thank you. Is it me again?", Michelle. Yes, it is you again. Vania, "In the back of the neck and still there." and Vania is the other one. Okay. So those were the two nasty ones. Not to worry. We're still working on it.

"Do I have one of the touch ones to clear?" I think that's tough. Elizabeth, No. But, you know, we're clearing everybody. I mean all of them are mean. There's a couple of ones that just really were embedded. Naslene, "Julie, we haven't cleared aliens, right? Because I feel these are probably what are interfering with me the most." and that is correct. We are going in a different order. Aliens are towards the end because there are a lot things we're gonna clear with aliens and the further we go into the process, the more we clear. So demons and then trans-mortals. We start with trans-mortals and wormholes, and then aliens have seeds mechanisms and implants. And so there's more that we clear in those. And then entities are just a whole bunch of stuff that hangs out wherever. It just goes to where there's weakness in the body typically. So we haven't gotten the aliens yet but we will. Game on.

A very strange thing. I'm looking at just Michelle. You have something. A warning. Looks like an alien is pressing on your reset in your DNA preventing you from going to a hundred percent. So I'm removing that alien. I'm removing the hold on the reset in the DNA. So meaning when you wake up in the morning, you can be set without this stuff. So looks like somebody is deliberately, you know, preventing you. I could-- What I was

testing is I could only-- we could only get you to 80 percent on this clear with the demon stuff which is not gonna go in this class. We get you to a 100 percent. Little bug.

Okay. Good. Well and like I said, I really-- I've set up the fall to be, you know, like a quantum activations online academy. So it should be really fun fall. Tuesdays and Thursday, 8 to 9 Pacific time in the morning, so that you guys in Europe. It's a good time for you too.

Okay. So I've cleared that weird reset thing and 98 percent. Interesting. Cord or demon. And 6 of you. So not a whole demon but a part of the demon. We've got 6 people who have a little bit of something hanging on her. Are hanging on her. It's good. We're making progress. We're doing it. We're doing it. Yay.

Okay. Lots of questions coming in. Hang on one sec though, guys. 'Cause I'm-- there's something really. Is it you? Quarter of one percent left. I'm just determined. We can't leave anything in you guys at all. So I will get back to answering questions momentarily. I feel like I need to just stay really focused on this bugger. We don't like those. We will send him back to his realm.

Okay. This one has somehow wired in an implant. So we'll take that out too. I'm gonna show you what's going on with my hand. It looks like a doorknob and that's how you remove an implant and we'll go through that in more detail when we get to aliens 'cause that's where you typically see implants. I can't say that I've seen an implant with a demon before but anything is possible. And I do see all your questions, you guys. So I'll scroll back down and I'll get back to everybody's comments and questions. Oh. I did it. Okay. We are clear. Okay. Okay. So I'm reading something demonic. That's trans-mortal. But we're clear of demons and that one stubborn one too. Okay. So let me quickly scroll down here.

That's right, Vania. You don't feel clear yet 'cause we haven't done the aliens which are the ones that people-- Oh but you might have meant demons but that was a while back I'm sure. Okay. And, "Did you say I won't 100 percent clear of that demon?" No. I said that you are cleared a hundred percent of that demon. So that is why I spent so much time on it and I realized you guys wrote this a little bit ago.

Elizabeth, "What does the average human vibrate at. Not in spiritual work." 180. Vania, "I lost video. Back now." Good. Everybody is good. "The bird outside has an interesting song." I think it's a blue jay. Yes. "Is there a bird?" There definitely is. "You go, girl." Yay. "I love you and your dedication." Thank you. Yup. "Amen. Sending it back. Yes. Yes." "I feel chills and I'm crying for some reason." Good, Michelle. 'Cause it's gone. Heather, "You are actually glowing from the inside out." Thank you. I see that to be true. Oh my gosh. Really. The screen is doing something really funny with my skin now. Okay.

This is a perfect time to take a little break. We're gonna take our-- this is our lunch break. I need a 20/25 minute break to continue on with the process. The next ones we have let me just tell you what we're doing next. From demons which we just finished. We'll go to trans-mortals, and then we'll go to aliens, and then very simple, the last thing we'll do in this class is we'll clear entities and if we have time, we will go into a guided meditation at the end. And I really love to end this class with a guided meditation, so if there's time, we'll do that. So we're gonna take now a 20 to 25 minute break. Let's see and we'll be pumping right away. Let's see. So I better tell you what time. So 22 minutes. It's 2 minutes to the hour right now. We'll come back in 22 minutes. I'm gonna go get myself a cup of soup and go see what the birds are doing and I'll be back shortly and then I'll be teaching you how to clear trans-mortal which are some different hand techniques and then we'll go into all the alien stuff and how to clear all of that. So that should be a wonderful next few hours. Okay. And just some more comments. Chills. Yup. "And I feel so much lighter thank you." Okay, you guys. I love you. We're doing awesome. Doing amazingly awesomely well. We're right on schedule. So we'll see you in 22 minutes.

[Break time starts at 03:58:30 and ends at 04:21:08]

Okay. Welcome back everyone and we're jumping into the next phase which is trans-mortals. Okay. Hope you had a nice break and we're back. And looks like there's some messages here. "Good work." and "Yes. Indeed." "Cristel and everyone. Enjoy your mealtime." Good. Heather, No. You didn't have a meaner one. Yeah. But understand that some of you had demons are mean and so I was just looking at some that were so embedded than cruel, like torturing someone. And you might've felt like something was there but maybe you are being tortured. I think that was I was looking at. A couple of you were actually tortured by these funky things. So let's see.

"I'm also a practitioner of angelic reiki. Does this energy come from the one hundred percent love and light or how does it clean it? Big problem now with teacher's life who brought modelity to Astonio." Okay. Reiki is where human energy and we're working with the quantum field. And the quantum field is all of -- everything that exist are particles vibrating and we're rearranging the particles to align into our best advantage. And so by clearing away that, which doesn't serve, and aligning our particles in a better formation to be fully expressed. That's my best way of saying things. Reiki is directing energy.

Someone said once and this is to not insult reiki 'cause I'm a reiki master but reiki is about-- has about 2 percent of the potency of the quantum activations. The quantum activations goes to every level and very deep. So really happy that you've studied reiki and this is probably your next step. 'Cause reiki is beautiful. And we're working on...

we're working on the energy of truth. The vibration of that which is. I'm gonna-- That surprised me. Sorry. Okay. Let me go back here a little bit and see. Okay.

And good Heather for saying this is not me for awhile. That's great. "I would like to practice somewhere but something's blocking me. Thank you." Limmy, are you just talking about this work or some other work? Are you talking about the angelic reiki? 'Cause you could just clear those things that we were looking at. Amplification down to DNA on being able to effective with your work and would probably help. Quantum success activations is a home state program is really, really good for that. Were you focus one particular thing that you wanna clear. Each module deals with something around what might be blocking you. So that might be fun for you to do. That's a home state program. Let's see. "Also have here some---"

Okay. Well good to know. And we should probably just get back to work on very interesting conversations about the angelic reiki which probably comes from the angelic rather than the earthly realm. Is that true? It does. Yeah. And super seated or overseen or helped with angels? No. Did you know? It isn't. Okay. Good. Okay. Just to let my producer know I-- You came through. So I don't know if your phone muted itself but just to let you know that happened. Okay, my dears.

So we're going into clearing trans-mortals and with trans-mortals we have to clear their wormholes and we have to clear them. Remember that we said that trans-mortals are also from the demonic realm and they plug into the body. And for the overall group; trans-mortals, around 800, and wormholes, about 4 thousand. Which means that there are probably 8 thousand trans-mortals that have been coming in and out of you and 800 that are currently in you. They're watching what's happening and there are a bunch of them have vamoose 'cause they don't wanna get in the wake of what we're doing.

Doorknob technique. Hand-- kinda like a you're reaching around the doorknob and you're turning to the right. Just turning to the right and then coming back. Turning to the right and coming back. Turning to the right and coming back. So you wanna just do this quickly and it's-- I keep my elbow at my waist and that seems to help with no kind of voluntary muscle where the muscle gets tired. So my muscle just doesn't come back. Okay. So we're clearing both the wormholes and the trans-mortals. You can lasso them if you have a sensation of where they are or you can just start doing this. And they are-- they have no value to us. They are not helpful. We are released in them and sending them on their way. Okay.

"Do trans-mortals and aliens disguise themselves? Can you ever check to see if this yogi, who keeps dropping by, is just here helping seeing what's going on or something not good and sneaky decide-- disguise." And yeah that's a sneaky disguise. That's not a good thing. So I would not participate in that or get rid of it. Whatever. It's not a good

thing. Interesting. Yay. "Like upgraded like corona reiki." Corona reiki. I guess so. I don't know anything about the different version of reiki. Okay. So this is just a conversation about reiki. Okay. So you guys are chatting back and forth. We generally have the chat box so that I can pay attention to you guys, so, but I do get that you-- you can with each other a long time. You're starting to be interested to each other. I get it. Hey. Everybody. Churning, churning, churning.

