*I am free to live a life of spiritual freedom and full self expression liberated in love, gratitude and mastery in this body here and now.*

*My spirit is limitless.*

*I am responsible for any limits I experience in this body and have complete access to the divine through prayer and contemplation to release myself from any human bonds I have worn as spiritual clothing that no longer resonate with my essence.*

## ▶ **RESPIRATION & BLADDER**

- ▶ Lungs, Bladder, Kidney, tune up ~ regeneration. Both of these areas are highly influenced by emotion – Lungs (having the right to exist) and Bladder (the reflection of ease or anger, i.e. pissed off). We clear these important areas of all degrading programs and then regenerate the entire respiratory system and bladder and kidneys in a day of growing healthier and improving body function with some very key players in your human system.
