PRAYER

*I am free to live a life of spiritual freedom
and full self expression*

*liberated in love, gratitude and mastery in
this body here and now.*

My spirit is limitless.

*I am responsible for any limits I experience
in this body*

*and have complete access to the divine
through prayer and contemplation*

to release myself

*from any human bonds I have worn as
spiritual clothing*

that no longer resonate with my essence.

CELL REGENERATION

Cellular Neo Genesis

Revitalization of existing stem cells and the genesis of new stem cells. This technique uses the master cell, the original stem cell for the area being regenerated. This cell holds a great deal of information about how to grow new cells. Using the quantum field and a hand movement called the 'quantum pump' the stem cell is brought to 100%. Cell regeneration is brought about by activating the perfected master cell in the human blueprint: then moving this cell into physical reality. For example one might imagine it as the perfected cell is replacing the old unhealthy cell or the master cell from the blueprint is taking form where no cell currently exists. Medically document regrowth of a failed adrenal and new growth of a surgically removed colon.