Sure it maybe but it might be trans-mortal or aliens which we would be coming to. Drink some water and, you know, good that you're saying that this is not me and we might not have gotten to what it is yet, so. Once we're through with the trans-mortals, we do aliens and then we do the very simple, the entities will lead pretty quickly. I'm sorry that you're experiencing pressure in your head. So when you say I have a headache, you've not agreed that it is yours as suppose to an energy moving through you. Are you tired too? I wonder. Tired. Yeah. Maybe a little tired.

This is actually working really well. See we're about 4 and a half hours into our 7 hours class and a few of had to refresh a few times but let's-- overall working really well. I like this format very much. And I-- really when I was laying this class out, I worked with the Divine. I was looking at what is possible and we couldn't get the same result if we spread it 1 hour a week for 7 weeks which is wouldn't get it. We had to do all in one fall swoop. It's kinda like doing brain surgery and you've open the brain up and you've done this really great surgery on brain one and two and you close it back up and say you say, "Okay. Now we're gonna come back next week and work on brain 3." A brain surgeon would never do it. He would just like-- She would just do it all and it's the same thing with this. It's kind of a surgical removal of all those stuff and we just have to do it all in one procedure even if it's kind of a long day. We have to just do it.

"Do trans-mortals and aliens--" Okay. I answered that. You're welcome, Heather. Okay. We'll just keep working on this. It should be a really big-- Oh. Yeah. I'm noticing a difference. So we're removing all the wormholes because by removing the wormholes, they can't-- they don't have access to you anymore. So they can't just slide in and out. Understand that only a percentage of those bugles are around you right now and part of that is because they are very aware that we've been clearing for a while and many of them have just zipped out of their wormhole to the other-- back to their realm. Let's see.

"It's been an answer to prayer to me. Thank you for doing this for us, Julie." You're welcome ,Michelle. You're very welcome. I tell you what, you could not have gotten to do this last year because I didn't wanna be known as the person who clears spiritual parasites. But given that I get to teach on essence and, you know, owning the body a hundred percent and energy and I get to teach on other things too, I said, "Absolutely." This is one of the things that nobody touches. Just nobody really knows how it all works and since I've worked with thousands of people at this point. I've really been able to put

the pieces of the puzzle together and understand that it is in the field of amplification so if we can once and for all maybe get 5 million people and get them cleaned up is no longer the game of the planet. We can end this game. But in amplification, it becomes ripples in the bond like keep going out and out and out. So right now, we're just really working on having people have the experience of not having all these stuff and then living really lightened up were they could clear anything that shows up in their body that exact same day.

Oh. That's great. Trevor's saying his feet are happy. Yay. Wow. That's really cool. So the eyes are matching. That is very, very cool. Oh and eating honey. Not moderation but anything in excess and sugar typically like a piece decadent chocolate cake is 400 times more sugar than you'd get in an apple or couple of strawberries or some things. So all in moderation.

It could be definitely a wormhole, Fathima. And understand again-- I'll just say it again even just to reassure you. The beings that can cause sharp pain are demons, trans-mortals, and aliens. And they're typically demons. Once in a while trans-mortals and once in awhile aliens. But if you were checking that sharp pain. You would first check is that-- the first thing you'd check is that a demon, and then if it's not a demon, the second thing you would check is it a trans-mortal, and the third thing you'd check is it an alien. And it is a trans-mortal. So somebody not wanting to go. Everybody pressure on. You know, understand also that these funny things that are happening in your body are meant to dissuade you and in the past before you had the tools you would-- actually try to calm your body. You go lay down for awhile. "Oh my feet don't feel good." You'd think that it was something wrong with your feet or you think it was something wrong with your liver and like, "Oh my God. Do I need to call the doctor?" And so you'd think it was you but you're now getting tools-- you're now getting tools that will make you unstoppable. Powerful beyond measure.

And so your taking a lot more ownership with your body and they don't-- the parasites and pests they-- this is an anomaly to them. They don't understand that you're-- what you're doing-- they do get it. They're getting kicked out but they haven't seen it before. Like there's very few human beings how can move them all out. And if you're feeling pressure in your head or in your neck or in your eyes or whatever that is I do-- I'm kind of sensitive to a lot of you. Feeling pressure right now. It's okay. We're just moving it out. It's them resisting and that's clearing and we go to zero. So that's what we're doing.

Okay. Oops. Things were moving here. You're welcome, Michelle. Thank you, Eida. You're welcome, Cristel. Fathima, you're welcome. Eida, Thank you. You're welcome. Yup. I'm happy. As long as I get to like do fun things too, I'm happy to give you guys all of what I've learned which is a whole lot, so. I get so excited about like teaching essence and illumination and the sound of truth. Those are like-- I don't know. There,

you know, they are connecting with the divine. They're connecting with their divine self. It's really exciting to me. I get that this is so important and is part of your healthy life. And the reason I gave it is because I could see how much damage all the spiritual parasites were doing to me when I was so sick years ago and how I didn't have a clue. I felt like that's not me when I look at my body move anymore. Feeling restless like syndrome or heart palpitations, migraines, and it wasn't me.

And sometimes they-- not to make any story about this-- but sometimes people who are particularly powerful spiritually will fall under attack and part of it also I'd say will be genetic. Like if you're really sensitive. If you're clairvoyant or a healer or a seer. Clairaudient. Clairsentient. I'm actually all of them. I say I'm not a clairvoyant reader because I don't want to encourage people to ask me clairvoyant questions. I really want to help them get authority and I had-- years ago I had tried to be a spiritual life coach and just ended up being a clairvoyant reader which wasn't interesting to me. I didn't-- I wasn't curious about what your boyfriend was cheating or when the next whatever was gonna happen. It just wasn't what I wanted to do, so.

Anyway. But if you have that in your bloodline. Whether mentally ill or healer seers in your bloodline, you'll have that and that will sometimes leave you very susceptible. You'll be able to see things like you'll be a seer but then you'll also have the problem of more spiritual parasites. There'll be more drawn to you. So the blessing is to change that so that it's not a black and white either/or is that you are the light. The light is within you. The light expresses from you. Flows through you and blesses humanity and that you are not participating in a lot of spiritual parasites. Just like the lamp needs to be refilled. Like the oil lamp needs to have fresh oil in it to keep it light. You need to clear. Clean yourself. Bathe yourself. So that you remain fresh and pure.

And like I said, I really believe in what I've been shown. Is it when we have 5 million people. That's our-- that's our set point for humanity. It's not that many people. So the more we can reach out to the world and get this information out, not just the information out but embodied so that people are embodied. The quicker things change on the planet. And that we have this new group mind which doesn't believe that spiritual parasites belong in this planet or side by side with humans. Okay. More things.

Thank you. Thank you. You're welcome. Thank you. Yeah. "Exorcist in making surely hopes their-- " You know what I think what I'll do I'll set up-- is anybody on this call a Facebook expert. I can set up-- I would love to do. I guess you have to make everybody and administrator for everybody to share it equally. We can just do like quantum activations students because I think the immersion is kind of an elite group and I think they wanna keep their page. I'm just getting that. So why don't we set up a quantum activations student's page and if someone's an expert on Facebook and you wanna help me get that done, you know, send me an email. Julierenee@julierenee.com. You

wanna help me get that set up I can-- Not a perfect expert. I have, I don't know, 20 thousand people following me on Facebook so I should be but anyway. That's not my strong suite and I know this would be one for you to interact with each other and also to ask questions of me. I'm happy to have a day a week where I go in and answer questions for you so you can count me being there. So I'm happy to do that.

You're welcome, Fathima. So you're welcome. And you know, I do feel like-- I felt so certain that we had to do this right away. I was gonna wait until October and from all the comments from the different classes, I felt like this, more than anything, would make such a difference with everybody who's been, you know, attending the classes that getting free of this and then having the power to keep yourself clear. If you're already working with clients, you know you can use these techniques. At the end of the day, you'll know the foundation of how we do things. You know, there's subtleties of course that we learn over a year when you see things you're like wow that's interesting but you'll definitely have the foundation of everything to clear spiritual parasites out of this call.

Oh. You're welcome. That's really nice to hear, Fathima. I mean ultimately, all of our answers are inside us. And it's why I teach you how to muscle test yourself. I gave you kind of guidelines and then you have to really ask yourself what's going on within me and you'll get all your answers. And like I said it takes about 6 weeks to perfect the muscle testing. 5 times a day. Just practice. This food is good for me. This water if pure and clean for me. You know whatever it is. My name is. And you can just test and test. Just test everything. The computer is clear. The technology is clear of spiritual parasites today. My room is clear of satanic or demonic curses. You know you can just test all day long and that really hones your expertise.

This is really some great comments. I hope we get to save some of them so we can put them on your page on the-- rather the page for this class. That would be great. With such a long class, I know they don't all get saved. So we'll see. We'll see what we get. What beautiful comments.

