# Human Blueprint Vision

There were 15 alterations to the Divine Human Blueprint in vision

2 were restored in the November 2014 Diamond training

- Removed Vision can't heal
- Removed 4 aspect of blocked inner vision

*'The archons have taken my vision...at times I am filled with thee but often I am BLIND to thy presence when all I see is this world of form'*

*from Gnostic prayer of surrender*

*(Archons are a reptilian race of aliens)*

Today we will do 2 more restorations in the Blueprint

- Eyes ~ vision and the susceptibility to disease
- Lenses can remain soft

*Think about how the original blueprint was created for a human life of 700 plus years, the eyes were an incredibly regenerative and healthy high functioning feature. Now a days we are told by doctor's poor eye site is the norm and it is unusual not to need glasses after age 40 ...this is actually a group mind virus or miasm that influences eye health across nations*
