

All right, we're going to say a prayer. Okay.

Father, Son, and Holy Spirit, we call upon your glorious, miraculous name, and we ask for your presence in this session. We ask for a profound healing on our organs, on the, let's see, the kidneys, the spleen, the gallbladder, the appendix, the bladder.

We ask for powerful regeneration in each area, removal of scar tissue, just a full refresh to get us to 100% functioning organs for an adult that is beautifully 100% perfect.

And I was in awe of the perfection of God today, and I'm just aware of how different your reality, God, is than ours, and how perfect and beautiful and in place everything always is with you.

And we ask again for all of the corruption and the evil to be removed from our bodies, from our energetic self, from our minds and our hearts.

We ask to draw closer to you, Holy Spirit, Father, and Lord Jesus Christ. And thank you. Thank you for Jesus, for being here with us, for helping us to understand ourselves, to have a friend, a companion, a comforter, a beloved, a savior, uh, right with us.

Thank you, Jesus. Thank you, thank you, Holy Spirit, for, uh, giving us incredible wisdom and knowledge and, uh, being the voice of God in our heart.

Um, we ask for a special blessing for Maria Laura's confirmation sponsor, Maria Christina, um, that she make a passage to heaven, that you receive her, open your heavenly gates for her.

And that again, God, that you help us to understand the mansions of heaven, the gateways of heaven, where most humans are. We seek to understand and be in the glory and the wonder and the awe of all that you've provided and brought forth for us.

We glorify and praise your holy name. We ask for a special and complete blessing for each participant in our community in this class.

God, we are asking that you bless Andrea, Anita, Anneli, Ann-Mari, Carol, and Carrie, Cindy, Connie, and Karina, Eileen, Emona, and Eva, Karen, Ilme, Jenna, Karen, Karen, Katherine, Kelly, Laurel, Lauri, Laurie, Lisa, Margit, Maria Laura, Mona Lisa, and Nancy, Nancy, Ova, Pam, Sally, Sherri, Sue, Sue Ann, Vanya, Vicki, and Zuzana.

God, these are the most beautiful, precious of your beings, of your creation, and they seek to have bodies that support and serve them, and they are asking, and I am asking, for your help.

That if you find it an offense that there is corruption in our bodies, that it offends you because it prevents us from doing all that needs to be done with the vitality and strength that we need.

We ask, God, that, you are healer. You are corrector. You are transformer. You are the way maker, miracle worker, promise keeper, light in the darkness and light in our bodies.

And so, God, as we seek using both the quantum field and prayer to transform, we ask that you fuel our efforts and that are the transformations that we seek that will be most effective and most propitious for us in this moment, that we are able to experience those transformations.

And God, if there is a word against us, if there is a lie, if there is evil against us, if there is something that causes a malfunction of the things we're working on, the kidneys, spleen, gallbladder, appendix, and bladder,

if the words against us, if the actions against us, if the things that have been said against us, if there is energy against us, and although we might not see it in a physical realm, if it's reducing the function of our body, and especially of these five organs, God, we ask that you remove that, that the word against us is incinerated, that it cannot exist, that it is untrue, and it cannot exist.

It does not exist. It does not make sense in our realm to have words against us.

And if there is evil against us, and we praise you, God, for evil against us, because it means that we are the light in the darkness with you, and we are standing with you, but we also ask, God, that that evil against us be incinerated, be removed, have a final end, that there be such a terror on evil's part that it never returns or knows that it will be incinerated if it does return.

We ask also, God, for a future clearing.

And although, of course, we expect things to continue to have toxic exposure and aging and decay, we are asking that that, if possible, God, and I know that you had said in Genesis that we were to live 120 years, but then let that be. Let's live with 100% functioning organs till 123, and if it be your will and if it be your command, let us live longer.

If we can make a big difference and help humanity and help the angels and help your creation, God, then let us live longer and longer and longer.

But at least that 120 years that you gave us, let us live with 100% functioning body, 120 years.

Let the evil that is on the planet, let the harm from the radiation, the harm from the chemtrails, the harm from the cleaning products and the pharmaceuticals, from the poisons in the air, the aerosols, from the poisons in the water, from the poisons in the food, even the plastics wrapped around the food, from the poisons of the microwaves, from the poisons from light, we're asking, God, that those cannot affect us.

And I know that's an impossible ask, but if it be your will that we stay in vibrant, youthful bodies that are able to continue to be a light in the darkness, are able to continue to forge forward in our spiritual warfare, we seek, we seek your grace, we seek your goodness, we seek your perfection.

Again, if it be an offense to you that we are being taken down, that our bodies are being corrupted against our will, and if that's an offense to you, God, because you seek to have us fully functioning to do your work, then help us, God.

Help us to realize that intention. Help us to experience a permanent transformative change, shift, transformation, protective transformation in our body, where prophylactically we are constantly renewing and regenerating as you had intended.

And these harms, this way that we are being beaten down by the things that are created in our atmosphere, in our living spaces, God, that that no longer affect us, and that we can be the excellent proponents and torch carriers to transformation.

God, there is an evil that is existing on the planet. An evil judge has made a decision to continue the huge vaccination schedule for infants and children, and in California, when we left, it was 176 vaccinations by the time they were 16.

And I have seen on my court documents that you can lose custody of your children if you don't get the vaccinations. And now there's a judge that has gone against the wishes of the president and of RFK and the recommendations put forth, where those changes and executive orders were made, who is saying, no, we're reinstating all the vaccines.

And so for that evil, evil judge, we ask that he be taken out of contention, that his judgment is overturned, that there is ample proof that vaccines, vaccinations are, and do prevent, do cause rather serious mental harm, physical harm to children, are causing autism and ADHD rates to skyrocket.

We ask, God, we are seeking, we are asking that that be put to an end.

And so for this evil judge, let's see if I can find it so I can read his name, God, but you know who I'm speaking of.

That this evil judge, and his name is Brian Edward Murphy.

Brian Edward Murphy, who when you look in his eyes, he is soulless. He has no soul. God, we ask that you take him out of play, that he is not allowed to do his evil workings.

And we pray for him. We pray that he wake up, and that he apologize, and that he never, ever issues another order like this.

But it does appear that he has sold his soul to evil, and we would like him to no longer be in a position of judgment.

And God, we are asking as well for the judicial and legal systems and the CPS, child protection services, all the different names that they have, we're asking that there be either a huge upgrade or a huge taking out of evil, upgrade to good people with honest and good intentions, including the judges, including the lawyers, including the investigators and the caseworkers and all of the different workers that are involved in these organizations.

Thank you, God, for hearing our prayer.

And we look forward to and anticipate a time when we can join the angels in heaven, singing, "Holy, holy, holy, Lord God most high, heaven and earth are full of thy glory, hosanna in the highest."

And we praise you, we laud and adore you, we worship and celebrate your holiness.

And thank you for the great light and the great joy and the great miracles and transformations that you provide for us.

Alleluia, alleluia, alleluia, and amen.