Perfect. Eida, that's wonderful. I knew that a bunch of you are reaching out to me. I think that'll be a much bigger class in the fall. This we did not do a lot of promoting as you know. It was just here's the first class and let's see how 7 hours goes because I got divine inspiration that the class had to be done all at once and I haven't taught online class for this long. My producer was like, "I don't know if the technology will run that long." and I had already checked that it would run for 12 hours if we need to do it but we're not doing that for heaven's sakes. No. So anyway. You guys are fast implementers. You're the first ones to come through this incredible class. And as it helps you, I hope that you recommend your friend to come in to this class. You'll see the difference. You'll see how things change.

Yes, Vania. The class, you'll have forever. So we will send you the replay. It's probably gonna take longer for the 7 hour video to upload into YouTube. So we normally get it out within a few hours. Within 12 hours. I'm sure it would be there by within 12 hours and then, if you like, the class will be transcribed and that would probably take 2 weeks. It normally takes a week turn around for a one hour or a two hour class. So a 7 hour class is gonna take a little longer but we'll also have the transcription available. You'll be getting dynamism, the program dynamism, so you'll be getting the audio training and the meditation as well as the transcription for that and you'll be getting the balance your life now, the little book and the action sheets which is one of the things that I really, really recommend when you've really kind of nailed the spiritual parasite thing. One of the things that allows them to come in and, you know, invade you is that your life is out of balance and so I want you to go through that little training. It's a very sweet little, I don't know, 56 page 6 by 6 book. We'll send it to you as an eBook and then you'll get some action sheets, some balance wheels that you can print out 12 of them and do one a week for 12 weeks and just kind of test how far you are on getting to your 100 percent balance and that should be really helpful. Comes with a little video too so it explains how everything works.

It does make sense to re-listen to today's session. Absolutely. That was I was saying to you guys. It's really good and it's really good to come in to another live class whether you go in to the diamond immersion level 'cause we do a day on spiritual parasites or you do another one of these classes because you're gonna learn a lot of good stuff the first time through. The second time through you go into mastery. So first time you're learning stuff and the second time through, you're really going into a deeper mastery and you're gonna be surprise at how much you pick up that you didn't pick the first time through, so. And understand I [Inaudible 04:49:16] because I-- numerous times during the call, I've said you're getting the replay, transcription, and that's one of the bonuses of this class is that you're gonna all these stuff and that it didn't register. Meaning there's so many things coming in. I don't falter at all. I'm not saying you weren't listening. You were listening, it just didn't register and so there'll be things that weren't registering that you go through again. You go through the replays and/or you go through more class more class time.

Each class has its own unique flavor because it has different student. And so different things will show up on each class and different questions will be asked and that's amazing 'cause from class to class it can be quite different. Different people bringing different challenges. And so one class will be quite different in flavor than another even though we're going through some of the same materials and so you learn so much even by what the other students are asking these questions.

Yeah. It's true, Michelle. "Feeling much lighter." You're so welcome. You're welcome. It's really great to work with you guys. You're so-- I guess I've been mocking up love

bunnies because all of you are sending me so much love. It's really wonderful. I'm loving this class and it's funny I-- like I said, you couldn't have gotten me-- you couldn't have begged me to teach this last year. I just didn't want to and I'm so happy teaching it to you. Really, really happy. Feel like we're so align and there's so much love here. There's so much beautiful energy in this class. It's amazing. And I can see the freedom that's happening for all of you.

Oh good. Good, Vania. Yeah, Elizabeth. I think it's, you know, it's really stepping back into loving your life and loving the people around you and you'll see the balance but we're not gonna go into the balance training here. It'll be a little bonus for you but there's 8 aspects of balance and just go through the program. You can send me an email if you have some questions. Like I said, I actually did a little video on how, you know, really living life in balance with the parts of the balance on. It's, you know, growing your social life. You might, I don't know, burning bridges isn't always the best thing because you end up having karma with people. So you might clear karma or you might have renew with some of the family. I don't know. I don't know yet what your situation is in depth.

I also am indigo 3 runner/4 runner, whatever. So when I muscle test I get that I had that dynamic also. And so relationships are precious and there are-- it's hard to let intimacy in-- it's something that you can work on with your clearings. With the beginning clearings, you'll get the PowerPoint too, so you can go through those. Amplification, perception, emotions, DNA, and bloodline. Can do clearings on intimacy.

You should help me a lot and I know I've been kind of giggling to myself. I'm in a new place and I attend a couple of different things weekly and sure enough I'm making friends left and right and people are running up to me and chatting, chatting, chatting. They don't know me from my business life and it's kind of fun to see that I can have really a wonderful social life. Just not the all be dedicated to changing humanity. However, that is my main mission here but that's really fun.

So social life is part of that and somehow having peace and love with your family members. I don't know if they're so abusive that it's not possible physically. That might be or it might be that in the past they were abusive and now they're old and, you know, don't have those kinds of things and if you just step in to more ease about everything that happened, it happened for a reason, and I'm not so powerful that nothing they do or say can really affect me and yet if I step up into love and love wisdom and grace with them, I don't ever have to do another life with them. My karma can be ended and they can go to their grave feeling, forgiven, at peace, relaxed. That's my mission now. Anybody who abuse me, I'm really given them a lot of love and not so that they can abuse me again, it might have been that I'm physically communicating with them but I pray for them. And you know, the more peace you can get with the people who maybe early on harmed you and the more you get 'Gosh. This shaped.'

You're welcome, Brenda and Maria. Okay. "I've used the DHB to do work." Oh. The-- Your Divine Human Blueprint. "I was so excited to get live session. I've been great to watching action and know what to do. Haven't had much different myself." Oh and this is the first comment I'm getting from you. Is that Jamie? and let's see. Yeah. You're shifting. You're 70 percent shifted. So it's working. Yeah. Some people feel it differently. You might have or you feel much clearer over the next few days or people respond to you differently. I know when I clear all the violence all of my aura, I begin to be leader. And that wasn't violence that put in my aura, that was stuff that was done to me in other lives. So we'll see. We'll see how it affects you.

Could be that people were abused or were abusing people by spiritual parasites. Yeah. But you agreed to do the dance with them so you agreed on some level to do, take their spiritual parasites. Yup.

Okay. I get we're at zero with trans-mortals, and wormholes about 40 wormholes left. So we'll just do a little bit more and it's this. So we're just the 40 wormholes that are left. And we're clearing from both aura and body.

Abuse and violence. Karma clearing is the one that comes to mind that really does-- I mean we don't specifically do the aura. I could add that to the karma clearing class because what it does is that it unplugs from everybody. I did that karma clearing technique with like 400 people. So all my family members and everyone I knew and all my teachers and, you know, teammates from-- I was an athlete and it's pretty freeing. I mean when you clear your karma, cords, contracts, agreements, and energy exchange. So their energy in your body, your energy in your body, that's pretty freeing.

And then the aura clearing technique is actually taught in the 3 part energy class that will be taught for the very first time this fall. I think I mentioned that and I'm gonna send out an email. I know I mentioned it. Let's see. [Inaudible 05:00:14] it might be. Energy body. It's in September. Thursday in September starting on the 10th. So we do a whole hour on aura clearing. A whole hour on chakras and then an hour on additional things like the golden rings and human spirit access portal. So that'll be a good class. It's a 3 part class. So maybe the 2 together, the karma clearing and the energy class would be good. Oh. A whole bunch of things came in while I was talking. Okay.

And Leilani, California. "Just curious to know is there recycling in Cal?" Oh. There is recycling in California. Yeah. I just hauled down the recycling bin for pick up this morning before the class. There is. "I had something jumped back into me through my legs and moved into my stomach. Can you tell that's aliens or what in this place?" Yeah it's aliens we haven't worked on. Right. We're finishing up the trans-mortal wormhole also.

Okay. All trans-mortal wormholes are gone and we're going to aliens next and why don't we-- why don't we take a 5 minute break to stretch, get up and walk around. We've been, unbelievable, we've been at it an hour again. So we'll come back and we'll nail those aliens. We'll nail those aliens to the wall. So 5 minutes and that'll be about 12 minutes after.

[Break time starts at 05:07:29 and ends at 05:15:26]

Hey everyone. Welcome back. I'm sorry. I don't know if this is 5 minutes. I assume it's more that 5 minutes. I think I spaced out. Okay. Let's see. So let us go down to the next step and we'll just pull that up quickly and our next step is this one. Okay. So we're gonna do aliens-- let me sure. Yup. Everything's good. So we're gonna do aliens including mechanisms, embedding, seeds, and implants. Okay and that where you guys are gonna get a copy of the this PowerPoint so you'll have all the things that we've gone through as well as the video.

