Prayer

*I am free to live a life of spiritual freedom and
full self expression
liberated in love, gratitude and mastery
in this body here and now.
My spirit is limitless.
I am responsible for any limits
I experience in this body and
have complete access to the divine
through prayer and contemplation
to release myself from any human bonds
I have worn as spiritual clothing
that no longer resonate with my essence.*

Opening Blessing A Call to Lighten

Soft the night and sweet the spirit,
Gentle voices call our song,
We are magic we are wonder
When we live beyond the veil.

Human kind please raise your thoughts
Bring a plane of peace and love
We the guardians of the pilgrims
We the authors of the play.

September Activation

Vision and Taste

inner and outer vision regeneration is about being able to see well, reverse the process of needing corrective lenses, and healing the eyes of anomalies and illness. While we are in the region working the eyeballs, lenses, optic nerve, and visual cortex we also work to open inner vision from the center of the head and an ability to see in the mind's eye as well as with the physical eyes. Many miracles and vision improvements come from this training. We will also work to regenerate the sinuses. When you have good vision and eye health this strengthens the entire system.
