## ▶ **RESPIRATION & BLADDER**

- ▶ Lungs, Bladder, Kidney, tune up ~ regeneration. Both of these areas are highly influenced by emotion – Lungs (having the right to exist) and Bladder (the reflection of ease or anger, i.e. pissed off). We clear these important areas of all degrading programs and then regenerate the entire respiratory system and bladder and kidneys in a day of growing healthier and improving body function with some very key players in your human system.