Okay and so we're gonna clear aliens is normally we're doing the quantum pump to clear aliens. And what I've seen is that there are 8 different varieties to aliens. We clear them all the same way and they have different tools that they use to stay in us or with us. They can embed, they can implant, they can put some kind of mechanisms where they can come back in the future, and seeds. So what we're gonna do now is we're gonna clear all of that at ones. And the volume of mechanism-- volume rather of aliens with-- let's do the aliens first. So the volume of aliens in the group. 7thousand. And then let's see. Mechanisms, 3thousand. Embedding, 6 thousand. Implants, more like 20 thousand. And then seeds, around 3 thousand. Okay. So we have our work cut out for us. You can do chopping with both hands. You do with both hands and both feet. There will be like many thousands were like okay. Let's do that like 4 times. Okay that's three. Okay. Good. Alright. We're gonna be clearing for a little while on this alien adventure. Okay and I see comments came in.

"Do physical parasites have anything to do with spiritual parasites?" Not necessarily but they're cleared the same way and when you have physical parasites, you often have entities around those spirit-- those parasites. Entities are kind of swarm arrays of the body that are not well. And then Michelle, "Geez. What didn't I have in me? The house and the land I lived on was horrible." So true. So true but getting better. Getting better every day. Yay. Yay. Yay. So while we're doing this, I'm gonna go through a little bit of the house clearing process for you because with that multiple thousands, we might be doing this for an hour and a half. I'm not sure. It does feel like a big, big, big, big process. So let me start teaching you as we're pumping for getting rid of aliens and mechanisms and all that jazz implants.

When you clear a house-- first of all you can imagine putting a rose in each of the corners of the ceiling and floor in each room and you can put a rose in the center of the room and then just a line of energy from each of the corner roses. So you have 8 corner roses, the ceiling and floor. And then a middle rose in the center of the room. And you just bring a line of energy down through the center of the room and then ground it to the center of the Earth. It's very much like what we're doing when we ground your body. Grounding it and sending the room on the loose. Okay. And then from there, you could-- you could set the colors at brighter colors and then you could also test for ghosts or spirits or whatever and you've learned the techniques for ghosts or spirits or whatever. Setting colors on the room. Yellow is for higher wisdom and learning. Blue is peace and serenity. Purple and violet those are like enhancing spirituality. Red for energy and vibrancy. It's not necessarily the color I'd set in a room but you might need it if you're up dancing or something. Green for healing and also for wealth. Gold, sometimes people both put gold at the top of the room and some other color down below and that would be the energy of the divine, the god. Pinks are love energy. Marine can be love energy too. May love. So peach, happiness. Orange is happiness. Peach is kind of the combination of love and happiness. So that's a really nice well being color. So you might set the colors of the room and that could be really wonderful.

And then you might want to do the same thing you did with the body. You might go through the house with this whole check list and the-- some of the fields won't be the same and there won't be as much in the fields but there will be some things in the field. Be interesting to do a whole class on just house and land clearing but understand that you can do this. And then you wanna check your land and I do promise to do that on the next Earth day so please join me and we'll be clearing all the satanic/demonic energies off the land too. So it'll be a much nicer place to live.

Now I had a guest at my house and he's a surgeon in the area and he was looking at my house and he goes, "Oh my God. Your oak trees are bright green. They don't look like they're in a drought. What is going on here?" and he was looking at the oak trees. He was, "Look at your neighbors. They're all dead trees and your trees are all bright green." and when I moved in those oak trees were sending out some kind of nasty-- I don't know what. Pollen. But it was really hurting me. And so I remember that the owner when he walked me through the former owner of the house said, "Wack those trees down. Just hack them down and it'll add more view." and I thought to myself, "I'm not hacking them down." but the trees kept hearing him. He must've said it 4 or 5 times. "Just hack those trees down." and I never intended to hack them down but they were like the trees had obviously picked up on the energy and were attacking. Worried that they're gonna get hacked down. And literally there are hundreds of oak trees on the property. It's 3 acres and, you know, then it goes over the other side. Hundreds of oak

trees. Their kind of the scrub oak. They get like 20 feet tall. They don't get a hundred of feet tall.

So I sent love to them and reassured that they won't be hacked down and that I love them and appreciated them and they have just turned this rich green. The leaves are so beautiful. And you kind of stand out from the neighbors obviously. At the same time, I was looking at what is wrong with the land because the land seemed angry and the land had this dark energy, just like I found in you guys where they were satanic or dark/demonic energy. The land had satanic/demonic/dark energy in it. It permeated way down, miles down. So I cleared out the satanic/dark energy also from the land. So the land feels very happy now. If you're on this property, you're gonna really feel wonderful shift and difference from the neighboring properties and I'm excited to do it on a bigger scale. And when you do something the first time, it's always a big job. I think once the techniques really get landed, they can go faster. But you could see, everything's kind of a big job and well worth it. Well worthy effort.

Okay. I saw some things come in. "Should I start soon having--" Let's see. Thank you, Eida. Chantelle-- Cristel. Sorry. Cristel, we're on. I hope that she sees that we're on. That's true, Fathima. They don't like being kicked out. And Cristel, "Fathima, don't appreciate a good solid spring cleaning any time of the year." Okay. One second here. I'll write the colors down so you them in the PowerPoint. Sound good? And just keep pumping again. We're clearing aliens and all of their [Inaudible 05:26:29]. Okay.

Okay and you probably know white. If you set the color of the room at white, it's trans-medium energy meaning the other spirits can come into you. So you don't wanna do that. And obviously not black. Black is demonic or satanic. So you don't wanna do black. And grey the same. Grey is just not gonna support vibrancy. Here we go. That should do it.

Grey is a combination of-- you can pain with grey. There's no problem with painting. I'm talking about the energetic color and I do know that grey is really popular. There's no problem with the natural grey as far as paint or stone or whatever. That's fine. Grey is a combination of black and white, so it's the satanic energy with the control energy together. So you'll notice that it reads really, really low on a vibration scale.

Okay. I'll add that to a slide also then the steps to clearing the room with the roses. Hang on what second. You guys keep pumping on the aliens. We got a long way to go.

Okay that should help.

Yay. Okay. So now you have kinda the steps. So if we don't get to it, I was hoping we get to it but when I've read the thousands and thousands we have on aliens, getting through the aliens and entities are obviously our first priority and I do want you to come

away knowing how to clear a house to, so. That should help. That gets us in the right direction and if we can do a little process at the end, that'll be good but if not, you've got the steps. You're welcome, Elizabeth. Let's see. Anelly, "Do we ground the grounding cord to the center of the Earth or room?" To the center of the Earth. The grounding cord is in the center of the room and you send it to the center of the Earth. So grounding means going into the Earth, right? Yeah and it goes to the center of the Earth. Did I not write that? I thought I did. Oh. I put room. Let's see. Set a grounding cord down to the center-- Oh. Sorry. I put that wrong. Thank you for catching that. Rose in the center of the room. Yup. I did that wrong. Thank you for catching. Yay. It's corrected. Thank you for correcting me. Awesome. You're welcome. Got it. Good. Yes. "I couldn't exactly understand."

Okay. Well if we have a chance, you're gonna get the PowerPoint and if we have a chance we'll go through it at the end or do you guys want me to explain it one more time. I think it would be better if we do get to the end and we are able to do it. I think that would be when you really understand. I think sometimes it's better doing it than telling it like 3 times, so. Hopefully we'll get to that but let's just see where we're at with the alien stuff now. And we're about 60 percent through on the alien stuff. That was a lot of stuff.

Oh good. Okay. Fantastic. You do understand already. Okay. Good. Thank you. Yay. You can also do this with your car. You can do this in your office like if cubicle if you're working in an office. You can also do it with funny things like-- like say your checking account is been a little wonky. You can ground the checking account and clear it and then check and see if there is, you know, any spiritual parasites interrupting the flow in your bank. In your bank account. Things like that. You can also, like we were doing with technology, you can clear your cellphone. Very similarly to clearing the room. So there's a lot of applications for this and once you have all the clearing techniques down, you're good to go. And then you wanna learn how to regenerate and how to really put new energy in the space. Once it's cleared, you obviously wanna own the body and so exercising, having happy times, laughing, you don't wanna just kinda zone out.

One of my students, she's really very devoted and spends a lot of time studying but she's, you know, isolated and in her apartment a lot of the time. And she hasn't found the kind of power and freedom from spiritual parasites and energies that a person who's really owning their body would have. And so you wanna own you life and your body by really being both doing the inner work and the outer work. And she's-- she's really great in the inner work but not the outer work.

And understand that this is all goes hand and hand. We're not teaching you how to be isolated. That was the old way. You know, go to the Himalayas and, you know, meditate in a cave and you reach god and we're not teaching that at all. We're teaching how to be fully expressed and enlightened in a body, in a world, with lots of people in it.

Expressing joy and happiness because honestly there's incredible joy. An incredible opportunity to be in a physical body on planet Earth today in this very amazing transformative time. So that's what we're going for. We're going for full self expression to enlightenment. Okay.

Yup. Goodbye, aliens. I bet a lot of you are feeling bodies that are getting calmer faster. Things are changing. Aliens are sometimes responsible for [Inaudible 05:40:05] too. Weird stuff in your ears and your eyes. Sometimes if your vision goes down, they're responsible for that.

