\* WISE ELDER  
LOVE WISDOM

## **Wise elder love wisdom**

### **Permission and rite**

Many issues of self loving and allowing love in come from core programs anchored in the body sending out the signal, that you do not have permission or the rite to experience love.

Here are the top 5 in my book clearing each of these will create a free space from which to love and be loved in expanse!

## **The rite and permission:**

To be cherished respected honored and protected.  
This also means your lover has your back you  
can count on them to stand for you. Pump 60 hours

To be loved as you are, imperfect and wonderful. To be loved and accepted, at your  
worst and your best just because you are you. (you are only the best version of yourself  
a small percentage of the time) but you have permission and the rite to be loved as you  
are in the here and now. pump 40 hours

The rite to have unconditional love, free from domination suppression control and other  
limiting programs preventing full self-expression and joy. Pump 130 hours

Permission and the right to belong. To have a beloved partner and family if you choose.  
To be part of something wonderful, and the rite to be cherished for who you are in the  
belonging (free from isolation and aloneness) pump 113 hours

Freedom to enjoy a grace filled fun enjoyable relationship. The rite to be in a good,  
solid, great relationship (free from struggle and endless hard work) pump 40 hours