Yeah. You don't really need roses for the checking account. You can just ground the-- let's see. You can just like your body. We don't put a rose at your tailbone but you're just ground 4 corners and then just ground it down to the center of the Earth. You could do with roses if you wanted to but I think when you've got a big room, that's kind of nice to have an image of something that's tact in place. That's holding itself. With the checking account or wallet or something like that. You can do your credit cards. No. Doesn't need roses.

You can even do that with your body. I've been doing some interesting things like I bought a bunch of new rugs and then they had the chemicals that are in the new rugs. I guess because when they're stored in a warehouse, their-- you know, you don't want rats eating the rugs or anything. So they put some chemical on it. Well my body doesn't like that chemical. So I started grounding the chemical toxicity down into the center of the Earth and then the real intention that the chemical toxicity just get cleared to the center of the Earth, not harming the Earth, but really pulling it out of the room. Dramatic, dramatic, huge, huge difference. So then I thought, "Well. You know, I'm always cleaning up. My body was exposed to the atomic radiation. I wasn't supposed to be alive and I'm alive." Once when everything is always perfect and one of the things I struggle with is keeping my toxicity levels really low. And so I started just laying in bed and imagining that all of the toxicity that was in the fluid of my body or in the cells of my body, that I just saw the toxicity leaving my body. And I would feel wonderful after I did it.

So we do in the ruby level, we do like a whole training which ultimately ends up being about 30 hours of work. We do 4 hours of training for a 30 hour process that then you-- you know, if you're in the immersion program at that point-- you do but I'm restoring body chemistry which is very profound. We did a couple of hours of in Golden Age Year of Miracles which is amazing. But it's about a 30 hour process to go through all the chemistry and restore the chemistry that is supposed to be in the body but there's also moving out. So there's, you know, like there's the getting things to work right and then there's also moving toxicity out and if you were exposed to large levels of toxicity that,

you know, medically they don't can leave your body, you can still have it leave your body.

I think the other thing that really it comes down to which is what I've been really looking at is, if we are powerful beyond measure and we are the quantum field. Like we are the particles vibrating, then it seems to me we could re-arranged the particles at will. Without-- we'd have to clear a way, any atheist energy, or can't do it energy, or, you know, belief in the structure of the planet the way it is. The Newtonian apple falling from the tree and that's the way it is. If we could really-- in our mind. Like our mind would really believe that that were the way it was then it seems to me that we would accomplish whatever we set out to do in our body being essence experience. So I know I continue to learn as I learn about what were all part of and how everything works together.

When I was overworking, I would go on these trips and I would speak and I would do this activations and, you know, I'd go into a place like Saint Louis which is really desperate for help in the middle of the country and there's high toxicity level and they scheduled me from 8 in the morning till 6 at night without breaks with clients and then I'll go on and teach. So they pick me up at 6:30 and I teach until midnight and then start the next day. And so I was in the field. Really transformation for prolonged periods of time and by the fifth and sixth day of that, I started becoming transparent. People could literally see through my body to the chair behind me and they'd say, "Hey. Do you know that I can see right through you? I see the chair." and so at that point I thought, "I gotta slow this process down. I don't wanna transform so much that I can't make a difference in the world." so I'm not doing quite as many activations a day and really there's something about balance that, you know, is really missing when you go into that kind of strenuous tour to help people. And always understanding that my desire is always to help as many people as possible and I'm living in a body too. So I have to respect that body too. Okay.

Simone, "Just to be clear. You're clear out on your--" Okay. We took that one. We teach psychic protection in our classes. You know, I had been teaching psychic protection as we've been going along. You might not have picked up that I'm teaching it. We're clearing out and then when I recommended that you do is pull your aura in to 9 inches or right up close to your body when you're out in public. I've taught you how to recognize when something comes towards you. You can't necessarily stop someone but if you're sending love-- I can think of 20 things I've told you today that would completely protect you. Making peace with family members, not believing in psychic attack or attacking anyone else. That's one of the big ones. I mean you have to turn the moment off in that. So if you've thought harmful thoughts to other people or upset about stuff to other people, maybe people who are only in your mind, that could be psychic attack to

them. If you believe in that system, then that system works in your field too. So if you don't believe in that system, it really slows down the attack.

And you know the most important thing I wanna say about this from what I've learned because you know I really-- I'm really out there in the world and a few people can be jealous. I don't believe in jealousy but a few can be jealous and if you go into their experience and you feel like are they wishing me harm, are they courting me, or whatever. And you go with their experience, then you give them the power to set the space between the two of you. But you can also go always into the higher experience of I'm a powerful being and these are people are feeling threatened or challenged by the kind of power I have or the kind of beauty or grace or whatever it is. Whatever they're feeling threatened by. And if you could with a loving compassion say, "Okay." So that's an old way of being and I can just shut that down by, you know, doing your clearing. That's an evil spirit clearing that you can do so that they're not in your space but you can send love to them. Understanding what compassion-- where they're at. They're at a lower level of awareness or a lower level of understanding.

So I went to an event recently and the person who was leading the even had me do some speaking and it was clear as the even progressed that she was really threatened by me and she was doing some really goofy things. And really one of my friends said, "Oh my gosh. She's, you know, draining you of your life force." and I don't think she was a witch or anything like that. I think that she was-- that's what she does when she gets frightened of a powerful woman that has more power than she does.

And so the thing to do is get really clear who am I in this and I reassured her. I was really loving to her and very supportive to her and then I came back to my space and cleaned myself up. Removed what she had put on me and I felt wow that's an interesting experience. I don't know how much we can change other people by responding lovingly to them but I had hoped that what I did with her would calm down any sense of competition or jealousy 'cause I was honoring to her and that's what I can do. And then you have to say, "Every thing is a blessing."

I learned something about female jealousy because I don't have it myself. I've never experienced it and I know from people who have. It's really unpleasant. So I learned something about from being a neither end of it. And then I can say, "Okay. So all things work for good, right?" So if I was blessed to understand in a small setting. That wasn't particularly harmful to me. I mean I had a few days that were a little unpleasant but I stayed loving. I didn't talk behind her back. I mean, you know, I didn't tell anybody, "Oh she's doing this to me." I got home and I kinda sorted it out.

I did talk to a confidant and say, "Hey. This is what I was going through and this what I was doing." and she was looking at it. A clairvoyant confidant. A girl friend of mine. And

she was like, "Wow. She was draining your life force." and then, "Yeah. That's interesting. That's kind of what I was experiencing." But not to make her wrong but to say well this is one level where I can be compassionate. If I can see it in advance, I don't have to even, you know, plug in to it but sometimes we don't see it in advance.

Sometimes we're blind-sighted. We go into a situation and we bring our heart. Our best self there and they're already are feeling invalidated because, "You're so beautiful. How come you look younger than I do." or whatever that is that they're feeling. And, you know, you don't even realize that your presence is gonna do that. So maybe there will something but know that most of the time psychic attack isn't intentional. I would say 5 percent of the time psychic attack is intentional. Also people just get lit up and they're frightened and they either are gonna be loved or they're gonna, you know, fear and fear can lead to anger and attack or jealousy or whatever it can be or stuff that globes on.

So if you're always have the response of love, you stop the momentum of attack, right? Because not too many people want to attack something that's constantly giving them love and appraisal and approval and you're good, you're good, you're good. You're wonderful. You're good. That, you know-- I mean you have to kind of measure it. I mean there are some people who that feel false to, unless it were really coming from your heart. You genuinely set it. So you gotta genuinely say it from your heart. Not manipulate them but anyway.

I have this different version of psychic attack. Is that if we get preoccupied with people attacking us, we're gonna draw more of that in. And if we rise to another level, the level of loving communication and not telling them they're wrong because they're not in the place to see it. If they're in the place to see it, they wouldn't do it. So anyway that's my take on that. And a whole bunch of questions came in.

Okay. Suzanne, "I have pain under my lower level cage and it's been hurting for the past week again. Want to be free of it." Okay. Got your declaration and that is like 6 aliens. So just keep clearing. Elizabeth, "How do I don't believe in attack anymore after being beaten and strangled by spirits?" I want to change this. Well the spirit thing is 'I am powerful beyond measure'. I was taught-- telling you about people and the spirit think is 'I'm powerful beyond measure'. You lasso them, tie them down, and they can't move. Even if you have difficulty 'cause your new at clearing them. They really can't move. So you've locked them in and, you know, you now have the tools. So it's when you start really battling them that more of them come. In this case, when we're doing this, I really-- I was a little tired last night but I really didn't have the biggest swarms I had last year when I was working with Darius 'cause I've really positioned it so that we're getting you clear so you can live your life rather than focusing on the baddies. You know, I've gone into great description about how bad these things are and how bad

they look and all the mean things they do and I'm not making them the villains, I'm making you powerful.

So you focus on yourself being powerful and you just look at them as you know like you wouldn't walk around with grease stains from, you know, you're under the car and you got grease on your face. You wouldn't walk around with grease stains on your face. You would clean it up. And you know how to clean it up. Maybe that kind of grease doesn't come off with soap and water. Maybe you need rubbing alcohol. I don't know about it but you would use your technique to just clean it up. But you wouldn't make the grease stains wrong. You would know, "I'm capable of removing these grease stains." Even if it's just not soap and water. I can use paint remover and whatever. Whatever you need. You have the tool now to clear it.

I think the other thing is you don't want to-- and keep pumping everybody we're still clearing aliens-- you don't want to identify yourself as a survivor. You wanna identify yourself as joy. So if you look at yourself and I've survived all of these attacks, then you're identifying yourself with the attacks. And if you identify yourself as in this moment I am joy, I am light, I am expression of love on the planet, I am god incarnate, whatever you wanna express yourself as. The minute you define yourself by what you survived, you give them power. And the minute you define yourself by I have a blessing in the world, I love my life, I radiate love to everyone I meet, and I feel so happy to be in this body, that is your definition of who you are now. So get it. If you define yourself by what you've survived, you define yourself by-- you're giving them a lot of power. Way too much power. When you define yourself by who you are now. Radiant being of light, radiant being of love.

You step into a kind of a whole different kind of power. And it's not that you weren't ever gonna have a spiritual parasite and make a mess in your life 'cause you probably will. I mean we're all experimenters. We're all trying new things and doing things that are exciting and not exciting. You know, resolving issues or whatever. So yes. Things will come and go but define yourself by who you truly are. The essence of you rather than the other things that are happening to you, that aren't you. They aren't you. I hope that helps.

Yeah for Fathima on turning the other cheek. There's something different than that 'cause I don't want you to feel like you have to be abuser or that you have to-- excuse me-- receive abuse or you have to just tolerate it. So I'm gonna be so intimate with you which I would do in an immersion program and then say, "I'm sharing this only because I think it'll help." and I don't want that story repeated. So I'll vow to, you know, secrecy or whatever. If I'm gonna share something really intimate with you but I think it'll help you and that's the only reason I'm sharing it.

So from childhood, I was beaten and sexual abused. And there was a long time where I couldn't get over it. From my mother told that she wanted me dead everyday of her life and told me every day of my life that she was gonna ring my neck and break it off like a chicken's neck and she said it every day. Every day. And I was locked in closets. I was tied to the bed. I was locked in basements. And from my father, an alcoholic. My mother was psychotic. My dad an alcoholic. My dad had [Inaudible 05:58:42] said, "Your mom has problems. You better watch out and make sure that nothing bad happens." So I'm 5 years old and there were 5 of us. I've got a brother who's 1 year older but my dad sees that I'm the responsible one at 5 and tells me I have to take care of my brothers and sisters.

And I grew up my mother saying that I was completely unlovable. That no one would ever love me and, you know, life was really, really hard. Okay. So just you can imagine how that played out and how I left going-- I was defined by what was done to me and what was set to me. And you know I gave you a tiny snippet of a very, very traumatic, very difficult life. And I realized that the only way I was gonna get truly free was to completely and totally take full responsibility of every single second from the time of conception to my present time life that I was responsible for everything that played out.

And this is gonna be hard to do. I mean it's really hard to say, "I didn't want that. I didn't want that." But the minute you take full responsibility for everything that's playing out in your life and has played out in your life whether you know what you did or not know what you did or what you agreed too. You might agreed vaguely to things before you got in the body and who knew it was gonna be this hard.

I mean at 33 I had a wise old seek from the Himalayas. Kind of an ancient guy tell me that I'd already moved 7 lifetimes at 33. That I've gone through so much trauma but I was here to do something huge. He told me, "You know, people who live that intensive life, they are meant to make a big transformation in on the planet." and you if you feel that you've been really traumatized, you might have allowed all that trauma so that you could break out of whatever the traps you were in and help change the face of humanity.

So I can to that conclusion that I'd set this up for myself and whatever played out, it played out because it was meant to. Because I was always loved on a higher level than my parents like God loved me, Jesus and Mary loved me. When I went to India, I discovered Lakshmi love me. Wherever I've been, the divine beings have always been there standing by me and I say that they've always been there standing by you too. Helping you through this. And how great the trauma is like my old seek friend told me is how big you wanna play in the world. And if you can get free which is very difficult for people. People define themselves by the trauma rather than by the who they know

them self to be. And until you can turn off that I define myself by this, you can't really step into your full power.

Now this is kind of a lesson in enlightenment but honestly if you got a tiny bit of this and then six months later, we chat again and I give you some part of this again and you get a tiny bit more of it, you will change over the next 2 or 5 years and you will open up in a way that you never knew was possible. Because you are here and you are divine. Your body and spirit are divine and you are here to help with the journey. Look, you're on this call. You and I are already collaborating together. To change the world. Just your being here makes the difference. And as you step in to this higher wisdom, this higher knowledge, that's where the power comes from. That's where the real juice comes from. Yeah. Okay.

Okay. And that was addressed to everyone. But thank you Fathima for stimulating that. And Vania, "That's what I do. Go into my best feelings and --" My throat's certainly get tired of talking. Me who's very quite. I'm gonna suck on a Ricola for a minute. So essentially you're not picking up anybody else's stuff. You're just not blaming anybody else. Okay. End of story.

Who I am with my parents? You would think that given that childhood, I would've abandoned ship a long time ago and I did. I left for India and then I came to California. But as I was doing my journey, I discovered that I could keep boundaries and I could really love my parents. And that they didn't have to love me. They didn't have to know how to love me. Well I can just validate them and praise them and tell them what I liked about them every time I saw them. That I could be just easy on them. That I wouldn't hold any responsibility. I've been hold responsible for anything. And the journey was tough. The first few years I committed to that. They continued to the things that they do and then as time progressed, what I noticed is like I'm like the favorite. Like you come all the time. You know, we're not complaining about you. You always come. So were they could complain or be, you know, derogatory about other people in their life. I show up as kinda like the shining star.

Now that's not so important but we're going to-- they're gonna go to their death bed with no karma with me. We're gonna be completely clear. There isn't gonna be anything that needs to be redone or needs to be revisited. They got that they did a good job. They did everything right. Whether they did or not. They did everything right. 'Cause we're clear. We're good. So they get to feel happy and they get to live out their twilight years knowing that one of their children turned out really well and they can be proud of that or whatever they wanna do with it. And for me, it was my greatest accomplishment and that I think that I came to, no matter what, no matter what the energy, I would stay-- I would learn how to stay in celebration of my life and the divine. That no matter what I was going through, I can now look back and say, "All that is part of this big picture." and

what I'm getting to do now is make a difference with thousands and thousands of people and my background is perfect for really understanding in a very deep level how people suffer. So I can be incredibly compassionate and thoughtful and say, "Look I was there. I understand and you can get through it too and this is the doorway out." There. Okay.

Beautiful. Beautiful. Beautiful. So the one thing I just swear you to secrecy, I do not make my parents wrong. And so we just say that this is just a learning for this class and I have shared it ones or twice with my apprentices but I feel like it really helps you to step into more this love wisdom and I just send love and appreciation to my parents for what they allowed me to learn and support me with. And that's it. The other thing I learned is that, the more we talk about our experiences that harmed us more, black magic/curses we send to the people who really wanting to heal the relationship with. And so I was really careful on how I word things when I do talk that I'm just meant to be helping you not have you take on any of this or feel upset. I think I use to when I talk about it. I used to want people to feel upset with me and I'm not longer want to bond in any way over suffering. What I wanna bond with you is that you were light and I wanna get you to whatever transformation you wanna get to.

Okay. Hey. You know what, we're testing and thank you all for the notes. Yay. This has been an incredibly intimate class. I'm getting that the alien stuff is clear. We're do for a 5 minute break and I'll watch the time this time. You were right, I was a couple of minutes behind. I'm sorry. I just zoned out. So I'll see you in 5 minutes. Take a break and we'll have our last-- about 40 minutes or so-- 45 minutes together in just a few minutes. So I'll see you in just a few. Okay. And there. And there. And there.

[Break time starts at 06:08:56 and ends at 06:13:55]

Okay and welcome back and the next piece of the puzzle is entities. Oh beautiful and thank you so much, Simone. I'm just seeing some messages came in. I didn't notice. Beautiful. Okay. So what we're gonna do is we're gonna start now clearing entities and entities are probably at thousands and probably clear really fast. Yay. So let's go ahead and work on entities and let's see. Yeah. Like 30 thousand entities in the group. So we're clearing entities now and that's just the quantum pump. You can do double pump if you want to and they're like little-- I like to say they're like bugs. You know, they're like ants on an anthill.

So most of the times entities are swarming around a problem area. So if you have a stomach that doesn't work quite well or digestion or heart or eyes or whatever. There's a whole bunch of them So everybody's got them and we're gonna clear them all. Okay. And we're going to it.

And Simone, I think we spent like an hour and a half on aliens. So I don't know if you had a technical glitch for an hour and a half but we were at them for a really long time.

And understand with aliens, you can do this or you can do this. And if you're having trouble with implants or mechanisms or seeds, you know embedding, you can just do this. This is one is a little bit different. It's just a different version and sometimes changing midstream and using that one can help. So if you're stuck and one isn't really shifting, use the other technique. Yay. You're welcome.

"I'm beating them later." On later? "I'm getting on and later." Well, I think Chantel. You're in the call so it looks maybe you missed a little but it looks like, you know, you're 98 percent clear. So you must've been off for a little while but I get that you're 98 percent clear on the alien stuff so it looks pretty good. Aren't you guys feeling wonderful? I bet you're feeling tired there too. Everybody's kinda sleepy, right? Well, it's probably late at night. Middle of the night for some of you.

So we have 43 minutes of clearing entities and then I'd love to do a guided meditation and if you'd like we can do one clearing like a house clearing or something if you'd like to. And what that would mean is we pick like a room in your house and we'd go through all the steps if you'd like to do that too. So I think that we'll have time for all of that in the 42 minutes. I think so because entities are gonna move out in 20 minutes or so. I bet you.

You're welcome. Michelle, you're cleared of aliens. There are zero. 5pm in New York. Okay.

There's 2 mantras that are taped on my computer screen and they've been there for years. And whenever I change computers, I just tape them on to the next one. And one of them is the removal of all death and we can think of the removal all things that are not us and not me. And the other one is the immediate manifestation of the income and we could think of that as the immediate manifestation of glory, joy, happiness. So the removal **[Speaks in Sanskrit at 06:20:03 to 06:20:07]** and while we're clearing entities and we're all little on the tired side, let's go ahead and **[Speaks in Sanskrit at 06:20:12 to 06:20:16]**. Here in place where you can chant with me. Please do. Here let me put it in here. **[Speaks in Sanskrit from 06:20:24 to 06:20:35]** There. So that's the first one. And let's do that 10 times and then we'll do the manifestation of income but let's call it the manifestation of glory, of happiness. **[Sings in Sanskrit from 06:20:49 to 06:22:36]**

And just take a few breaths in and that was the removal of all dead. So the removal of everything but is not us. And we claim that perfect power with this Sanskrit which is a hundred percent true.

And now the immediate manifestation of income or glory and let's just call it glory. So everything good in our life and that is **[Speaks in Sanskrit from 06:23:20 to 06:23:24]**. **[Sings in Sanskrit from 06:23:26 to 06:25:20]** And just feeling the glory and

the removal of everything that has been harming you and the expansion of you as a spirit in your body. The expansion of light and love and joy and happiness. Peace and ease. And beautiful intimate connections with people. And just see all of these blessings showered upon you. Just filling you with joy, with happiness, with so much serenity, and peace. Peace in the body. Stillness, quietness in the mind. Kind of ownership where the spirit really gets to live in the body and fill it out completely.

Beautiful. Beautiful, Elizabeth. "Happy.", John. Vania, Yes. Everyone who is one the call is cleared of aliens. Yup. You're welcome. Welcome, John. It's just perfect timing.

Okay. We're probably at 84 percent clear on the entities.

You're welcome, Nadia. Lania, "I feel much lighter but somehow can't believe all is cleared. Could you help with that please?" You know we're gonna do a guided meditation. I think that's gonna-- I think that that's gonna do it for you where you can accept the shifts. The last month where I got a question here on the last month. It was immediate manifestation of money is literally what is it. It's immediate manifestation of wealth and I called it glory so that there would be like joy. Something like that, so. That's the last one. Okay. And then thank you, Brenda. You're so welcome. You're welcome. So as soon as we get through the entities to zero then we'll go into you guided meditation and I think that that will really be the piece de resistance. Is that how you say it? A little icing on the cake to make everything just so beautiful and deep and profound and really being able to accept that this is really shift that you are now experiencing. We're 98 percent clear on the entities.

And I'll just-- before we go into the guided meditation, I wanna stream through everything we covered 'cause I see a couple of things have snuck in. So we have to take 5 minutes or so clear 10 entities that snuck in or aliens or whatever. I think it'd be better if we just go back and tidy up anything that snuck in. So we end the class with everybody a hundred percent clear. Okay.

That's nice, Fathima. You're welcome, Suzanne. You're welcome, Neida. You're welcome, Fathima. So we'll clear these last few entities and then we'll just stream through again. We had ghosts. Are there any ghost that snuck in? One. One ghost snuck in. So we'll clear that. Any evil spirits? Three evil spirits snuck in. Okay. And then let's see. Demons, two. Trans-mortals. And trans-mortal wormholes, 1. Okay. And then aliens, 6 aliens. Implants, 2. Embedding, 2. Seeds, 1. Mechanisms, 4. Okay. We have a few more minutes of clearing. We'll just get these hang it on our reserve. Stranglers that snuck in or invaded us the first time through. Why don't you all do the doorknob movement so that we can do this real quickly.

Okay the ghost is gone. Evil spirit, gone. We're at demons. Everybody doorknob.

Demon is gone. Okay. We're working on the trans-mortal and wormhole stuff.

Okay that's clear. And then aliens I had seen like 5 or 6. So I get 6 right now. So let's clear those 6 aliens.

Okay. That's clear. Entities? Zero. Alright. Wonderful. So we're gonna move in. I'm just gonna quickly notice-- [Inaudible 06:37:46] Yay. Yay. Thank you, Jane. Okay. Naslene and-- Oh Michelle. I've been-- worry about it. We're just cleaning everybody up, so. I am just committed to everybody and in class [Inaudible 06:38:21]. I hope you're all feeling wonderful, so. Just know that things are getting better. They are getting better, Michelle. And for all of us.

So finding a comfortable seating position with your spine erect and your feet on the floor. We're gonna be going into meditation now. And sending a grounding cord down from the base of the spine to the center of the Earth. Make the grounding cord nice and wide. Set the grounding cord on release and begin to release the excess energy in the body. Breathing in and out. And for male bodies, with a line of energy as wide as your wrist, hallow in the center from the testicles down to the center of the Earth. Set your male body on release and release and aggression, competition, also female control energy if you have a lady in your life, that's sending your control energy you wanna go ahead and let that go now. Females, with a line of energy as wide as your wrist, hallow in the center from each of the ovaries to the perineum down to the center of the Earth. Set the right ovary on release, the left ovary on release, and release the ovaries. Release all of your healing projects. And all the way, so right and left grounded through the perineum down to the center of the Earth. So we're really releasing the female body and the male body coming into alignment. Ladies, we heal from our ovaries so you might have a whole bunch of people in there that you've been working on or helping and I want you to let them all go away now. This is your time to come in to alignment with yourself. And breathing in and out.

And then going up to then going up to the adrenals that sit at the right and left on top of the kidneys. Through the perineum you're gonna ground them to the center of the Earth. You can use the same grounding cord down there if you like to and set the adrenals on release. And release the fight or flight energy or your concern. Just release all the stress. Plugging the nervous system into the adrenals also and let's release the nervous system.

Going up to the center of the head and open up a trap door out the back of the head and maybe use a spiritual fire hose or whatever make sense to you. I like a fire house. I'm a-- I have a lot of fierily. So you wanna just wash it out real quickly but you do whatever you like to do to clean up the center of the head and I just wash it all out the trap door. So any looping thoughts, any fuzzy remnants of the old alien gunk, you know,

memories and all that, you just wanna wash that you. Looping thoughts, worries, and concerns. You should actually have a pretty quiet center of head right now.

You can close the trapdoor and popping out the top of the head. Pulling your aura into 18 inches around your body. You wanna clean any dings, dents, or holes in the aura. So if there's any problems with the aura, you wanna take your spiritual hands and just smooth out the aura or fill it in with some magic auras like bright paint.

And then put a golden vacuum cleaner at the top of your head and one under your feet. Let's just go ahead and vacuum out the aura. The vacuum cleaners are Rhombas, their little automated robot vacuum cleaners and they're gonna spiral up and down and clean up from the feet up and from the head down. And it's just spiraling around your body. Vacuuming out any dust bunnies or fuzz balls left in the aura. Shouldn't be much left after all those clearing but there might be. And when they meet in the middle, you can throw them down the big ground cord, the first grounding cord we set up at the base of the spine.

Opening your feet to Earth energy. Bringing Earth energy up through the feet, ankles, shins, calves, knees, thighs, out the hips and down the grounding cord. And just clearing our your sole understanding which is the bottom of your feet. Your flux ability, your ankles. Ability to take your next steps in your personal life and in your business life. Clearing up the knees, the ability to honor yourself and kneel at the altar of myself. And clearing up the thighs and actually your power centers and also what's behind you. Letting go of what's behind you.

Finding a place in the universe that's in harmony with you. Bring a light of energy from that place into the back of your head one inch above where the spine meets the skull. Bring it down into your neck, and shoulders, arms, elbows, forearms, wrists, through the hands, and out the fingertips. Bringing more of that energy down through your back channels. Now into your pelvis. And then looping up through the pelvic cradle through the front through the belly through the chest through the neck through the head. Fountaining out the head like a beautiful Italian fountain. Bathing and cleansing your aura.

And just let that energy flow. You're connecting with mother Earth and the cosmos. And really becoming more of who you're meant to be. You wanna really get your spirit in your body so we're putting your spirit in a golden sun at the top of your head. And in this golden sun, you sit as a Yogi or a beautiful Yogini. And we're gonna bring this gold which is the energy of god into the body and use it as kind of a waterfall for your body to slip your spirit body, just slip in to your physical body. And so you see that gold filling up the toes and the feet and through the gold is filling through the legs and through the hand, the fingertips, the arms, and filling out the torso, neck and head. And you're

seeing your spirit also sliding right down and then filling up the toes and the feet and the ankles and the shins and calves, knees, and thighs, hips, and belly. Through the body, and the torso, and the rib cage, and the arms, and finger tips, and neck, and head.

And just feeling this beautiful spirit body connection and feeling this beautiful gold energy is like the energy of god blessing the spirit body connection. Feeling very confident being able to own parts of your body that you would never have owned before. Noticing as you can actually pump while your eyes are closed and you're meditation. Just seeing yourself. Filling yourself out 100 percent in all those places where other things occupied you know you are occupying yourself. Your body has been enlightened and wakened. Your spirit being. Your aura has been refreshed. And you're really coming into the fullness of yourself and sitting in the center of the head. In your mind's eye. In that golden temple of silence.

I want you start imagining grace in your life. Ease in your life. Things getting easier. Not so much hardship. Not so much drama. But now, now you're such an incredible grace. Such an incredible ease. Such a joy. A serenity. A happiness of fulfillment of being able to really follow through and do what you need to do in the world. And having tools so when you do meet an obstacle, you're fully supported. You're fully loved. And with this new wisdom. This new love wisdom. That everything is in divine order and you don't have to put up with things. You can actually do something completely different. Much more joyous. Take responsibility for your life. Let go of what harms you and really stepping to a kind of power and joy that we didn't even know were possible.

You can just hold that image of you. Maybe healthier. Wealthier. Maybe in love. Really seeing yourself being able to do what you want to do in the world. Seeing yourself able to in the happiest way with light as your fuel, with love as your fuel. Really accomplish all the great things you set out to accomplish. They are now possible.

Taking some breaths in and out. Breathing in and out. Rubbing your hands together in front of your heart chakra. I'd like you to create some psychic heat. Some energy. Some topus in your hands. In the palms of your hands. And then right hand over the heart chakra, left hand over the right hand in a universal mudra of self love and self affinity. Affirm to yourself. I love myself. I trust myself. I give myself permission to express the uniqueness of me. Knowing what is you and what is not you. Really loving all of you in every way with a new level of trust and discernment. Breathing in and out. Maybe let your hands drop to your lap and we're gonna end with the Tryambakam mantra. We'll end the meditation. **[Sings in Sanskrit from 06:51:15 to 06:52:33]**

I want you to welcome you back into the room. Into your life. Into your body. Free of spiritual parasites and now having all the tools to keep yourself free and clear. Welcome back everyone. We have just a few minutes. If you have any questions, I'd like to give

you a little bit of coaching on what to expect. You've done a big clear out and that is amazing. This is the first time perhaps in lifetimes that you've been this cleared. Now, it's possible that you will experience things coming in and out of your body. Understand that you live in a house and you go out to work and you go to school or church or whatever, and you're gonna have-- whatever it is that you're exposed to-- you're gonna have the ability to clear it out. So you are at zero. You're at-- hopefully bliss at this point. You're probably a little sleepy, I would imagine, but maybe not; maybe feeling energized.

Whatever your experiences. Just make yourself right. If you have a few things come back their like knocking at your door tomorrow and exerting some pain. That is one possible response. Maybe one in 10 will have some of that. So understand that you're in a process now of creating momentum for owning your life for a balanced and for this serenity. And if you've had many lifetime being dominated and occupied by spirit and if part of what you've said about yourself is I have a headache when it's actually not you but a spiritual parasite. I have a pain in my belly, when it's not you, it's a spiritual parasite. Understand that you'll be going through a process of relearning how to speak and also a process of clearing out things as they come in. So nothing is wrong. I clear myself everyday and we got you to zero and that's the promise on this workshop to get you to zero and to give you the tools that you need to keep yourself there for a lifetime if you want to.

So all of you are in different places. There are some of you that are gonna stay very, very clear and I can see that and that's amazing. You know, over 70 percent of you are gonna stay really clear. And some of you have really this has been a big struggle for you. So understand that this is a learning process that you get to take your authority and be powerful beyond measure and all of you now have the tools to keep yourself clear.

I wanna know about your breakthroughs. I wanna know how things are going for you. So please let me know how this was for you and, you know, stay in touch. Julierenee@julierenee.com actually comes directly to me. If you respond to emails, typically they go to my support staff and they'll forward something on if you a personal that you wanna let me know. I'm very proud of you. You've done an amazing job. And just like turning anything else around, it may take a little time to permanently maintain all of the shifts that we've done but you have all the tools now and you've the experience. So I'm very, very excited for you.

Okay and then you might wanna know what your next steps are and I'm gonna go back to the comments in a minute. So for some of you, your next step will be golden age year of miracles and this is 37 hours of regeneration and it's on Friday. We do brain regeneration. So I do see 4 of you. This would be ideal for. It's 170 dollars a month. It's 3 hours a month of regeneration. We do the entire body over the course of a year. So 4

of you, this would be ideal for. Two of you would be ideal if you stepped in to the VIP program which is the one to one mentoring program and the tuition for that 65 hundred. Can be made in payments and we focus on brain regeneration and full self expression. So there are two of you that are gonna be a good step for you.

The diamond online class. 12 of you. And we have 31 people in the class. So Trevor you are probably ready for the online immersion class and that starts next week. Just to let you know that, we teach all of the basic training. All the clearings, the DNA clearings and regeneration of the DNA, growing back broken telomeres, and things. We teach cell regeneration. The karma clearing has a whole day devoted to it. Wealth clearing a whole day. We do a day of spiritual parasite clearing and a day of all the soul contracts, curses, all of the stuff. So you really deeply get a clearing on that too. That's the diamond online immersion class. It's a basic level 25 hundred, with the 500 dollar discount and the 4997 with the 500 so 49 hundred for the full with all the bonuses. So I see 12 of you in that.

So that-- that's-- I think that touches everybody who's in the class. If you have a specific for me and you wanna just ask me which one was I. I'm happy to-- but you probably know intuitively at this point. We're gonna play 2 videos that I have my gal set up. If you wanna stay on. I'd love for you to watch. One of them is about the online class, the diamond immersion class, and the other one is on Golden Age Year of Miracles. They're not long videos so you might wanna stay on to see what those are. And I love you. I'm so proud of you. I'm so happy for you. So let me just take the last couple of minutes to see what comments have come in and then we will complete the class on-- I'm typing hang on one sec. I'm probably gonna go a zero hero. I love that. "Thank you. Wonderful class." Thank you. Thank you. Thank you. Thank you. Yay. Lots of thank yous. "I adore and honor you." Thank you. That's so sweet. "Million thanks. Much love. Love lol. Love." Okay. "VIP next for me. Cheers, Trevor." Perfect, Trevor. And Tifa, "Thank you. Thank you." 3/4 Fantastic class. Great. "Please tell me the training that's good for me.", Eida. For you it's the diamond online immersion. That's what I get when I test.

Okay. Trevor. I'll see you Friday. I'll see all of you Friday. By the way, I will not be teaching the diamond class like-- this is the only one of this kind that I'll teach. It's a 7 day diamond class and in 2016, when we go to the new format, it'll only be 3 days. So if you want the deepest, most comprehensive training, where you're getting certified online, you have to jump into this class 'cause this is the last time. The one and only first and last time, I'm teaching it this way. So jump in if that's what you want. If you wanna certified in a 7 days training, we're gonna do that anymore next year. So make it happen. We've got payment plans so. Okay, you guys. Lots of love everybody. I'm seeing lots of love. You know what, I'll stay on for 15 minutes in the chat box. If you wanna chat with me, I'll respond to you and we'll get the video going and we'll let our producer who's been very patient with us get on with her day too. So she'll put up the 2

videos for us and I'll stay here and chat with you guys. Okay. I love you. Namaste. Take good care of yourself. Get lots of rest. Drink lots of water. Eat well. Get out in nature. Stay balanced. We'll get you all your bonuses and all the stuff coming from this class. The balance, the dynamism, the PowerPoint, and the video, the 7 hours of video, we'll get to you tomorrow. Okay you guys. Love you. Bye bye and I'll stay on the chat box.
